#### **Political Science Primis:**

**Primis Political Science** Theodore M. Vestal,1997 **Combining Political History and Political Science** Carlos Domper Lasús, Giorgia Priorelli, 2022-10-28 This book shows how a multidisciplinary approach combining conceptual and methodological tools from political history and political science can help to develop a deeper understanding of contemporary political phenomena including democracy populism war and forced migrations among others Throughout the eleven chapters the volume brings together senior academics and early career scholars to explore this innovative approach through a broad range of case studies which are not specific to any particular nation but are characteristic of contemporaneity worldwide Both the international character and the interdisciplinary appeal of this book are reinforced by the fact that the editors and contributors come from different countries and diverse academic traditions. This book is aimed at scholars researchers and postgraduate students interested in interdisciplinary approaches and working on politics and global phenomena in the twentieth and twenty first centuries The Humanities and Public Administration Edoardo Ongaro, Giovanni Orsina, Lorenzo Castellani, 2025-03-12 This perceptive book is a much needed exploration of the contribution of the humanities to the study of public administration public governance public management and public policy Expert authors advocate for reintegrating the humanities into this field highlighting the ways in which the social sciences and humanities complement each other in global governmental processes The Rotarian ,1995-05 Established in 1911 The Rotarian is the official magazine of Rotary International and is circulated worldwide Each issue contains feature articles columns and departments about or of interest to Rotarians Seventeen Nobel Prize winners and 19 Pulitzer Prize winners from Mahatma Ghandi to Kurt Vonnegut Jr have written for the magazine Citizens and Politics James H. Kuklinski, 2001-06-11 This volume brings together some of the research on citizen decision making The Johns Hopkins University Studies in Historical and Political Science ,1892 The Application of Political Science Methods in Europe Luca Verzichelli, Claudius Wagemann, 2025-09-01 This book attempts to provide the first comprehensive description of the complexity and comparative homogeneity of political science methods in Europe today It deals with the present and future of political science methods in Europe in order to explore a multifaceted dilemma concerning not only the prospects for the profession but also political scientists ability to do their part in empowering supranational integration and democracy Thus the book offers a broad analytical reflection on the changing ways that political scientists use methods and methodological tools in their daily work It examines the evolution of processes regarding the standardization and dissemination of a reliable methodological inventory and invites readers to foster a methodological pluralism and improve the quality of methods available to the community of political science scholars In order to do so it analyzes the development of European Political Science since the turn of the 21st century from the particular angle of the sensibility for questions of methods In a nutshell the common denominator of all chapters is the evolution of the toolkit available to political scientists since they show that the methodological sensibility and

specific methodological instruments have since spread across countries disciplines and generations of scholars The History of Italian Marxism Paolo Favilli, 2016-08-15 In The History of Italian Marxism Paolo Favilli offers an articulated analysis of the different levels at which Marx s ideas and Marxism as a doctrinal system were received in Italy from the time of the First International up till the eve of the First World War Rejecting any linear understanding of the relation between Marx s texts and the assumption of Marxism as the ideology of the burgeoning workers movement Favilli explores the growth of different forms of Marxist culture through the period of the Paris Commune the late nineteenth century debate on revisionism and the rise of revolutionary syndicalism Asking in each case whether Marxism meant a science an ideology a way of doing politics a utopia a myth or a religion Favilli goes on to assess which of these Marxisms died with and which have survived the crisis at the end of the twentieth century With a new preface to the English edition First published in Italian as Storia del marxismo italiano dalle origini alla grande guerra FrancoAngeli s r l Milan 1996 The Impact of Print-On-Demand on Academic Books Suzanne Wilson-Higgins, 2017-11-21 The convergence of online book selling digital printing digital document workflow management and the computerization of small parcel logistics created a unique opportunity to create a viable commercial model for printing and supplying books on demand This innovation was swiftly embraced by the academic publishing community heralding the rescue of the languishing academic monograph The possibilities captured the imagination of creative academic and niche publishers enabling custom publishing student editions of monographs self compiled wiki books and even the establishment of new university presses and open access publishers The Impact of Print on Demand on Academic Books takes an in depth look at this phenomenon by looking back on two decades of innovation reviewing the present state of academic publishing with respect to works being printed on demand and compiling the current forecasts and speculation about the future of academic and niche publishing given the impact of print on demand Presents knowledge on the print on demand industry and chronicles developments and their impact on publishing Provides a useful guide for practitioners and students of publishing and is ideal for academic publishing historians and business academics interested in innovation and digital developments Includes an international perspective with information from Europe North America Australia and Singapore China Chronicles business case studies collected from interviews with key individuals from companies who have shaped or are shaping the academic POD landscape Cognitive Neuroscience, Emotion, and Leadership\*, Geographers T. W. Freeman, 2016-01-28 An annual collection of studies of individuals who have made major contributions to the development of geography and geographical thought Subjects are drawn from all periods and from all parts of the world and include famous names as well as those less well known explorers independent thinkers and scholars Each paper describes the geographer's education life and work and discusses their influence and spread of academic ideas Each study includes a select bibliography and brief chronology The work includes a general index and a cumulative index of geographers listed in volumes published to date Computerworld, 1991-07-01 For more than 40

years Computerworld has been the leading source of technology news and information for IT influencers worldwide Computerworld's award winning Web site Computerworld com twice monthly publication focused conference series and custom research form the hub of the world's largest global IT media network Politics and the Life Sciences, 1993 The Political Economy of Local Regulation Alberto Asquer, Franco Becchis, Daniele Russolillo, 2016-10-26 This book offers theoretical and methodological guidelines for researching the complex regulation of local infrastructure utilities and public services in the context of rapid urbanisation technological change and climate change It examines the interactions between regulators public officers infrastructure and utilities firms public service providers citizens and civil society organisations It contains contributions from academics and practitioners from various disciplinary perspectives and from many regions of the world illustrated with case studies from several sectors including water natural gas and electricity distribution local public transport district heating urban waste and environmental services **Oil Wealth and the Poverty of Politics** Miriam R. Lowi, 2009-11-12 This book explains why Algeria s post colonial domestic political economy unravelled and how the regime eventually managed to regain power and hegemony Johns Hopkins University Studies in Historical and Political Law and Politics Mauro Zamboni, 2007-10-25 Politics and the political discourse occupy a central position **Science** .1892 in the modern legal theoretical discussion The goal of this book is to reconstruct and to classify according to ideal typical models the different positions taken by the major contemporary legal theories as to whether and how law relates to politics In particular attention is focused on Kelsen Hart Finnis Critical Legal Studies Law and Economics and legal realisms Though reaching different conclusions these major legal theories have some common points of departure as to the law and politics issue law and politics tend to keep the features of being two different phenomena as well as of presenting regions of interaction although with differences as to extent and intensity Finally a possible explanation is presented as to why such different legal theories though often reaching diametric results somehow must still begin from these common basic points The explanation for this is found in the specific character of law in the modern state and the welfare state in particular
