**Maurice Wright**

## **Political Dynamics In Contemporary Japan:**

Political Dynamics in Contemporary Japan Gary D. Allinson, Yasunori Sone, 1993      **Social Science Centered Studies on Modern Japan** Arne Holzhausen, Benjamin Lunau, 2002      Dictionary of the Modern Politics of Japan Prof J A A Stockwin, J. A. A. Stockwin, 2003-08-27 The politics of Japan are less widely reported than its economics Most people are aware of the economic miracle following the Second World War whereby Japan became the second largest economy in the world after the United States and the economic stagnation of the early 1990s is also well known But it is difficult to make sense of these phenomena without a knowledge of the political system and the ways in which it works in practice Containing an introductory essay an essay on theories of Japanese politics and over 250 A Z entries the Dictionary of the Modern Politics of Japan remedies this imbalance and answers the need for an accessible work of reference bringing together information and authoritative analysis on all aspects of the politics of Japan and the Japanese political system Including a fully annotated bibliography to guide the user to further reading the entries are thoroughly cross referenced and indexed and are supplemented with maps and tables to ensure that the Dictionary of the Modern Politics of Japan is essential reading for all scholars and students of the politics and international relations of Japan      Cultural and Social Division in Contemporary Japan Yoshikazu Shiobara, Kohei Kawabata, Joel Matthews, 2019-07-30 The recent manifestation of exclusionism in Japan has emerged at a time of intensified neoliberal economic policies increased cross border migration brought on by globalization the elevated threat of global terrorism heightened tensions between East Asian states over historical and territorial conflicts and a backlash by Japanese conservatives over perceived historical apologism The social and political environment for minorities in Japan has shifted drastically since the 1990s yet many studies of Japan still tend to view Japan through the dominant discourses of ethnic homogeneity tanitsu minzoku shakai and middle class society so churyu shakai which positions the exclusion of minorities as an exceptional phenomenon While exclusionism has been recognized as a serious threat to minority groups it has not often been considered a representative issue for the whole of Japanese society This tendency will persist until the discourses of tanitsu minzoku shakai and so churyu shakai are systematically debunked and Japan is widely recognized as both multiethnic and socio economically stratified Today as with most advanced capitalist countries serious social divides occasioned by the impacts of globalization and neoliberalism have destabilized Japanese society This book explores not only how Japanese society is diversified and unequal but also how diversity and inequality have caused people to divide into separate realities from which conflict and violence have emerged It empirically examines the current situation while considering the historical development of exclusionism from the interdisciplinary viewpoints of history policy studies cultural studies sociology and cultural anthropology In addition to analyzing the realities of division and exclusionism the authors propose theoretical alternatives to overcome such cultural and social divides      **Political Conflict and Development in East Asia and Latin America** Richard Boyd, Galjart Benno, Tak-Wing Ngo, 2007-01-24 Long run processes

of socio economic change generate prodigious problems of social conflict and social control and governments responsible for these processes must therefore manage the resultant conflict Consequently the success or failure of a government's management of such conflicts is a crucial factor in development outcomes This volume investigates the political struggle for development specifically in two vital regions East Asia and Latin America This analysis calls into question the dominant emphasis on institutional and cultural bases for stable growth A careful historical account of the two regions is presented which permits the rigorous testing of conventional wisdoms regarding development Of importance to a broad range of academics in the spheres of development studies politics political economy and sociology this book will also make an interesting read for those with a general interest in these areas

**Modern Japanese society / edited by Josef Kreiner,**

**Ulrich Hohwald and Hans Dieter Olschleger.** Josef Kreiner,Ulrich Mèohwald,Hans Dieter Ölschleger,2004 Is Japanese society essentially different from other modern industrialized societies or not This survey work with contributions from the leading scholars in this complicated field presents a full overview of the most important aspects of Japanese society which may lead the reader to find an answer to these two often asked questions Japanese society defined as those institutions shaping the life of individuals and groups as well as being responsible for the dynamics of social development is shown to be as modern as any other industrialized society definitely distinct though are the ways in which institutions are defined and organised as a result of different social and historical roots of the process of modernization

