Description :

Political Dynamics of Constitutional Law is a different kind of constitutional law textbook. Unlike others, this book does not focus exclusively on Supreme Court decisions. It goes beyond that, showing how the Supreme Court is not the final word on the meaning of the Constitution. It features 39 case studies that demonstrate conclusively that the process is far more open-ended, with no one branch occupying an exclusive and dominant position. Each case study is written in an accessible and engaging style, including a detailed introductory essay as well as excerpts of briefs, oral arguments, presidential orders and signing statements, and legislative debates and reports. All excerpts are edited to make them highly readable. The book is completely up to date, featuring case studies on Affordable Care Act, same sex marriage, Obama and Trump immigration orders, and recess appointments as well as significant revisions to case studies on federalism, separation of powers, foreign affairs, privacy, and race. If you are looking for a different approach to teaching Constitutional Law, one that will interest students of all backgrounds and at all levels, this book provides a roadmap to do it.

Political Dynamics Of Constitutional Law

Robert J. Spitzer

Political Dynamics Of Constitutional Law:

Political Dynamics of Constitutional Law LOUIS. FISHER, Neal Devins, 2019 Political Dynamics of Constitutional Law is a different kind of constitutional law textbook Unlike others this book does not focus exclusively on Supreme Court decisions It goes beyond that showing how the Supreme Court is not the final word on the meaning of the Constitution It features 39 case studies that demonstrate conclusively that the process is far more open ended with no one branch occupying an exclusive and dominant position Each case study is written in an accessible and engaging style including a detailed introductory essay as well as excerpts of briefs oral arguments presidential orders and signing statements and legislative debates and reports All excerpts are edited to make them highly readable The book is completely up to date featuring case studies on Affordable Care Act same sex marriage Obama and Trump immigration orders and recess appointments as well as significant revisions to case studies on federalism separation of powers foreign affairs privacy and race If you are looking for a different approach to teaching Constitutional Law one that will interest students of all backgrounds and at all levels this book provides a roadmap to do it

Defending Congress and the Constitution Louis Fisher, 2011-09-07 The culmination of four decades of research and service on behalf of Congress Louis Fisher's latest work is a fitting capstone to a remarkable career as scholar and writer and presents his most articulate passionate and persuasive defense yet of Congress as an institution Our nation's leading authority on the separation of powers Fisher offers a lucid primer on our nation's government and its executive legislative and judicial branches while vigorously advocating a robust reassertion of Congress's rightful role within that system Drawing on a wide range of legislation Supreme Court rulings and presidential decisions Fisher illuminates the contentious contest among the three major branches for power and control of government presents a panorama of American history and touches on issues as wide ranging as federalism religious freedom and national security policy Fisher is especially critical of the stereotypical view of the Supreme Court's decisions as possessing a kind of effectiveness and absolute finality that transcends the efforts and powers of Congress Indeed he argues that Congress as much or more than the judiciary has had a major positive impact on protecting individual rights in this country while the judiciary has fallen short in such areas as child labor regulation and compulsory flag salute or has attempted to settle a constitutional issue only to have it fester for years breeding anger and resentment until the political process forces the courts rethink their views He highlights legislative accomplishments in many areas often in the face of judicial opposition and obstruction but also chides Congress for not protecting its key prerogatives over the power of the purse and going to war In yielding to other branches Fishers warns lawmakers fail to represent their constituents and cripple the very system of checks and balances the Framers counted on to limit the destructive capacity of government His book offers a wealth of forceful insights and provides an important reminder of and guide to how our government should really work

The Democratic Constitution, 2nd Edition Neal Devins, Louis Fisher, 2015-10-01 Constitutional law is clearly shaped by judicial actors But who else contributes

Scholars in the past have recognized that the legislative branch plays a significant role in determining structural issues such as separation of powers and federalism but stopped there claiming that only courts had the independence and expertise to safeguard individual and minority rights In this readable and engaging narrative the authors identify the nuts and bolts of the national dialogue and relate succinct examples of how elected officials and the general public often dominate the Supreme Court in defining the Constitution s meaning Making use of case studies on race privacy federalism war powers speech and religion Devins and Fisher demonstrate how elected officials uphold individual rights in such areas as religious liberty and free speech as well as and often better than the courts This fascinating debunking of judicial supremacy argues that nonjudicial contributions to constitutional interpretation make the Constitution more stable more consistent with constitutional principles and more protective of individual and minority rights

