Roads To Xanadu:

The Road to Xanadu John Livingstone Lowes, 2023-01-01 It takes a great mind to study a great mind The literary critic John Livingston Lowes puts his reputation on the line by choosing to analyse the sources thoughts and imagination of the poet Samuel Taylor Coleridge The result *The Road to Xanadu* is a remarkable and insightful examination of the creative processes and reading material that inspired *The Rime of the Ancient Mariner* and *Kubla Khan* Lowes brilliantly uses his study of Coleridge as a springboard to a more wide ranging analysis of the imagination If you like Coleridge s work you will be fascinated by this look into the mind of a literary giant John Livingston Lowes 1867 1945 was an American scholar and critic of English literature His best known subjects were Samuel Taylor Coleridge and Geoffrey Chaucer author of *The Canterbury Tales* His most famous work is *The Road to Xanadu A Study in the Ways of the Imagination* which examines the sources of Coleridge s *The Rime of the Ancient Mariner* and *Kubla Khan* *The Roads to Xanadu* ,1989 *Roads to Xanadu* ,1993

Bevis,1999 Concentrating on the eighteenth and nineteenth centuries he traces its development up to 1878 and one of its earliest conscious articulations Thomas Hardy s description of Egdon Heath in *The Return of the Native* BOOK JACKET

China Under Western Gaze: Representing China In The British Television Documentaries 1980-2000 Qing Cao,2014-05-16 This book presents a critical analysis of the images of China portrayed in British television documentaries between 1980 and 2000 The examination is contextualized within the profound transformations of the post reform China and global political structures in the last two decades of the 20th century Using an innovative analytical framework based on Vladimir Propp the book focuses on how different images of China are constructed through an effective use of TV narrative strategies In particular it details how various strands of Western modernity underpin major discourses about China The book will be valuable to the understanding of how China was perceived in the West during one of the most dramatic moments in modern history *The Road to Monticello* Kevin J. Hayes,2012-06-01 Thomas Jefferson was an avid book collector a voracious reader and a gifted writer a man who prided himself on his knowledge of classical and modern languages and whose marginal annotations include quotations from Euripides Herodotus and Milton And yet there has never been a literary life of our most literary president In *The Road to Monticello* Kevin J Hayes fills this important gap by offering a lively account of Jefferson s spiritual and intellectual development focusing on the books and ideas that exerted the most profound influence on him Moving chronologically through Jefferson s life Hayes reveals the full range and depth of Jefferson s literary passions from the popular small books sold by traveling chapmen such as *The History of Tom Thumb* which enthralled him as a child to his lifelong love of Aesop s Fables and Robinson Crusoe his engagement with Horace Ovid Virgil and other writers of

classical antiquity and his deep affinity with the melancholy verse of Ossian the legendary third century Gaelic warrior poet Drawing on Jefferson s letters journals and commonplace books Hayes offers a wealth of new scholarship on the print culture of colonial America reveals an intimate portrait of Jefferson s activities beyond the political chamber and reconstructs the president s investigations in such different fields of knowledge as law history philosophy and natural science Most importantly Hayes uncovers the ideas and exchanges which informed the thinking of America s first great intellectual and shows how his lifelong pursuit of knowledge culminated in the formation of a public offering the academic village which became UVA and his more private retreat at Monticello Gracefully written and painstakingly researched The Road to Monticello provides an invaluable look at Jefferson s intellectual and literary life uncovering the roots of some of the most important and influential ideas that have informed American history **Broadcast Hysteria** A. Brad Schwartz,2025-09-23

On the evening of October 30 1938 radio listeners across the United States heard a startling report of a meteor strike in the New Jersey countryside With sirens blaring in the background announcers in the field described mysterious creatures terrifying war machines and thick clouds of poison gas moving toward New York City As the invading force approached Manhattan some listeners sat transfixed while others ran to alert neighbors or to call the police Some even fled their homes But the hair raising broadcast was not a real news bulletin it was Orson Welles s adaptation of the H G Wells classic The War of the Worlds In Broadcast Hysteria A Brad Schwartz boldly retells the story of Welles s famed radio play and its impact Did it really spawn a wave of mass hysteria as The New York Times reported Schwartz is the first to examine the hundreds of letters sent to Orson Welles himself in the days after the broadcast and his findings challenge the conventional wisdom Few listeners believed an actual attack was under way But even so Schwartz shows that Welles s broadcast became a major scandal prompting a different kind of mass panic as Americans debated the bewitching power of the radio and the country s vulnerability in a time of crisis When the debate was over American broadcasting had changed for good but not for the better As Schwartz tells this story we observe how an atmosphere of natural disaster and impending war permitted broadcasters to create shared live national experiences for the first time We follow Orson Welles s rise to fame and watch his manic energy and artistic genius at work in the play s hurried yet innovative production And we trace the present day popularity of fake news back to its source in Welles s show and its many imitators Schwartz s original research gifted storytelling and thoughtful analysis make Broadcast Hysteria a groundbreaking new look at a crucial but little understood episode in American history *Film Adaptation in the Hollywood Studio Era* Guerric DeBona,2010 Guerric DeBona s new book that

makes a powerful case that film adaptations are shaped as much by contextual forces as by their literary forbears Once it is as widely read as it deserves to be adaptation studies will never be the same Thomas Leitch author of *Film Adaptation and its Discontents* from *Gone with the Wind* to *The Passion of the Christ* *Maps of Time* David Christian,2011-09 Introducing a novel perspective on the study of history David Christian views the interaction of the natural world with the more recent

arrivals in flora fauna including human beings **The Impossible Road Trip** Eric Dregni,2021-12-21 The Impossible Road Trip explores the roadside of all of America s 50 states recalling the golden age of car travel with histories and color photos of iconic roadside attractions as well as unique map illustrations Reference Catalogue of Current Literature ,1928