*Media and Politics in Japan*

Susan Pharr,Ellis S. Krauss,1996-03-01 Japan is one of the most media saturated societies in the world The circulations of its big five national newspapers dwarf those of any major American newspaper Its public service broadcasting agency NHK is second only to the BBC in size And it has a full range of commercial television stations high brow and low brow magazines and a large anti mainstream media and mini media Japanese elites rate the mass media as the most influential group in Japanese society But what role do they play in political life Whose interests do the media serve Are the media mainly servants of the state or are they watchdogs on behalf of the public And what effects do the media have on the political beliefs and behavior of ordinary Japanese people These questions are the focus of this collection of essays by leading political scientists sociologists social psychologists and journalists Japan's unique kisha press club system its powerful media business organizations the uses of the media by Japan's wily bureaucrats and the role of the media in everything from political scandals to shaping public opinion are among the many subjects of this insightful and provocative book

*The Evolution of*

*Japan's Party System* Leonard James Schoppa,2011-01-01 The Evolution of Japan's Party System analyses the transition by examining both party politics and public policy This volume discusses how older parties such as the LDP and the Japan Socialist Party failed to adapt to the new policy environment of the 1990s

Japan's Dysfunctional Democracy: The Liberal Democratic Party and Structural Corruption Roger W. Bowen,2016-09-16 This is a short readable and incisive study of the

corrosive effects of corruption in one of the world's major liberal democracies It explores the disconnect between democratic

rule and undemocratic practices in Japan since the Second World War with special attention to the corrupt practices of various prime ministers and the resulting sense of political cynicism and powerlessness among the general public *Living Cities in Japan* André Sorensen, Carolin Funck, 2007 Over the last fifteen years local citizens movements have spread rapidly throughout Japan This volume examines the growth and nature of civil society participation in local urban and environmental governance

**The Social Construction of Democracy** George Reid Andrews, Herrick Chapman, 1997-05 The recent revival of democracy across much of the globe and the fragility of many of the new regimes have inspired renewed interest in the origins of dictatorship and democracy in modern times This book assembles renowned specialists on Eastern and Western Europe the U S Latin America and Japan to explore why democracies have succeeded and why they have failed over the past 100 years

**The Columbia Guide to Modern Japanese History** Gary D. Allinson, 1999 The first all inclusive single volume guide to the history of modern Japan conveniently divided into easy to use sections that provide a narrative topical compendium resource guide and selected documents

**Comparative Politics** Jeffrey Kopstein, Mark Lichbach, 2005-09-05 Now in a completely updated second edition this textbook has become a favorite for the introductory undergraduate course in comparative politics It features ten theoretically and historically grounded country studies that show how the three major concepts of comparative analysis interests identities and institutions shape the politics of nations Throughout the presentation countries appear in the context of a changing global order that creates challenges to each country s path of development These challenges frequently alter domestic interests and identities and force countries to find new institutional solutions to the problems of modern politics Written in a style free of heavy handed jargon and organized to address the concerns of contemporary comparativists this textbook provides students with the conceptual tools and historical background they need to understand the politics of our complex world

**Japan's Fiscal Crisis** Maurice Wright, 2002 In this controversial and authoritative account of Japan s public budgeting and politics the author traces the origins and development of Japan s present fiscal crisis In a detailed analysis of the institutions structures and processes of central government the role of the Ministry of Finance is analysed and its relationship with other ministries in deciding how much to spend and on what is examined Drawing on a rich archive of interview material and primary budget data the author explains how and why Japan accumulated the world s largest public debt

**The Making of Urban Japan** André Sorensen, 2005-08-19 During the twentieth century Japan was transformed from a poor primarily rural country into one of the world s largest industrial powers and most highly urbanised countries Interestingly while Japanese governments and planners borrowed carefully from the planning ideas and methods of many other countries Japanese urban planning urban governance and cities developed very differently from those of other developed countries Japan s distinctive patterns of urbanisation are partly a product of the highly developed urban system urban traditions and material culture of the pre modern period which remained influential until well after the Pacific War A second key influence has been the dominance of central government in

