Robbing Drug Dealers Violence Beyond The Law:

Robbing Drug Dealers Bruce A. Jacobs, This volume fills a research gap of striking proportions by exploring the contingencies that mediate the crimes perpetrated on those who are themselves perpetrators The notion that violence is something that happens only to law abiding citizens is both widely held and inaccurate The disproportionate share of victims of crime are in reality themselves involved in crime Yet existing scholarship has failed to explore the contingencies that mediate offenses like drug robbery from the forces that inspire it to the methods used to select targets to the means employed to generate compliance down to the tactics used to thwart retaliatory attempts after the crime has ended Given that predatory behavior between and among offenders ultimately spreads to society at large the contagion effect a research gap of striking proportions has emerged The imprudence of robbing other criminals is widely assumed Yet criminologists paradoxically observe that a major benefit of robbing fellow criminals is that they cannot report the offense to the authorities Why then should offenders elect to reduce their odds of getting arrested at the cost of enhancing their chances of getting killed Drawing on candid interviews with the perpetrators Jacobs attempts to answer such questions and fill this gap in the research agenda of criminology The result is a narrative that explores the world of street corner drugs from the vantage point of those who actually commit these high risk crimes It also introduces serious ethical issues that criminology and law enforcement tend to gloss over or ignore entirely This work is innovative and troubling at the same time It takes a theme that Hollywood films have explored in greater depth than social science and restores it as a crucial part of the ethnography of crime

Robbing Drug Dealers Bruce A. Jacobs, 2000-01 This volume fills a research gap of striking proportions by exploring the contingencies that mediate the crimes perpetrated on those who are themselves perpetrators The notion that violence is something that happens only to law abiding citizens is both widely held and inaccurate The disproportionate share of victims of crime are in reality themselves involved in crime Yet existing scholarship has failed to explore the contingencies that mediate offenses like drug robbery from the forces that inspire it to the methods used to select targets to the means employed to generate compliance down to the tactics used to thwart retaliatory attempts after the crime has ended Given that predatory behavior between and among offenders ultimately spreads to society at large the contagion effect a research gap of striking proportions has emerged The imprudence of robbing other criminals is widely assumed Yet criminologists paradoxically observe that a major benefit of robbing fellow criminals is that they cannot report the offense to the authorities Why then should offenders elect to reduce their odds of getting arrested at the cost of enhancing their chances of getting killed Drawing on candid interviews with the perpetrators Jacobs attempts to answer such questions and fill this gap in the research agenda of criminology The result is a narrative that explores the world of street corner drugs from the vantage point of those who actually commit these high risk crimes It also introduces serious ethical issues that criminology and law enforcement tend to gloss over or ignore entirely This work is innovative and troubling at the same time It takes a theme that

Robbing Drug Dealers Bruce Jacobs, 2017-09-29 This volume fills a research gap of striking proportions by exploring the contingencies that mediate the crimes perpetrated on those who are themselves perpetrators The notion that violence is something that happens only to law abiding citizens is both widely held and inaccurate The disproportionate share of victims of crime are in reality themselves involved in crime Yet existing scholarship has failed to explore the contingencies that mediate offenses like drug robbery from the forces that inspire it to the methods used to select targets to the means employed to generate compliance down to the tactics used to thwart retaliatory attempts after the crime has ended Given that predatory behavior between and among offenders ultimately spreads to society at large the contagion effect a research gap of striking proportions has emerged The imprudence of robbing other criminals is widely assumed Yet criminologists paradoxically observe that a major benefit of robbing fellow criminals is that they cannot report the offense to the authorities Why then should offenders elect to reduce their odds of getting arrested at the cost of enhancing their chances of getting killed Drawing on candid interviews with the perpetrators Jacobs attempts to answer such questions and fill this gap in the research agenda of criminology The result is a narrative that explores the world of street corner drugs from the vantage point of those who actually commit these high risk crimes It also introduces serious ethical issues that criminology and law enforcement tend to gloss over or ignore entirely This work is innovative and troubling at the same time It takes a theme that Hollywood films have explored in greater depth than social science and restores it as a crucial part of the ethnography of crime

