Politics And Literature The Case Of Maurice Blanchot:

Politics and Literature Deborah M. Hess, 1999 The role of politics in literary creation and interpretation is discussed for the French intellectual tradition and the critical period in France from 1931 to 1948 Maurice Blanchot's early fiction is analyzed as a symbolic expression of its sociopolitical context He portrays the plight of the Jewish people and of the French nation in his fiction published between 1936 and 1949 A recent storm of critical reaction raises questions about the rights and limits of the literary critic and about moral and personal aspects of the author text and reading process Politics and Literature offers a model for critical interpretation that takes into account complexity process and the sociopolitical context of the literary text

The Aesthetics of Hate Sandrine Sanos, 2012-10-24 The Aesthetics of Hate examines the writings of a motley collection of interwar far right intellectuals showing that they defined Frenchness in racial gendered and sexual terms A broad ambitious cultural and intellectual history the book offers a provocative reinterpretation of a topic that has long been the subject of controversy In works infused with rhetorics of abjection disgust and dissolution such writers as Maulnier Brasillach Celine and Blanchot imagined the nation through figures deemed illegitimate or inferior Jews colonial subjects homosexuals women Sanos argues that these intellectuals offered an aesthetics of hate reinventing a language of far right nationalism by appealing to the realm of beauty and the sublime for political solutions By acknowledging the constitutive relationship of antisemitism and colonial racism at the heart of these canonical writers nationalism this book makes us rethink how aesthetics and politics function how race is imagined and defined how gender structured far right thought and how we conceive of French intellectualism and fascism

The Extreme In-between (politics and Literature)

Anna-Louise Milne, 2017-12-02 Frequently referred to as the eminence grise of French literature in the interwar years Jean Paulhan 1884 1968 was not just the editor responsible for giving writers as varied as Francis Ponge and Jean Paul Sartre their first start in the pages of the renowned *Nouvelle Revue Française* He also produced a substantial body of work of astonishing eclecticism From dense quasi scientific texts on poetic language where his critical expertise in contemporary linguistics and psychology is abundantly apparent to enigmatic recits which often seem closer to prose poems than anything else he explored and exploited a vast range of discourses and artistic practices from the Marquis de Sade's early works to Picasso's still lifes Yet all his explorations were governed by a primary and unflinching concern to understand what literature owes society In a series of tightly orchestrated readings Anna Louise Milne brings to light the space he sought to carve out between the art for art's sake ethos and the subordination of art to political ends thereby establishing more clearly Jean Paulhan's place in the twentieth century

The Work and the Gift Scott Cutler Shershow,2005-06-15 Considers how in a wide range of western culture and thought the ideas of working and giving remain locked in a fatal dilemma each one representing the other s aspirations and absolute limit Ranging from Marx and Derrida to Friedrich Hayek and Alvin Toffler Scott Cutler Shershow here explores the predictions of political thinkers on both the left and the right that work is fundamentally changing or even disappearing the debates among anthropologists and historians about an archaic gift economy that preceded capitalism and might reemerge in its wake contemporary political battles over charity and social welfare and attempts by modern and postmodern artists to destabilize the work of art as we know it BOOKJACKET

Being Contemporary: French Literature, Culture and Politics Today Lia Brozgal,Sara Kippur,2016-01-26 A collection of 23 riveting

