Long March And In The Clap Shack:

The Achievement of William Styron Robert K. Morris, Irving Malin, 2008-06-01 The publication of Sophie's Choice one of William Styron's greatest literary achievements generated a new spark in the critical discussion of the author and is the main emphasis of the interview with Styron and one of the additional essays in this revised edition The interview was conducted by Robert K Morris the essay on Sophie's Choice by Richard Pearce Other essays include Jane Flanders on Styron's southern myth Philip W Leon on Styron's narrative technique and Ardner R Cheshire Jr and Mary S Strine on The Confessions of Nat Turner Originally published in 1975 The Achievement of William Styron was the first collection of critical essays on one of America's most distinguished contemporary fiction writers and it has become a standard work Essays from the original edition which are included in this revised edition are those by the editors and by Louis D Rubin Jr John O Lyons Jan B Gordon Robert Phillips and George Core

Selling War in a Media Age Kenneth Osgood, Andrew K. Frank, 2010-06-27 George W Bush's Mission Accomplished banner in 2003 and the misleading linkages of Saddam Hussein to the 9 11 terrorist attacks awoke many Americans to the techniques used by the White House to put the country on a war footing Yet Bush was simply following in the footsteps of his predecessors as the essays in this standout volume reveal in illuminating detail Written in a lively and accessible style *Selling War in a Media Age* is a fascinating thought provoking must read volume that reveals the often brutal ways that the goal of influencing public opinion has shaped how American presidents have approached the most momentous duty of their office waging war

War No More Cynthia Wachtell, 2012-04-11 Until now scholars have portrayed America's antiwar literature as an outgrowth of World War I manifested in the works of writers such as Ernest Hemingway and John Dos Passos But in *War No More* Cynthia Wachtell corrects the record by tracing the steady and inexorable rise of antiwar writing in American literature from the Civil War to the eve of World War I Beginning with an examination of three very different renderings of the chaotic Battle of Chickamauga a diary entry by a northern infantry officer a poem romanticizing war authored by a young southerner a few months later and a gruesome story penned by the veteran Ambrose Bierce Wachtell traces the gradual shift in the late nineteenth century away from highly idealized depictions of the Civil War Even as the war was under way she shows certain writers including Herman Melville Walt Whitman John William De Forest and Nathaniel Hawthorne quietly questioned the meaning and morality of the conflict As Wachtell demonstrates antiwar writing made steady gains in public acceptance and popularity in the final years of the nineteenth century and the opening years of the twentieth especially during the Spanish American War and the war in the Philippines While much of the era's war writing continued the long tradition of glorifying battle works by Bierce Stephen Crane Mark Twain William Dean Howells William James and others increasingly presented war as immoral and the modernization and mechanization of combat as something to be deeply feared Wachtell also explores through the works of Theodore Roosevelt and others the resistance that the antiwar impulse met Drawing upon a wide range of published and