The Stickup Kids Randol Contreras, 2013 Randol Contreras came of age in the South Bronx during the 1980s a time when the community was devastated by cuts in social services a rise in arson and abandonment and the rise of crack cocaine For this riveting book he returns to the South Bronx with a sociological eye and provides an unprecedented insider's look at the workings of a group of Dominican drug robbers Known on the streets as Stickup Kids these men raided and brutally tortured drug dealers storing large amounts of heroin cocaine marijuana and cash As a participant observer Randol Contreras offers both a personal and theoretical account for the rise of the Stickup Kids and their violence He mainly focuses on the lives of neighborhood friends who went from being crack dealers to drug robbers once their lucrative crack market opportunities disappeared The result is a stunning vivid on the ground ethnographic description of a drug robbery's violence the drug market high life the criminal life course and the eventual pain and suffering experienced by the casualties of the Crack Era Provocative and eye opening The Stickup Kids urges us to explore the ravages of the drug trade through weaving history biography social structure and drug market forces It offers a revelatory explanation for drug market violence by masterfully uncovering the hidden social forces that produce violent and self destructive individuals Part memoir part penetrating analysis this book is engaging personal deeply informed and entirely absorbing

Criminological Ethnography: An Introduction James Treadwell, 2019-09-30 Written by one of the best Criminological Ethnographers in the business this

text will serve as an invaluable and insightful resource for both novice and seasoned ethnographers of criminological issues Anthony Ellis University of Salford In the first textbook to cover ethnography specific to criminology James Treadwell guides readers through the ethnographic research process in full starting with a background to criminological ethnography through planning and doing an ethnographic project and finally the writing up and reporting stage The book provides guidance for navigating key issues in ethnography including access and researcher safety and supports readers when carrying out their project with helpful exercises questions and checklists It also includes insightful case studies comprised of classic works and the author's own ethnographic projects along with a range of extra learning features including key terms a glossary and further reading suggestions A valuable resource for anyone embarking on ethnographic research in criminology for the first time

Taking Care of Business Matthew Bacon, 2017-02-08 Taking Care of Business Police Detectives Drug Law Enforcement and Proactive Investigation offers a rich and insightful empirical study of drug investigations based on extensive fieldwork undertaken with the specialist detective units of two English police services It fills a significant gap in criminological literature by providing a timely and thought provoking ethnography of detective culture investigative practice and drug law enforcement Drawing on data collected from over five hundred hours of direct observation of ordinary police work both on and off the streets the chapters are skilfully interwoven with fieldnotes informal conversations interviews and analysis of official documents Taken together they explore how police officers perceive the drug world and their role in it translate policy from its written form into action and utilise intelligence led policing strategies to instigate covert operations and make cases There is in depth examination of the everyday realities of the war on drugs alongside the associated working rules tacit understandings and underlying assumptions that operate behind the public face of police organizations The book also critically examines the most pertinent legislative initiatives organizational reforms and shifts in thinking concerning the values objectives and norms of policing that have occurred over recent decades which between them have contributed to significant changes in the ways that detectives are trained and investigations are controlled and carried out With highly salient insights regarding operational policing and drug control policy in the current social economic and political climate Taking Care of Business is a compelling and important work on contemporary criminal investigation and the policing of drugs It will be of interest to scholars of criminology sociology law and policy studies especially those researching and studying policing regulation surveillance drug control policy and the informal economy as well as policymakers police practitioners and criminal justice professionals

Drug Courts James L. Nolan, Drug courts offer offenders an intensive court based treatment program as an alternative to the normal adjudication process Begun in 1989 they have since spread dramatically throughout the United States In this interdisciplinary examination of the expanding movement a distinguished panel of legal practitioners and academics offers theoretical assessments and on site empirical analyses of the workings of various courts in the United States along with detailed comparisons and contrasts with related developments in Britain Practitioners

