Political Conflict Political Development And Public Policy:

Political Conflict, Political Development, and Public Policy Eduard A. Ziegenhagen, 1994 The transformation of political systems is explored in this edited collection by assessing the relationships among political conflict political development and public policy The continuous collapse and regeneration of political systems accompanied by violence and destruction are experiences shared by a majority of the world's population Most often this larger phenomenon is conceived of in terms of political conflict repression and political development This volume is devoted to exploration of this behavior as a means of understanding system transformation Handbook on Policy, Process and Governing H.K. Colebatch, 2018-12-28 This Handbook covers the accounts by practitioners and observers of the ways in which policy is formed around problems how these problems are recognized and understood and how diverse participants come to be involved in addressing them H K Colebatch and Robert Hoppe draw together a range of original contributions from experts in the field to illuminate the ways in which policies are formed and how they shape the process of governing Encyclopedia of Policy Studies, Second Edition, Stuart Nagel, 2020-08-18 This entirely updated and enlarged Second Edition of a landmark reference text continues to provide comprehensive coverage of every important aspect of policy studies discussing concepts methods utilization formation and implementation both internationally and across each level of government *Federalism and the Making of America* David Brian Robertson, 2013-03 Though Americans rarely appreciate it federalism has profoundly shaped their nation's past present and future Federalism the division of government authority between the national government and the states affects the prosperity security and daily life of every American In this nuanced and comprehensive overview David Brian Robertson shows that past choices shape present circumstances and that a deep understanding of American government public policy political processes and society requires an understanding of the key steps in federalism's evolution in American history The most spectacular political conflicts in American history have been fought on the battlefield of federalism including states rights to leave the union government power to regulate business and responses to the problems of race poverty pollution abortion and gay rights Federalism helped fragment American politics encourage innovation foster the American market economy and place hurdles in the way of efforts to mitigate the consequences of economic change Federalism helped construct the path of American political development Federalism and the Making of America is a sorely needed text that treats the politics of federalism systematically and accessibly making it indispensable to all students and scholars of American politics Chosen as one of Choice's Outstanding Academic Titles for 2012 **University of Michigan Official Publication**, 1967 **Scarcity, Choice and Public Policy in Middle Africa** Donald Rothchild, Robert L. Curry Jr., 2023-11-15 New challenges and opportunities have come to the fore as the middle African States have consolidated their independence In grappling with economic scarcity and restricted choice decision makers must transform domestic institutions and practices and reformulate their relationship to the global economy The authors of this book believe that their

efforts can be advanced by resorting to a problem solving focus Such an approach will in their opinion allow social scientists to remain true to their professional disciplines while permitting them to embrace African designated objectives By inquiring into decision processes and results policy analysis seeks to identify optimal courses of action in the context of prevailing societal demands and constraints In general African decision makers have adopted three choice strategies with an eye to reducing scarcity and expanding alternatives accommodation reorganization and transformation When these choice strategies are related to system goals striking variations in preferences and priorities emerge the most significant of which concern decision on mobilizing and distributing resources and achieving freedom from external control In various trade off situations involving negotiations by producer cartels bargaining between multinational companies and African host countries and external economic assistance diverse policy patters among the groups in relating to the benefits and costs of particular lines of action appear Each choice strategy has its own benefit cost combination Since no approach may be equally valid cross nationally the decision elites of each country are left with the responsibility for determining their own goals and priorities New challenges and opportunities have come to the fore as the middle African States have consolidated their independence In grappling with economic scarcity and restricted choice decision makers must transform domestic institutions and practices and ref

Undergraduate Catalog University of Michigan--Dearborn,2006 The Politics and Governance of Blame Matthew Flinders,Gergana Dimova,Markus Hinterleitner,R. A. W. Rhodes,R. Kent Weaver,2024-06-24 From coping with Covid 19 through to manging climate change from Brexit through to the barricading of Congress from democratic disaffection to populist pressures from historical injustices to contemporary social inequalities and from scapegoating through to sacrificial lambs the common thread linking each of these themes and many more is an emphasis on blame But how do we know who or what is to blame How do politicians engage in blame avoidance strategies How can blaming backfire or boomerang Are there situations in which politicians might want to be blamed What is the relationship between avoiding blame and claiming credit How do developments in relation to machine learning and algorithmic governance affect blame based assumptions By focusing on the politics and governance of blame from a range of disciplines perspectives and standpoints this volume engages with all these questions and many more Distinctive contributions include an emphasis on peacekeeping and public diplomacy on source credibility and anthropological explanations on cultural bias and on expert opinions on polarisation and de politicisation and on trust and post truth politics With contributions from the world s leading scholars and emerging research leaders this volume not only develops the theoretical disciplinary empirical and normative boundaries of blame based analyses but it also identifies new research agendas and asks distinctive and original questions about the politics and governance of blame