Congress, the Court, and the Constitution United States. Congress. House. Committee on the Judiciary. Subcommittee on the Constitution,1999 *The Collaborative Constitution* Aileen Kavanagh,2023-10-26 In this book Aileen Kavanagh offers a fresh account of how we should protect rights in a democracy Departing from leading theoretical accounts which present the courts and legislature as rivals for constitutional supremacy Kavanagh argues that protecting rights is a collaborative enterprise between all three branches of government the Executive the legislature and the courts On a collaborative vision of constitutionalism protecting rights is neither the solitary task of a Herculean super judge nor the dignified pronouncements of an enlightened legislature Instead it is a complex dynamic and collaborative endeavour where each branch has a distinct but complementary role to play whilst engaging with each other in a spirit of comity and mutual respect Connecting constitutional theory with the practice of protecting rights in a democracy this book offers an innovative understanding of the separation of powers grounded in the values and virtues of constitutional collaboration

Constitution, Public Finance, and Transition Ringa Raudla,2010 This book explores the role of constitutions in public finance with a special focus on transitional context in Central and Eastern Europe The main questions addressed are How do formal constitutional provisions that matter for public finance come about How do constitutions shape policy choices in public finance Part I of the book puts forth an analytical framework for analysing how fiscal constitutional provisions come about and tests the conjectures with the case of constitution making in Estonia in 1991 1992 Part II summarises syntheses and criticises the emerging orthodoxy in positive constitutional public finance and examines whether it can explain the commitment to fiscal discipline in Estonia between 1992 and 2007 Part III examines theoretically and empirically how constitutions can shape public finance laws via constitutional review auto limitation and constitutional deliberations

Politics and Constitutionalism Robert J. Spitzer,2000-05-18 Examines the work of Louis Fisher renowned scholar of constitutional law and politics

Constitutionalization of Politics in Comparative Perspective Paweł Laidler,Dariusz Stoliczki,Łukasz Jakubiak,Jacek Sokołowski,2024-11-25 Scholars from political science and law examine the latest research on the constitutionalization of politics in comparative perspective The

scope includes both inter country and intra country perspectives institutional and systemic analyses common and civil law systems focusing on historical and contemporary case studies There are chapters limited to a concrete legal and political system analyzing the tools and processes guarding constitutionalization of politics in such countries as the United States Germany France Italy Poland Finland and Bulgaria as well as studies offering comparative analysis of various institutions representing different countries and different legal and political systems Taken together this book uncovers a wide variety of legal and political cultures systems of governments and forms of territorial organization Once uncovered this approach makes it easier to determine repetitive patterns which may be observed in constitutional review and constitutional interpretation or significant differences occurring in the models of constitutionalization of politics around the world

Constitutionalization of Politics in Comparative Perspective tackles important debates among academics interested in the theoretical and practical aspects of constitutions and constitutionalism and will appeal to social scientists including sociologists philosophers security studies and international relations experts but also cultural studies scholars

Record of Proceedings on H.R. 3829, the Intelligence Community Whistleblower Protection Act of the House Permanent Select Committee on Intelligence, May 20, 1998 and June 10, 1998, 105th Congress, Second Session United States. Congress. House. Permanent Select Committee on Intelligence, 1999