politicians and academics alike acknowledge the profound impact drug courts have had on the American criminal justice system. From a range of disciplinary perspectives, contributors to this volume seek to make sense of this important judicial innovation. While addressing a range of questions, *Drug Courts* also aims to achieve a careful balance between focused empirical studies and broader theoretical analyses of the same phenomenon. The volume maintains an analytical concentration on drug courts and on the important practical, philosophical, and jurisprudential consequences of this unique form of therapeutic jurisprudence. Drug courts depart from the practices and procedures of typical criminal courts. Prosecutors and defense counsel play much reduced roles. Often, lawyers are not even present during regular drug court sessions. Instead, the main courtroom drama is between the judge and client, both of whom speak openly and freely in the drug court setting. Often accompanying the client is a treatment provider who advises the judge and reviews the client's progress in treatment. Court sessions are characterized by expressive and sometimes tearful testimonies about the recovery process and are often punctuated with applause from those in attendance. Taken together, the chapters provide a variety of perspectives on drug courts and extend our knowledge of the birth and evolution of a new movement. *Drug Courts* is an essential reference for courses in criminology, the sociology of drugs and deviance, and the philosophy of law and punishment.

Advancing Qualitative Methods in Criminology and Criminal Justice Heith Copes, 2014-02-25 For several decades, qualitative research has been underrepresented in criminological and criminal justice research. This book is designed to promote the understanding of qualitative research designs and to encourage their use among those seeking answers to questions about crime and justice. To this end, a number of top qualitative scholars have been assembled to provide their insights on the topic. The chapters that appear delve into the state of qualitative methods in the discipline, the potential ethical and physical hazards of engaging in ethnographic research, how to make sense of and interpret participants' stories, innovative ways to collect data, the value of using mixed methods to understand crime and justice issues, effective strategies for teaching fieldwork, and the inherent rewards of a career spent speaking with others. This book will be an ideal introduction for students and scholars of Criminal Justice, Criminology, and Sociology, regardless of whether their primary methodology is qualitative or quantitative. This book was originally published as a special issue of the *Journal of Criminal Justice Education*.

Criminology Stephen E. Brown, Finn-Aage Esbensen, 2010-06-25 This highly acclaimed criminology text presents an up-to-date review of rational choice theories, including deterrence, shaming, and routine activities. It also incorporates current examples of deterrence research regarding domestic violence, drunk driving, and capital punishment, and features thought-provoking discussion of the relativity of crime. The authors explore the crime problem, its context, and causes of crime. The organization of the text reflects the fact that the etiology of crime must be at the heart of criminology. It examines contemporary efforts to redefine crime by focusing on family violence, hate crimes, white collar misconduct with violent consequences, and other forms of human behavior often neglected by criminologists. Extensive discussion of evolving

laws are included and while the prevalence of the scientific method in the field of criminology is highlighted the impact of ideology on explanations of crime is the cornerstone of the book Comprehensive introductory text emphasizing the ideology of crime Boxes throughout each chapter highlight the text with figures features and highlights Each chapter concludes with key terms and concepts key criminologists key cases

Street Capital Sveinung Sandberg, Willy Pedersen, 2011 Street capital is aimed at postgraduates and academics in criminology race and ethnicity sociology social theory and methodology It will also be of interest to a wider social science audience particularly those interested in using Bourdieu as a theoretical model

Qualitative Research in Criminology Jody Miller, Wilson R. Palacios, 2017-12-02 This volume investigates the significant role qualitative research plays in expanding and refining our understandings of crime and justice It features seventeen original essays that discuss the relationship between methodology and theory The result is a theoretically engaged volume that explores the approaches of qualitative scholars in the collection and treatment of data in criminological scholarship Among the key issues addressed in the volume are methodological rigor in qualitative research movement between method theory building theoretical refinement and expansion diversity of qualitative methodologies from classic field research to contemporary innovations and considerations of the future of qualitative criminological research Qualitative research use has expanded rapidly in the last twenty years This latest volume of Advances in Criminological Theory presents a cogent appraisal of qualitative criminology and the ways in which rigorous qualitative research contributes to theorizing about crime and justice

Alternatives to Prison Anthony Bottoms, Sue Rex, Gwen Robinson, 2013-01-11 As the UK and many other western societies face up to the consequences of a rapidly increasing prison population so the search for alternative approaches to punishment and dealing with offenders has become an increasingly urgent priority for government policy and society as a whole This book reports the results of the research programme commissioned by the Coulsfield Inquiry into Alternatives to Prison which was funded by the Esm e Fairbairn Rethinking Crime and Punishment initiative It is written by leading authorities in the field and provides a comprehensive authoritative and wide ranging review of the range of issues associated with the use of noncustodial sanctions examining experiences in Scotland and Northern Ireland as well as England and Wales

