Political Elite

**Russell J. Dalton, Hans-Dieter
Klingemann**

Political Elite:

The Political Elite and Special Interests Rachel Bozek, 2017-07-15 There is a growing sense that government is no longer of the people by the people and for the people Many believe that society is manipulated by a handful of political elites and special interests But why does each party feel that it is the elites and special interests of the other party who are in control of things Does one person one vote still hold sway Is this still a citizen democracy or has it evolved into an oligarchy Whose voice and vote really count These and other questions and debates concerning power influence and who wields it are at the center of this fascinating collection of articles drawn from across the political spectrum Political Elite of Iran Marvin Zonis, 2015-03-08 In interviews with 170 politically active Iranians the author reveals that politics in Iran are based on interpersonal relationships marked by insecurity cynicism and mistrust He then assesses the significance of these characteristics for Iran's future development Originally published in 1971 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Political Elite in a Developing Society** Anup Kumar Dash, 1994 Study with reference to Orissa India **Political Elite Recruitment in the Soviet Union** B. Harasymiw, 1984-05-03 **Power, Islam, and Political Elite in Iran** Eva Rakel, 2008-11-30 The Iranian Islamic revolution brought about a political system based on a combination of state institutions that derive their legitimacy from Islamic law and republican institutions legitimized by the people As there are no legal political parties in the Islamic Republic of Iran political factions represent the varying ideological and material interests of members of the political elite and their supporters This book analyzes the rivalries between the political factions and their related state institutions and the impact of the dynamics of factionalism on domestic economic and socio cultural and foreign policy formulation It shows that tensions inherent to the structure of state institutions and factional rivalries slow down the process of democratization and economic reforms in the Islamic Republic of Iran **The British political elite and Europe, 1959-1984** Bob Nicholls, 2019-01-06 This book offers an original interpretation of Britain's relationship with Europe over a 25 year period 1959-84 and advances the argument that the current problems over EU membership resulted from much earlier political machinations This evidence based account of the seminal period analyses the applications for EEC membership the 1975 referendum and the role of the press Was the British public misled over the true aims of the European project How significant was the role of the press in changing public opinion from anti to pro Common Market membership Why after over 40 years since Britain became a member of the European community does the issue continue to deeply divide not only the political elite but also the British public These and other pertinent questions are answered in this timely book on

a subject that remains topical and highly controversial **Political Elites in Modern Societies** Samuel James Eldersveld, 1989 Reflections on the nature of political leadership *Political Elites and the New Russia* Anton Steen, 2004-06-01 Political Elite and the New Russia convincingly argues that although reforms in Russia have been initiated by those close to the President in fact local and national elites have been the crucial strategic actors in reshaping Russia's economy democratising its political system and decentralising its administration This book analyses the role of elites under Yeltsin and Putin discussing the extent to which they form a coherent political culture and how far this culture has been in step with or at odds with the reform policies of the Kremlin leadership Political Elites in a Democracy Peter Bachrach, 2017-07-05 One of the potentially explosive issues of the modern era is a vast and growing disparity between the overwhelming predominance of elites in the decision making process and the democratic ideal that people should participate in making decisions that vitally affect them In this book an impressive array of political theorists offer conflicting views on the form of democratic elitism practiced in the United States Defining the political elite as the power holders of the body politic Harold Lasswell explains that the division into elite and mass is universal while Robert Dahl confirms that key political economic and social decisions are indeed made by these tiny minorities Paul Goodman argues that we are now in a period of excessive centralization that he regards as economically inefficient technologically unnecessary and humanly damaging From another standpoint Herbert Marcuse calls for a struggle against the ideology of tolerance husbanded by the political elites in this country and Jack L Walker contends that elitist theory has provided an unconvincing explanation of the widespread political apathy in American society As the events of recent decades vividly demonstrate a growing number of people refuse to recognize elite rule This many sided work puts before the student a variety of strongly held opinions regarding the place and function of the political elite and its power The wide range of authoritative articles makes *Political Elites in a Democracy* a most useful addition to every course in political science that touches on the subject of elites and political power

Institutionalizing Elites Suzanne Francis, 2011-12-19 In this book Francis expands and redefines the approach to the problematic of a comprehensive framework for the study of political elites through an interrogation of political elite formation in the African context of the Provincial Legislature of KwaZulu Natal The result is an empirically rich and detailed study of the realization accumulation and exercise of institutionalized political power Political elite agency shapes enables and undermines political institutions and is dependent on a multiplicity of currencies including social and political capital and patterns of culture respect and institutional capacity Studies of political elites must now consider not whether elite values attitudes and patterns of political etiquette penetrate political institutions but rather how they do so *The Europe of Elites* Heinrich Best, György Lengyel, Luca Verzichelli, 2012-03-29 The Europe of Elites is the first comprehensive study of how European political and economic leaders think and feel about Europe and about what course future European integration should take **Women and Men in Political and Business Elites** Mino Vianello, Giovanna Di Stefano, 2004-10-13 How do

gender inequalities translate at the top of politics and business Is the gender gap eliminated for the most influential players in industrial democratic society Drawing on a sample from no less than 27 countries a convincing and highly original picture is constructed that informs readers of career paths values social networks and gender battles for women elites This informed and compelling analysis examines the demographic characteristics family circumstances and career paths of a group of elite women The book is noteworthy for being one of the first empirically based studies of women elites