Constitutional Conflicts between Congress and the President Louis Fisher, 2014-08-19 Over three decades after its initial publication Louis Fisher's durable classic remains at the head of its class a book that Congressional Quarterly called as close to being indispensable as anything published in this field This newly revised sixth edition emphatically reinforces that sterling reputation Fisher dissects the crucial constitutional disputes between the executive and legislative branches of government from the Constitutional Convention through President Clinton's impeachment battles to the recent controversies over President Bush's conduct as commander in chief He ventures beyond traditional discussions of Supreme Court decisions to examine the day to day working relationships between the president and Congress By analyzing a mixture of judicial pronouncements executive acts and legislative debates Fisher pinpoints the critical areas of legislative executive tension appointment powers investigatory powers legislative and executive vetoes the budgetary process and war powers He then examines these areas of tension within a concrete political and historical context To scholars this book offers a comprehensive examination of the institutions and issues of public law For practitioners general readers and students of American government it demonstrates how constitutional issues shape and define current events The new edition covers for the first time Obama's military decisions in Afghanistan and Iraq Military operations against Libya in 2011 Threatened attacks on Syria in 2013 Efforts to close Guantanamo Obama's recess appointments during a pro forma session Fast and Furious scandal Holder's contempt and Obama's executive privilege The growth of presidential czars Executive branch secrecy and lack of accountability State Secrets Privilege after 9/11 Distinguishing between implied powers constitutional and inherent powers not constitutional Pocket

veto and the growth of hybrid veto New developments in the President's removal power

The Democratic Constitution Neal Devins, Louis Fisher, 2015 Constitutional law is clearly shaped by judicial actors But who else contributes Scholars in the past have recognized that the legislative branch plays a significant role in determining structural issues such as separation of powers and federalism but stopped there claiming that only courts had the independence and expertise to safeguard individual and minority rights In this readable and engaging narrative the authors identify the nuts and bolts of the national dialogue and relate succinct examples of how elected officials and the general public often dominate the Supreme Court in defining the Constitution's meaning Making use of case studies on race privacy federalism war powers speech and religion Devins and Fisher demonstrate how elected officials uphold individual rights in such areas as religious liberty and free speech as well as and often better than the courts This fascinating debunking of judicial supremacy argues that nonjudicial contributions to constitutional interpretation make the Constitution more stable more consistent with constitutional principles and more protective of individual and minority rights

Competition and Structure Albert Breton, 2000-06-05 The essays in this volume written by well known economists and other social scientists from North America Europe and in one case Australia share to an unusual degree a common concern with the competitive mechanisms that underlie collective decisions and with the way they are embedded in institutional settings This gives the book a unitary inspiration whose value is clear from the new understanding and insights its chapters provide on important theoretical and practical issues such as the social dimension and impact of trust the management of information in bureaucratic settings the role of political parties in constitutional evolution inter level rivalry and reassignments of powers in federal and unitary systems of government the impact of ethnicity and nationalism on federal institutions or arrangements and the response of governments and overarching institutions of globalization

Making Policy, Making Law Mark Carlton Miller, Jeb Barnes, 2004 This volume proposes a new way of understanding the policymaking process in the United States by examining the complex interactions among the three branches of government executive legislative and judicial Collectively across the chapters a central theme emerges that the U S Constitution has created a policymaking process characterized by ongoing interaction among competing institutions with overlapping responsibilities and different constituencies one in which no branch plays a single static part At different times and under various conditions all governing institutions have a distinct role in making policy as well as in enforcing and legitimizing it This concept overthrows the classic theories of the separation of powers and of policymaking and implementation specifically the principal agent theory in which Congress and the presidency are the principals who create laws and the bureaucracy and the courts are the agents who implement the laws if they are constitutional The book opens by introducing the concept of adversarial legalism which proposes that the American mindset of frequent legal challenges to legislation by political opponents and special interests creates a policymaking process different from and more complicated than other parliamentary democracies The chapters then examine in depth the

dynamics among the branches primarily at the national level but also considering state and local policymaking Originally conceived of as a textbook because no book exists that looks at the interplay of all three branches it should also have significant impact on scholarship about national lawmaking national politics and constitutional law Intro conclusion and Dodd's review all give good summaries

Constitutional Deliberation in Congress J. Mitchell Pickerill, 2004-05-17 Analyzes the impact of the Supreme Court's constitutional decisions and its judicial review of statutes on lawmaking in Congress

Is the Supreme Court the Guardian of the Constitution? Robert A. Licht, 1993 This book examines the controversy surrounding the conventional wisdom that the Court is the guardian of the Constitution and the ultimate defender of our liberties