urban affairs and its consistent prioritisation of economic growth over the public welfare or urban quality of life Andr Sorensen examines Japan s urban trajectory from the mid nineteenth century to the present paying particular attention to the weak development of Japanese civil society local governments and land development and planning regulations **Japan's Financial Crisis** Jennifer Amyx, 2013-10-31 At the beginning of the 1990s a massive speculative asset bubble burst in Japan leaving the nation s banks with an enormous burden of nonperforming loans Banking crises have become increasingly common across the globe but what was distinctive about the Japanese case was the unusually long delay before the government intervened to aggressively address the bad debt problem The postponed response by Japanese authorities to the nation s banking crisis has had enormous political and economic consequences for Japan as well as for the rest of the world This book helps us understand the nature of the Japanese government s response while also providing important insights into why Japan seems unable to get its financial system back on track 13 years later The book focuses on the role of policy networks in Japanese finance showing with nuance and detail how Japan s Finance Ministry was embedded within the political and financial worlds how that structure was similar to and different from that of its counterparts in other countries and how the distinctive nature of Japan s institutional arrangements affected the capacity of the government to manage change The book focuses in particular on two intervening variables that bring about a functional shift in the Finance Ministry s policy networks domestic political change under coalition government and a dramatic rise in information requirements for effective regulation As a result of change in these variables networks that once enhanced policymaking capacity in Japanese finance became paralyzing networks with disastrous results **Critical Issues in Contemporary Japan** Jeff Kingston, 2013-12-17 This book provides undergraduate and graduate students with an interdisciplinary compendium written by a number of leading specialists on contemporary Japan Chapters reflect the standards of rigorous scholarly work but also exceed them in their accessibility of language and engagement with concerns relevant to non specialists The probing analysis of key debates and issues confronting Japan make this ideal for college courses and an essential reference work on Japan Asia for libraries This book encompasses a range of disciplines in the social sciences and thus will be useful for a variety of courses including Comparative Politics Media Studies Anthropology Sociology Asian Studies International Relations Public Policy Healthcare Education Judicial Reform Gender and Minority Studies The strength of this volume is in the collective efforts of accomplished experts providing in depth analysis and up to date comprehensive coverage of Japan in the 21st century Students will gain the analytical insights and information necessary to assess the challenges that confront the Japanese people policymakers and private and public sector institutions Key issues covered in this volume include Rapidly Aging society Changing Employment system Energy policy Nuclear and Renewable Gender discrimination Immigration Ethnic minorities Trade policy Civil society Rural Japan Okinawa Post 3 11 Tsunami earthquake nuclear meltdown developments Internationalization Sino Japanese relations East Asia s divisive history **The Post-war Roots of Japanese**

**Political Malaise** Dagfinn Gatu, 2015-06-12 Writings on post war Japanese politics have tended to take for granted the dominance of the Liberal Democratic Party LDP as inevitable without questioning how this came about This book analyses the nature of Japanese party politics over the first four decades following the Second World War assessing how the chief contenders the conservative LDP and the socialists JSP Japan Socialist Party competed in terms of their strengths and weaknesses relative to the other Throughout it addresses the questions How effectively were the parties strengths harnessed How did they alter over time To what extent was the winning formula challenged Did the loser have access to strengths with a major potential and if so why did these remain underdeveloped It extends widely to include discussion of the political system the social and economic environment in which parties operated internal party matters especially factions personal support groups special interest groups and the role of government bureaucracy It shows why the Liberal Democratic Party was dominant why the Japan Socialist Party remained out of power and how successive prime ministers conducted policymaking in ways which often resulted in the bureaucracy taking the lead Overall the book shows how precedents for the political system and for policymaking were set in this important period precedents which continue and which have contributed significantly to the present conservative stance on many key issues

**Postwar Japan as History** Andrew Gordon, 1993-10-20 As they examine three related themes of postwar history the authors describe an ongoing historical process marked by unexpected changes such as Japan s extraordinary economic growth and unanticipated continuities such as the endurance of conservative rule From publisher s description

Japanese Labour and Management in Transition Mari Sako, Hiroko Sato, 2013-01-11 Japanese Management and Labour in Transition explores the changing face of Japanese industrial relations Part one of the work outlines recent trends in Japanese labour markets labour law and corporate strategy and explores the responses of both management and labour to pressure posed by these trends Part two analyses the interaction between the state management and labour considering both the macro and the micro levels This compilation of up to date research by leading Japanese scholars challenges the traditional view of lifetime employment and focuses on the growing economic pressures that Japanese management and labour currently face

## **Political Dynamics In Contemporary Japan** Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the energy of words has been evident than ever. They have the ability to inspire, provoke, and ignite change. Such is the essence of the book **Political Dynamics In Contemporary Japan**, a literary masterpiece that delves deep to the significance of words and their impact on our lives. ## Political Dynamics In Contemporary Japan Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Political Dynamics In Contemporary Japan free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Political Dynamics In Contemporary Japan free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Political Dynamics In Contemporary Japan free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure

that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Political Dynamics In Contemporary Japan. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Political Dynamics In Contemporary Japan any PDF files. With these platforms, the world of PDF downloads is just a click away.

### FAQs About Political Dynamics In Contemporary Japan Books

1. Where can I buy Political Dynamics In Contemporary Japan books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Political Dynamics In Contemporary Japan book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