Politics and Political Elites in Latin America Manuel Alcántara, Mercedes García Montero, Cristina Rivas Pérez, 2020-09-22 This book presents in depth analyses of the data gathered for 26 years by the Political Elites of Latin America project PELA the most comprehensive database about the topic in the world Since 1994 PELA has conducted around 9 000 personal interviews with representative samples of the Legislative Powers of 18 Latin American countries generating a unique resource for the study of political elites in a comparative perspective Now this contributed volume brings together studies that dig into the data gathered by PELA to discuss important topics related to the challenges faced by representative democracy in Latin America After an introductory chapter that presents the potential of the PELA database the book is structured in two parts The first addresses in eight chapters important aspects of representative democracy such as political ambition political trust satisfaction with democracy clientelism and the quality of democracy It then discusses three relevant issues in Latin American political dynamics such as executive legislative relations women's participation as representatives and the meaning of China and the United States in national politics The second part addresses in five chapters studies of seven national cases that are representative of regional heterogeneity These chapters aim to examine parliamentary elites attitudes in different political systems with regard to a variety of relevant issues such as institutional trust satisfaction with democracy Executive Legislative relations clientelism and gender questions Furthermore these chapters intend to evince the evolution of such attitudes in the course of the last two decades Politics and Political Elites in Latin America Challenges and Trends will be of interest to scholars and students of comparative politics in general and more particularly to those interested in the challenges faced by representative democracy not only in Latin America but in many parts of the world

New Paths for Selecting Political Elites Giulia Sandri, Antonella Seddone, 2021-05-15 This book provides a cross country study of the consequences of the expansion of intra party democracy the trend towards more inclusive methods of selection for party candidates and leaders and the impact of these on political elites in terms of sociopolitical profile and patterns of careers It explores the link between political organizations and political elites by studying the role of parties in parliamentary and political selection and its impact on the political leadership appointed Putting an emphasis on primary elections it analyses the party elites that emerge from those selection processes and those democratized organizational settings It focuses not only on the analysis of the processes through which party elites are selected and the consequences at the level of the party but also at the level of party elites themselves i e what impact party primaries have on the characteristics parties candidates

and leaders The book offers a theoretical comparative and empirical account of the internal electoral processes of parties and their impact on political recruitment This book will be of key interest to scholars and students of political elites political parties and party systems electoral politics democracy populism and leadership and more broadly to comparative politics

Political Elites and Decentralization Reforms in the Post-Socialist Balkans Alexander Kleibrink, 2015-08-11 Across the globe more powers are being devolved to local and regional levels of government This book provides an innovative analysis of such decentralisation in transition states in the Balkans Using new and rich data it shows how political elites use decentralisation strategically to ensure their access to state resources **Oxford Handbook of Political Behavior** Russell J. Dalton, Hans-Dieter Klingemann, 2007 Assembles the world's leading scholars on public opinion and political behaviour to describe the state of the art research on the beliefs values and behaviours of contemporary politics

China's International Socialization of Political Elites in the Belt and Road Initiative Theodor Tudoroiu, with Amanda R. Ramlogan, 2020-10-05 This book argues that China's international socialization of the political elites of Belt and Road Initiative BRI partner states is an exceptionally effective instrument of China's current foreign policy It shows how the BRI related process of socialization generates shared beliefs in the legitimacy and therefore in the acceptability of a Chinese international order among target elites and how in turn the policies and actions of states controlled by these elites tend to become aligned with the norms taught by the Chinese socializer It goes on to show how this serves the interests of China's government firms and citizens at national regional and global levels and how the resulting increased support for Beijing's version of the international order creates a virtuous circle that further enhances China's international position and potential *Political Economy of*

Malaysia's Industrial Policy Firdausi Suffian, 2021-02-22 This book examines the national automotive policy in Malaysia to help readers gain an understanding of the country's industrial policy making processes Addressing a gap in analysis of the political economy of the national automotive policy the research presented combines the new institutional theory and the developmental state approach to provide new insights into elite policymakers measures to shield domestic automotive enterprises from pro market reforms The formation of the national car project marks a turning point for Malaysia's industrial development as a country which it envisions will lead to it becoming a major player in the global automotive market However the domestic institutional factors embedded in ethno economic interests and patronage constrain national car makers limiting their potential to grow and instead causing a slowdown in the industry Allowing readers to understand the background to Malaysia's heavy industrialisation programme and the birth of its national car projects this book critically discusses the significance of institutional context in policy outcomes and highlights how institutions and policies have impact growth or decline It is a valuable resource relevant to analysts researchers and students who are interested in the political economy of the national industrial policy and automotive industry in Malaysia and beyond **China's Quest for Political**

Legitimacy Baogang Guo, 2010-09-23 This book examines the new equity enhancing politics in China in the context of

Chinese traditional cognitive patterns of political legitimacy and its implication for Chinese political development in the near future Based on an analysis of the new governing philosophy the generation of political elite and a new set of public policies the book reaffirms the emergence of a new Chinese polity that infuses one party rule with limited electoral and deliberative democracies Unlike many scholars who perceive the contemporary Chinese history as a constant search for democracy this book takes a very different approach It asserts that the enduring question in political development in China today is no different from what was sought after throughout Chinese history namely the constant search for political legitimacy Even though the quest for democracy is instrumental to that end it may not ultimately lead to the embrace of a full fledged liberal democracy The new politics is not only a rationalization of the efficiency based development but also a major paradigm shift in China s developmental strategy

An Introduction to Political Geography John Rennie Short, 2002-09-26 Entirely revised and updated this reviews the history of the rise and fall of centres of power and draws on a wide range of case studies to illustrate current trends and offers discussion of future developments in a useful compact form