unpublished sources including letters diaries essays poems short stories novels memoirs speeches magazine and newspaper articles and religious tracts Wachtell makes strikingly clear that pacifism had never been more popular than in the years preceding World War I War No More concludes by charting the development of antiwar literature from World War I to the present thus offering the first comprehensive overview of one hundred and fifty years of American antiwar writing *The Fire Next Time* James Baldwin,2013-09-17 NATIONAL BESTSELLER The book that galvanized the nation gave voice to the emerging civil rights movement in the 1960s and still lights the way to understanding race in America today The finest essay I've ever read Ta Nehisi Coates At once a powerful evocation of James Baldwin's early life in Harlem and a disturbing examination of the consequences of racial injustice the book is an intensely personal and provocative document from the iconic author of *If Beale Street Could Talk* and *Go Tell It on the Mountain* It consists of two letters written on the occasion of the centennial of the Emancipation Proclamation that exhort Americans both black and white to attack the terrible legacy of racism Described by The New York Times Book Review as sermon ultimatum confession deposition testament and chronicle all presented in searing brilliant prose *The Fire Next Time* stands as a classic of literature Shadow and Act Ralph Ellison,1995-03-14 With the same intellectual incisiveness and supple stylish prose he brought to his classic novel *Invisible Man* Ralph Ellison examines his antecedents and in so doing illuminates the literature music and culture of both black and white America His range is virtuosic encompassing Mark Twain and Richard Wright Mahalia Jackson and Charlie Parker *The Birth of a Nation* and the Dante-esque landscape of Harlem the scene and symbol of the Negro's perpetual alienation in the land of his birth Throughout he gives us what amounts to an episodic autobiography that traces his formation as a writer as well as the genesis of *Invisible Man* On every page Ellison reveals his idiosyncratic and often contrarian brilliance his insistence on refuting both black and white stereotypes of what an African American writer should say or be The result is a book that continues to instruct delight and occasionally outrage readers **Twentieth-Century Southern Literature** J. A. Bryant Jr.,2021-11-21 Authors discussed include Wendell Berry Erskine Caldwell Truman Capote Ralph Ellison William Faulkner Shelby Foote Zora Neal Hurston Bobbie Ann Mason Cormac McCarthy Flannery O'Connor William Styron Anne Tyler Alice Walker Robert Penn Warren Eudora Welty Tennessee Williams Thomas Wolfe Richard Wright and many more By World War II the Southern Renaissance had established itself as one of the most significant literary events of the century and today much of the best American fiction is southern fiction Though the flowering of realistic and local color writing during the first two decades of the century was a sign of things to come the period between the two world wars was the crucial one for the South's literary development a literary revival in Richmond came to fruition at Vanderbilt University a group of young men produced *The Fugitive* a remarkable controversial magazine that published some of the century's best verse in its brief run and the publication and widespread recognition of Faulkner among others inaugurated the great flood of southern writing that was to follow in novels short stories poetry and plays With more than forty years of experience writing and

reading about the subject and friendships with many of the figures discussed J A Bryant is uniquely qualified to provide the first comprehensive account of southern American literature since 1900 Bryant pays attention to both the cultural and the historical context of the works and authors discussed and presents the information in an enjoyable accessible style No lover of great American literature can afford to be without this book **Looking for the Good War** Elizabeth D.

Samet,2021-11-30 A remarkable book from its title and subtitle to its last words A stirring indictment of American sentimentality about war Robert G Kaiser The Washington Post In Looking for the Good War Elizabeth D Samet reexamines the literature art and culture that emerged after World War II bringing her expertise as a professor of English at West Point to bear on the complexity of the postwar period in national life She exposes the confusion about American identity that was expressed during and immediately after the war and the deep national ambivalence toward war violence and veterans all of which were suppressed in subsequent decades by a dangerously sentimental attitude toward the United States exceptional history and destiny Samet finds the war s ambivalent legacy in some of its most heavily mythologized figures the war correspondent epitomized by Ernie Pyle the character of the erstwhile G I turned either cop or criminal in the pulp fiction and feature films of the late 1940s the disaffected Civil War veteran who looms so large on the screen in the Cold War Western and the resurgent military hero of the post Vietnam period Taken together these figures reveal key elements of postwar attitudes toward violence liberty and nation attitudes that have shaped domestic and foreign policy and that respond in various ways to various assumptions about national identity and purpose established or affirmed by World War II As the United States reassesses its roles in Afghanistan and the Middle East the time has come to rethink our national mythology the way that World War II shaped our sense of national destiny our beliefs about the use of American military force throughout the world and our inability to accept the realities of the twenty first century s decades of devastating conflict

Conducted over the course of twenty years many of these pieces were first published in the Paris Review Taken from a passage Henry James the title speaks to the madness that drives our greatest works of creativity Phillips s interviews bring out this madness in its most important sense the writers are seers and visionaries whose works inspire us beyond the limits of reason The conversations recorded in The Madness of Art attain that same level of inspiration and power Phillips questions his interviewees about their work methods daily lives influences sources of inspiration relationship to other literary figures response to critics choice of genre audience and reasons for writing **In the Clap Shack** and William Styron,1975