Research Ethics and Integrity for Social Scientists Mark Israel, 2014-10-20 Ethics and integrity in research are increasingly important for social scientists around the world We are tackling more complex problems in the face of expanding and not always sympathetic regulation This book surveys the recent developments and debates around researching ethically and with integrity and complying with ethical requirements The new edition pushes beyond the work of the first edition through updated and extended coverage of issues relating to international indigenous interdisciplinary and internet research Through case studies and examples drawn from all continents and from across the social science disciplines the book demonstrates the practical value of thinking seriously and systematically about ethical conduct in social science research identifies how and why current regulatory regimes have emerged reveals those practices

that have contributed to the adversarial relationships between researchers and regulators encourages all parties to develop shared solutions to ethical and regulatory problems

The Gang's All Queer Vanessa R. Panfil, 2017-08-15 Many people believe that gangs are made up of violent thugs who are in and out of jail and who are hyper masculine and heterosexual Vanessa Panfil introduces us to a different world Meet gay gang members sometimes referred to in popular culture as homo thugs whose gay identity complicates criminology's portrayal and representation of gangs gang members and gang life In vivid detail Panfil provides an in depth understanding of how gay gang members construct and negotiate both masculine and gay identities through crime and gang membership She draws from interviews with over 50 gay gang and crime involved young men in Columbus Ohio the majority of whom are men of color in their late teens and early twenties as well as on the ground ethnographic fieldwork with men who are in gay hybrid and straight gangs Panfil provides an eye opening portrait of how even members of straight gangs are connected to a same sex oriented underground world Most of these young men still present a traditionally masculine persona and voice deeply held affection for their fellow gang members They also fight with their enemies many of whom are in rival gay gangs Most come from impoverished rough neighborhoods and seek to defy negative stereotypes of gay and Black men as deadbeats though sometimes through illegal activity Some are still closeted to their fellow gang members and families yet others fight to defend members of the gay community even those who they deem to be fags despite distaste for these flamboyant members of the community

The Handbook of Security Martin Gill, 2016-02-26 The substantially revised second edition of the Handbook of Security provides the most comprehensive analysis of scholarly security debates and issues to date Including contributions from some of the world's leading scholars it critiques the way security is provided and managed

Research Ethics for Social Scientists Mark Israel, Iain Hay, 2006-06-15 This is an excellent book which can be recommended both to the professional ethicist seeking to situate research ethics for a social scientific audience and to social scientists seeking an overview of the current ethical landscape of their discipline Research Ethics Review Ethics is becoming an increasingly prominent issue for all researchers across the western world This comprehensive and accessible guide introduces students to the field and encourages knowledge of research ethics in practice Research Ethics for Social Scientists sets out to do four things The first is to demonstrate the practical value of thinking seriously and systematically about what constitutes ethical conduct in social science research Secondly the text identifies how and why current regulatory regimes have emerged Thirdly it seeks to reveal those practices that have contributed to the adversarial relationships between researchers and regulators Finally the book hopes to encourage both parties to develop shared solutions to ethical and regulatory problems Research Ethics for Social Scientists is an excellent introductory text for students as it introduces students to ethical theory and philosophy provides practical guidance on what ethical theory means for research practice provides case studies to give real examples of ethics in research action The result is an informative accessible and practical guide to research ethics for any student or researcher in the