The Constitution and 9/11 Louis Fisher, 2008 The Constitution and 9/11 provides a comprehensive striking and disturbing analysis of executive misuse of power that is made all the more compelling by placing it in a rich and fascinating historical contest No better book is available for placing post 9/11 government actions in the matrix of history and explaining how executive power has degraded the Constitution and citizen rights William G Weaver Back cover

Potential Congressional Responses to the Supreme Court's Decision in State Farm Mutual Automobile Ins. V. Campbell United States. Congress. House. Committee on the Judiciary. Subcommittee on the Constitution, 2003

Institutional Games and the U.S. Supreme Court James R. Rogers, Roy B. Flemming, Jon R. Bond, 2006 Over the course of the past decade the behavioral analysis of decisions by the Supreme Court has turned to game theory to gain new insights into this important institution in American politics Game theory highlights the role of strategic interactions between the Court and other institutions in the decisions the Court makes as well as in the relations among the justices as they make their decisions Rather than assume that the justices' votes reveal their sincere preferences students of law and politics have come to examine how the strategic concerns of the justices lead to sophisticated behavior as they seek to maximize achievement of their goals when faced with constraints on their ability to do so In *Institutional Games and the U.S. Supreme Court* James Rogers Roy Flemming and Jon Bond gather various essays that use game theory to explain the Supreme Court's interactions with Congress the states and the lower courts Offering new ways of understanding the complexity and consequences of these interactions the volume joins a growing body of work that considers these influential interactions among various branches of the U.S. government

Europe's Functional Constitution Turkuler Isiksel, 2016-05-26 Constitutionalism has become a byword for legitimate government but is it fated to lose its relevance as constitutional states relinquish power to international institutions This book evaluates the extent to which constitutionalism as an empirical idea and normative ideal can be adapted to institutions beyond the state by surveying the sophisticated legal and political system of the European Union Having originated in a series of agreements between states the EU has acquired

important constitutional features like judicial review protections for individual rights and a hierarchy of norms Nonetheless it confounds traditional models of constitutional rule to the extent that its claim to authority rests on the promise of economic prosperity and technocratic competence rather than on the democratic will of citizens Critically appraising the European Union and its legal system this book proposes the idea of functional constitutionalism to describe this distinctive configuration of public power Although the EU is the most advanced instance of functional constitutionalism to date understanding this pragmatic mode of constitutional authority is essential for assessing contemporary international economic governance

Securing Constitutional Democracy James E. Fleming, 2006-10-02 Famously described by Louis Brandeis as the most comprehensive of rights and the right most valued by civilized men the right of privacy or autonomy is more embattled during modern times than any other Debate over its meaning scope and constitutional status is so widespread that it all but defines the post 1960s era of constitutional interpretation Conservative Robert Bork called it a loose canon in the law while feminist Catharine MacKinnon attacked it as the right of men to be left alone to oppress women Can a right with such prominent critics from across the political spectrum be grounded in constitutional law In this book James Fleming responds to these controversies by arguing that the right to privacy or autonomy should be grounded in a theory of securing constitutional democracy His framework seeks to secure the basic liberties that are preconditions for deliberative democracy to allow citizens to deliberate about the institutions and policies of their government as well as deliberative autonomy to enable citizens to deliberate about the conduct of their own lives Together Fleming shows these two preconditions can afford everyone the status of free and equal citizenship in our morally pluralistic constitutional democracy

Reviewing **Political Dynamics Of Constitutional Law**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is actually astonishing. Within the pages of "**Political Dynamics Of Constitutional Law**," an enthralling opus penned by a highly acclaimed wordsmith, readers attempt an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.

Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Political Dynamics Of Constitutional Law eBooks, including some popular titles.

FAQs About Political Dynamics Of Constitutional Law Books

What is a Political Dynamics Of Constitutional Law PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Political Dynamics Of Constitutional Law PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Political Dynamics Of Constitutional Law PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Political Dynamics Of Constitutional Law PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Political Dynamics Of Constitutional Law PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
