Notes On Mozart 20 Crucial Works:

Notes on Mozart Conrad Wilson, 2005 This work reveals that Mozart enjoyed a good middle class income in Vienna his begging letters were less heart rending than they seem the myth of the mystery about Mozart's Requiem and why Mozart's grave was not a pauper's grave as is commonly believed

A Sociological History of Christian Worship Martin D. Stringer, 2005-07-14 In this book the 2000 year history of Christian worship is viewed from a sociological perspective Martin Stringer develops the idea of discourse as a way of understanding the place of Christian worship within its many and diverse social contexts Beginning with the Biblical material the author provides a broad survey of changes over 2000 years of the Christian church together with a series of case studies that highlight particular elements of the worship or specific theoretical applications Stringer does not simply examine the mainstream traditions of Christian worship in Europe and Byzantium but also gives space to lesser known traditions in Armenia India Ethiopia and elsewhere Offering a contribution to the ongoing debate that breaks away from a purely textual or theological study of Christian worship this book provides a greater understanding of the place of worship in its social and cultural context

Notes on Mendelssohn Conrad Wilson, 2005

Notes on Beethoven Conrad Wilson, 2005 Wilson explains why the traditional practice of dividing Beethoven's life into three periods can be misleading why he believes that the tearing of Napoleon's name from the title page of the Eroica symphony was only a gesture that Beethoven's real attitude to Napoleon was not as it seemed and more

Notes on Schubert Conrad Wilson, 2005 This modern exploration of Schubert's complex personality and inner conflicts takes a look at the notion that Schubert was moving into a new phase when he died and wonders if his sexual orientation would have any bearing on perceptions of the man and his music