social sciences CRIMINAL PSYCHOLOGY Laurence Miller, 2012-01-01 Criminal psychology is the application of the principles of normal and abnormal psychology to the understanding prediction and control of criminal behavior Criminal Psychology Nature Nurture Culture provides an in depth yet readable introduction to the foundations of criminal psychology as it is understood and practiced from the classroom to the courtroom The book is organized into five sections Part I examines the nature and origins of criminal behavior These chapters outline the role of psychology in the criminal justice system and review the biology psychology and sociology of crime to develop a naturalistic model of criminal behavior that can guide theory and practice in law enforcement criminal justice and forensic evaluation Part II examines the major classes of mental disorder that may be associated with criminal behavior including psychotic disorders mood disorders organic brain syndromes substance abuse and personality disorders Each chapter consists of a description of the syndrome followed by applications to law enforcement criminal justice and forensic mental health issues of competency sanity and criminal culpability Part III deals with death Topics include homicide serial murder mass homicide workplace and school violence and terrorism Part IV covers sexual offenses and crimes within the family including rape and sexual assault sex crimes against children child battery domestic violence and family homicide Part V discusses the psychological dynamics of a variety of common crimes such as stalking and harassment theft and robbery gang violence organized crime arson hate crimes victimology the psychology of corrections and the death penalty Each chapter contains explanatory tables and sidebars that illustrate the chapter's main topic with examples from real life cases and the media and explore controversies surrounding particular issues in criminal psychology such as criminal profiling sexual predator laws dealing with children who kill psychotherapy with incarcerated offenders and the use of designer defenses in court Grounded in thorough scholarship and written in a crisp engaging style this volume is the definitive handbook and reference source for forensic psychologists mental health practitioners attorneys judges law enforcement professionals and military personnel It will also serve as an authoritative core text for courses in forensic psychology criminology and criminal justice practice **Deviance** Earl Rubington, Martin Weinberg, 2015-10-30 This highly successful reader presents the interactionist approach to the study of deviance examining deviance as a phenomenon that is constituted through social interpretations and the reactions of persons caught up in this social process This book focuses on issues such as how individuals interpret and label people how people relate to one another based on these interpretations and the consequences of these social processes This perspective helps students understand both social process in general and the sociology of deviance in particular **Controlling Illegal Drugs** Sandro Segre, This study presents and compares the drug policies in use in the United States Sweden and Italy to limit the use and abuse of substances such as marijuana hashish cocaine heroin and amphetamines It also focuses on attempts to suppress the traffic in these drugs A primary objective of Segre's work is theoretical to evaluate and explain by means of a comparative method applied to the study of individual cases the respective level of success of these policies

measured according to conventional criteria The aim of this comparison between Swedish drug policies a positive case and U S and Italian policies negative cases is to evaluate the effect of these policies on drug use Segre comes to the general conclusion that there is a causal relationship between drug use and drug control This is deduced from the association between Swedish policies and the limited diffusion of narcotics in Sweden on the one hand and from the association between U S and Italian policies and the wide diffusion of these substances in the United States and in Italy on the other hand This study does not aim to give a complete explanation of the high or low use of narcotics But what Segre does say is that the level of drug consumption could be a consequence of other causes which are considered here not as independent variables but on the contrary as intervening variables The literature in this field needs to dwell particularly on social and psychological causes Examples are the influence of parents and peers attitudes toward the use of drugs or abstention from them the positive or negative images that persons have of themselves and the possibility or rather the difficulty of establishing significant forms of interpersonal communication This is a modest serious contribution to the vexing issue of the causes of drug use in advanced societies

Data Thieves in Action Thomas J. Holt, Olga Smirnova, Yi-Ting Chua, 2016-09-06 This book examines the practices of cybercriminals who steal and sell personal information acquired through various means including mass data breaches to engage in cybercrime and fraud Using data from multiple English and Russian language web forums the authors identify the range of products sold in these active on line marketplaces and the prospective profits earned by these actors The social organization of these markets is analysed using sociological theory to understand the sophistication of the markets Social network analyses of the relational networks of participants are also utilised to examine their sophistication and structure In doing so this work will contribute to the development of cybercrime studies and will appeal to both social and computer scientists alike with an interest in the human aspects of cybercrime

Unveiling the Magic of Words: A Report on "**Robbing Drug Dealers Violence Beyond The Law**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. FAQs About Robbing Drug Dealers Violence Beyond The Law Books

What is a Robbing Drug Dealers Violence Beyond The Law PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Robbing Drug Dealers Violence Beyond The Law PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Robbing Drug Dealers Violence Beyond The Law PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Robbing Drug Dealers Violence Beyond The Law PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Robbing Drug Dealers Violence Beyond The Law PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or

may not be legal depending on the circumstances and local laws.
