*Look to the North Star* Victor Ullman, 1969 More than a century ago one man with deep convictions and a country with benign ideals combined to create a place where black self emancipation black freedom could flourish The man was William King a slaveowner and Presbyterian minister educated to the stern moralities of Edinburgh The country was Canada and *Look to the North Star* is a vivid account of Buxton the community in western Ontario which the Reverend Mr King and his slaves founded in 1849 as a haven for black fugitives both slave and free in the harsh years before the Civil War Jacket

*Look to the North Star* Victor Ullman, 1994 **Fugitive Slaves and Spaces of Freedom in North America** Damian Alan Pargas, 2020-09-08 This volume introduces a new way to study the experiences of runaway slaves by defining different spaces of freedom they inhabited It also provides a groundbreaking continental view of fugitive slave migration moving beyond the usual regional or national approaches to explore locations in Canada the U S North and South Mexico and the Caribbean Using newspapers advertisements and new demographic data contributors show how events like the Revolutionary War and westward expansion shaped the slave experience Contributors investigate sites of formal freedom where slavery was abolished and refugees were legally free to determine the extent to which fugitive slaves experienced freedom in places like Canada while still being subject to racism In sites of semiformal freedom as in the northern United States fugitives claims to freedom were precarious because state abolition laws conflicted with federal fugitive slave laws Contributors show how local committees strategized to interfere with the work of slave catchers to protect refugees Sites of informal freedom were created within the slaveholding South where runaways who felt relocating to distant destinations was too risky formed maroon communities or attempted to blend in with free black populations These individuals procured false documents or changed their names to avoid detection and pass as free The essays discuss slaves motivations for choosing these destinations the social networks that supported their plans what it was like to settle in their new societies and how slave flight impacted broader debates about slavery This volume redraws the map of escape and emancipation during this period emphasizing the importance of place in defining the meaning and extent of freedom Contributors Kyle Ainsworth Mekala Audain Gordon S Barker Sylviane A Diouf Roy E Finkenbine Graham Russell Gao Hodges Jeffrey R Kerr Ritchie Viola Franziska M ller James David Nichols Damian Alan Pargas Matthew Pinsker A volume in the series Southern Dissent edited by Stanley Harrold and Randall M Miller **The Queen's Bush Settlement** Linda Brown-Kubisch, 2004-02-20 The Black pioneers 1839 1865 who cleared the land and established the Queen s Bush settlement in that section of unsurveyed land where present day Waterloo and Wellington counties meet near Hawkesville are the focus of this extensively researched book Linda Brown Kubisch s attention to detail and commitment to these long neglected settlers re establishes their place in Ontario history Set in the context of the early migration of Blacks into Upper Canada this work is a must for historians and for genealogists involved in tracing family connections with these pioneer inhabitants of the Queen s Bush In the 19th

century one of the most important areas of settlement for fugitive American slaves was the Queen's Bush then an isolated region in the backwoods of Ontario Despite much recent attention to African Canadian history the Queen's Bush remains a remote territory for historical scholarship Linda Brown Kubisch offers a pioneering entry into that gap With a jeweller's eye for the biological subject Brown Kubisch introduces the courageous Black adventurers and the hardships they faced in Canada James Walker Professor of History University of Waterloo and author of *The Black Loyalists* 1976 1992 and *Race Rights and the Law* 1997      *The History of Blacks in Canada* George H. *Nineteenth-century Ontario* Susan E. Houston, Alison L. Prentice, 1988-01-01 Nineteenth century educational reformers were fond of an agricultural metaphor when it came to the provision of more and better schooling even good land they argued had to be cultivated othersie noxious weeds sprang up In this study of education in Ontario from the establishment of Upper Canada to the end of Egerton Ryerson s career as chief superintendent of schools in 1876 Susan Houston and Alison Prentice explore the roots of the provincial public school system set up to instill a work ethic and moral discipline appropriate to the new society as well as the beginnings of separate schools today the Ontario school system is once again the subject of intense and often bitter debate Many of the most contentious issues have deep and complex roots that go back to this era Houston and Prentice tell the story of how Ontario came to have a universal school system of exceptional quality and shed valuable light on an area of current concern      **Boundless Dominion** Denis McKim, 2017-11-30 In the twenty first century the word

Presbyterian is virtually synonymous with austere and parochial These associations are by no means historically unfounded as early Canadian Presbyterians insisted on Sabbath observance and had a penchant for inter and intra denominational disagreement However many other ideas circulated within this religious community s collective psyche *Boundless Dominion* delves into the elaborate worldview that galvanized nineteenth century Canadian Presbyterianism Denis McKim uncovers a vibrant print culture and Presbyterian support for such initiatives as Indigenous evangelism temperance advocacy and anti

slavery activism and finds that many of the denomination's characteristics contrast sharply with its dour and quarrelsome reputation. Tracing the themes of providence, politics, nature and history in Presbyterian communities across five provinces from Prince Edward Island, Nova Scotia and New Brunswick to Lower and Upper Canada, this book reveals that at the heart of this denomination lay a desire to facilitate God's dominion and to promote Protestant piety across northern North America and beyond. Through an innovative approach to the study of religious ideas, *Boundless Dominion* highlights the permeability of borders and the myriad ways in which nineteenth-century Canada, including its Presbyterian community, shaped and was shaped by interactions with the wider world. *Light of Nature and the Law of God* Allen P. Stouffer, 1992-06-01

Allen Stouffer's analysis of Ontario's response to the freedmen reveals a virulent strain of racism that helps to explain why British North Americans were slow to join their British and American counterparts in the North Atlantic antislavery triangle. After exploring the Canadian churches' mixed reaction to antislavery, he applies cliometrics to draw a socio-economic profile of Canadian antislavery's leaders and followers. Employing British, American and Canadian primary sources, Stouffer has written this study, the first book-length examination of Canadian antislavery from a British North American perspective. Earlier studies concluded that Canadian anti-slavery was largely the result of Canada's proximity to the United States, a proximity which precluded Canada's ignoring the situation. While Stouffer recognizes the importance of the American influence, he shows that the leaders of Canadian anti-slavery were immigrants from Britain who had been deeply involved in antislavery in their homeland.