Politics of Democratic Breakdown Gangsheng Bao, 2022-05-30 Democratic breakdown as a political and historic event can impact the fate of millions if not hundreds of millions of people by changing the political complexion of a country This book attempts to systematically explain why democracies collapse The author s main theoretical argument is based on the examination of two factors One is political cleavages among voters These can cause serious political conflicts and may lead to fierce political confrontation and major upheaval at the society level The other revolves around the types of political and institutional arrangements under democratic regimes Centrifugal democratic regimes are likely to weaken government capacity or state capacity rendering governments incapable of effectively resolving political conflicts and when these two factors come together political conflicts are less likely to be controlled effectively These situations can evolve into serious political crises and eventually lead to the collapse of democratic regimes The empirical research of this book is based on a comparative

historical analysis of Germany Nigeria Chile and India Examining democratic collapses from both theoretical and empirical perspectives this book will be of interest to those engaged in the study of democracy Political Science Comparative Politics and Political Theory *1968 Annual Supplement* John B. Managing Mixed Economies Francis G. Castles, Franz Lehner, Manfred G. Schmidt, 2019-05-01 To celebrate the 270th anniversary of the De Gruyter publishing house the company is providing permanent open access to 270 selected treasures from the De Gruyter Book Archive Titles will be made available to anyone anywhere at any time that might be interested The DGBA project seeks to digitize the entire backlist of titles published since 1749 to ensure that future generations have digital access to the high quality primary sources that De Gruyter has published over the centuries *Encyclopedia of Tourism* Jafar Jafari, 2002-09-11 In fewer than three hundred years tourism has become a global service industry of great economic cultural and political importance Published to critical acclaim the Encyclopedia of Tourism now available as a Routledge World Reference title is the definitive one volume reference source to this challenging multisectoral industry and multi disciplinary field of study Comprising over one thousand entries this volume has been written by an international team of contributors to provide a comprehensive guide to both the manifest and hidden dimensions of tourism It explores the wide range of definitions concepts perspectives and institutions and includes comprehensive coverage of key issues and concepts definitions of all terms and acronyms entries on the significant institutions associations and journals in the field country specific tourism profiles from Greece to Japan and Kenya to Peru thorough analysis of the trends and patterns of tourism development and growth The extensive cross referencing and comprehensive index will assist the reader in making links between the diverse aspects of tourism studies and the suggestions for further reading are invaluable *Health Insurance Reforms in Asia* Sabrina Ching Yuen Luk, 2014-03-26 This book empirically examines health care financing reforms and popular responses in three major cities in East Asia Shanghai Singapore and Hong Kong It adopts a new revised version of the theory of historical institutionalism to compare and explain the divergent reform paths in these three places over the past three decades It also examines forces that propel institutional change The book provides three detailed case studies on the development of health care financing reforms and the politics of implementing them It shows that health care systems in Shanghai Singapore and Hong Kong were the products of Western presence in the nineteenth century It illustrates how greater attention is paid to the roles played by ideas actors and environmental triggers without abandoning the core assumptions that political institutions and policy feedback remain central to impact health care financing reforms It shows that health care financing reform is shaped by a complex interplay of forces over time It also provides the most updated material about health care financing reforms in Shanghai Singapore and Hong Kong The central argument of this book is that health care financing reform is both an evolving process responding to changing circumstances and a political process revealing an intricate interplay of power relationships and diverse interests It shows that institutional changes in health care