essays on aspects of contemporary French culture by the superstars of the field **Generation Existential** Ethan Kleinberg, 2018-09-05 When we think of Heidegger's influence in France we tend to focus on such contemporary thinkers as Jacques Derrida, Michel Foucault and Jean-François Lyotard. In *Generation Existential* Ethan Kleinberg shifts the focus to the initial reception of Heidegger's philosophy in France by those who first encountered it. Kleinberg explains the appeal of Heidegger's philosophy to French thinkers as well as the ways they incorporated and expanded on it in their own work through the interwar, Second World War and early postwar periods. In so doing, Kleinberg offers new insights into intellectual figures whose influence on modern French philosophy has been enormous, including some whose thought remains underexplored outside France. Among Kleinberg's generation existential are Jean Beaufret, the only member of the group whom one could characterize as a Heideggerian; Maurice Blanchot; Alexandre Kojève; Emmanuel Levinas; and Jean-Paul Sartre. In showing how each of these figures engaged with Heidegger, Kleinberg helps us to understand how the philosophy of this right-wing thinker had such a profound influence on intellectuals of the left. Furthermore, Kleinberg maintains that our view of Heidegger's influence on contemporary thought is contingent on our comprehension of the ways in which his philosophy was initially understood, translated and incorporated into the French philosophical canon by this earlier generation. **Politics of the Event** Tom Lundborg, 2012-03-15 Despite occupying a central role and frequently being used in the study of international politics, the concept of the event remains in many ways unchallenged and unexplored. By combining the philosophy of Gilles Deleuze and his concept of the event with the example of 9/11 as an historical event, this book problematises the role and meaning of events in international politics. Lundborg seeks to demonstrate how the historical event can be analysed as a practice of inscribing temporal borders and distinctions. Specifically, he shows how this practice relies upon an ongoing process of capturing various movements of thought, sense, experience and becoming. However, the book also demonstrates how these same movements express a life and reality that elude complete capture, highlighting the potential for alternative encounters with the event, encounters that constantly threaten to undermine the limits and imaginary completeness of the historical event. This book offers an exciting new way of thinking about the politics of encountering events, arguing that at the heart of such encounters there are always elements of uncertainty and contingency that cannot be fully resolved or fixed. It will be of great interest to students and scholars of international relations, cultural studies and history. Heidegger and the Politics of Poetry Philippe Lacoue-Labarthe, 2007 Publisher description **Is the Tehran Bazaar Dead? Foucault, Politics, and Architecture** Farzaneh Haghighi, 2018-10-01 To examine the political role of architecture, this book presents an original engagement with the largest center of attraction in Tehran, namely its bazaar. Through a rigorous study, it goes beyond the conventional sociopolitical and architectural discourses of this marketplace by considering architecture as an event. This book offers alternative modes of spatial thinking on a micropolitical level. Emphasis is placed on the focused exploration of key notions mainly drawn from the works of Michel Foucault. It deploys effective

methods and shows how philosophical concepts can be deployed as a tool to analyse the ways through which architecture transforms individuals through the act of exchange whether of words things bodies or thoughts **The Cultural Politics of Tel Quel** Danielle Marx-Scouras,2010-11-01 *Phoebe* ,2002 Complexity in Maurice Blanchot's Fiction Deborah M. Hess,1999 Culture relates to the literary text through metaphors expressing indeterminism subjectivity multivalence opposition recursion loops spirals order and disorder and emergence On Poetry and Politics Jean Paulhan,2008 The first English translation of Jean Paulhan s major essays *The Politics of Deconstruction* Martin McQuillan,2007-08-20 In this fine collection a group of distinguished scholars have produced the best book so far about Derrida s politics of the future J Hillis Miller Distinguished Research Professor University of California at Irvine Jacques Derrida has had a huge influence on contemporary political theory and political philosophy Derrida s thinking has inspired Slavoj Zizek Richard Rorty Ernesto Laclau Judith Butler and many more contemporary theorists This book brings together a first class line up of Derrida scholars to develop a deconstructive approach to politics Deconstruction examines the internal logic of any given text or discourse It helps us analyse the contradictions inherent in all schools of thought and as such it has proved revolutionary in political analysis particularly ideology critique This book is ideal for all students of political theory and anyone looking for an accessible guide to Derrida s thinking and how it can be used as a radical tool for political analysis **The Event of Style in Literature** M. Aquilina,2014-09-16 The Event of Style in Literature brings discussions about the question of style up to date by schematising the principal issues relating to the topic through a critical overview of the canon of style studies It reads the work of Jacques Derrida Maurice Blanchot and Hans Georg Gadamer as groundbreaking and eventful interventions *Theory, Aesthetics, and Politics in the Francophone World* Rajeshwari S.