financing system can be incremental but transformative in nature It argues that social policies will continue to develop and welfare states will continue to adapt and evolve in order to cope with new risks and needs This book sheds new lights on understanding the politics of health care financing reform and sources and modes of institutional change **Rethinking the Green State** Karin Bäckstrand, Annica Kronsell, 2015-06-12 This innovative book is one of the first to conduct a systematic comprehensive analysis of the ideals and practices of the evolving green state It draws on elements of political theory feminist theory post structuralism governance and institutional theory to conceptualise the green state and advances thinking on how to understand its emergence in the context of climate and sustainability transitions Focusing on the state as an actor in environmental climate and sustainability politics the book explores different principles guiding the emergence of the green state and examines the performance of states and institutional responses to the sustainable and climate transitions in the European and Nordic context in particular The book's unique focus on the Nordic countries underlines the important to learn from Nordics which are perceived to be in the forefront of climate and sustainability governance as well as historically strong welfare states With chapter contributions from leading international scholars in political science sociology economics energy and environmental systems and climate policy studies this book will be of great value to postgraduate students and researchers working on sustainability transitions environmental politics and governance and those with an area studies focus on the Nordic countries **The Fifth Freedom** Anthony S. Chen, 2009-06-15 Broadly interdisciplinary The Fifth Freedom sheds new light on the role of parties elites and institutions in the policymaking process the impact of racial politics on electoral realignment the history of civil rights the decline of New Deal liberalism and the rise of the New Right

European Politics Klaus H Goetz, Peter Mair, Gordon Smith, 2013-09-13 This book arises out of a specially commissioned issue of West European Politics marking the journal's 30th anniversary It examines the profound changes in the European political landscape over the last three decades including the fall of Communism progressive European integration territorial restructuring public sector reforms at European national regional and local levels changes in democratic participation protest elections political communication political parties and party competition and challenges to the welfare state The book also discusses how political science has responded to these changes in terms of its substantive focus concepts methods and theories Many of the 17 contributions included identify important challenges for the future including those stemming from EU integration the reduced electoral accountability of politicians the problematic legitimization of party government and the sharpening of the edges of the state Contributors include K A Anderson F C Castles C Crouch M Egeberg M Ferrera H Goetz L Hooghe E M Immergut R F Inglehart M Keating H D Klingemann H Kriesi M Lodge J Lovenduski P Mair G Marks Y M ny L Morlino H Obinger V A Schmidt P C Schmitter and G Smith This book was published as a special issue of West European Politics **Climate Agendas and Instability** Frank Wendler, 2024-10-25 This book examines the expansion of climate governance frameworks in the EU and US and their re framing as part of green industrial programs Addressing research on

how vectors of stability and punctuation interact to advance or block policy progress the book breaks new ground by presenting a theoretical framework suitable to integrate insights of comparative research and sui generis accounts of climate policy as a variable and multi dimensional issue In its empirical part it compares two contrasting trajectories of climate policy making namely the adaptation of the European Green Deal agenda to the exogenous shocks of the Covid pandemic and war in Ukraine through its NextGen and REPowerEU programs and the launch of green industrial policies targeting infrastructure Bipartisan Infrastructure Law and inflation reduction Inflation Reduction Act in the US Finally discussing to what degree the EU and US show signs of convergence towards a new type of climate policy from opposed starting points the book identifies future research agendas around the topics of climate policy integration and politicization This book will be of key interest to scholars students and practitioners of climate change governance EU and US politics environmental politics and comparative politics

Territories of Inequality Olivier Jacques, Alain Noël, 2025-08-15 The rise of income and wealth inequality and the possibilities of redistribution animate contemporary social and political debates but much of the scholarship on the issue is limited to the individual level There is a spatial dimension to the redistribution of income however and in federations this is especially important In Territories of Inequality leading political scientists propose a territorial approach to inequality and redistribution informed by political economy political geography and a comparative analysis of federalism and multilevel governance Chapters explore the relationship between interpersonal and interregional redistribution the role of progressive or regressive governing coalitions and the foundations of individual preferences for or aversions to interregional redistribution They consider different federations and quasi federations and emphasize the unique situation of Indigenous Peoples who navigate a complex relationship with institutions shaped by colonialism Examining how decentralization and federalism influence policy outcomes and public preferences Territories of Inequality provides new ways to approach the question of redistribution
