Novyi Opyt Zhizni

Carol Apollonio, Radislav Lapushin

Novyi Opyt Zhizni:

The Cross and the Sickle Catherine Evtuhov, 2018-10-18 Catherine Evtuhov resurrects the brilliant and contradictory currents of turn of the century Kiev Moscow and St Petersburg through an intellectual biography of Sergei Bulgakov 1871-1944 one of the central figures of the Silver Age The son of a provincial priest Bulgakov served first as one of Russia's most original and influential interpreters of Marx and then went on to become the century's most important theologian of the Orthodox faith As Evtuhov recounts the story of Bulgakov's spiritual evolution she traces the impact of seemingly opposed philosophical and religious world views on one another and on the course of political events In the first comprehensive analysis of Bulgakov's most important religious philosophical work *Philosophy of Economy* Evtuhov identifies a perceptual revolution in Russian thinking about economy a significant contribution to European modernist thought which both shaped and grew out of contemporary debates over land reforms She reconstructs Bulgakov's vision of an Orthodox constitutional Russia shows how he tried to put it into practice in the wake of the February Revolution and demonstrates its importance for a large and influential portion of Russian society

Petersburg Fin de Siècle Mark D. Steinberg, 2011-11-29 The final decade of the old order in imperial Russia was a time of both crisis and possibility an uncertain time that inspired an often desperate search for meaning This book explores how journalists and other writers in St Petersburg described and interpreted the troubled years between the Russian revolutions of 1905 and 1917 Mark Steinberg distinguished historian of Russia in the late nineteenth and early twentieth centuries examines the work of writers of all kinds from anonymous journalists to well known public intellectuals from secular liberals to religious conservatives Though diverse in their perspectives these urban writers were remarkably consistent in the worries they expressed They grappled with the impact of technological and material progress on the one hand and with an ever deepening anxiety and pessimism on the other Steinberg reveals a new darker perspective on the history of St Petersburg on the eve of revolution and presents a fresh view of Russia's experience of modernity

Written with the Bayonet Katharine Hodgson, 1996-01-01 Focusing on a wide range of poetry written between 1941 and 1945 this work explores Soviet poets response to World War II It also traces the influence of Stalinist culture and departures from literary conventions established in the pre war years In a chronological survey the poets immediate reaction to the events of the war is placed in its historical and literary political context

The Russian Revolution of 1917 - Memory and Legacy Carol S. Leonard, Daniel Orlovsky, Jurej Petrov, 2024-07-30 The way in which the Russian Revolution of October 1917 is regarded and commemorated has changed considerably over time and is a contentious subject well demonstrated by the absence of any official commemoration in Russia in 2017 a huge contrast to the very large celebrations which took place in Soviet times This book which brings together a range of leading historians of the Russian Revolution from both Russia and the West and both younger and older historians explores the changes in the way in which the October 1917 Revolution is commemorated and also examines fundamental questions about what the Russian

Revolution indeed what any revolution was anyway Among the issues covered are how Soviet and Western historians diverged in their early assessments of what the Revolution achieved how the period studied by historians has recently extended both much earlier before 1917 and much later afterwards and how views of the Revolution within the Soviet Union changed over time from acceptance of the official Communist Party interpretation to more independent viewpoints Overall the book provides a major reassessment of one of the twentieth century s most important events **Sergei Bulgakov** Catherine Evtuhov,1991 **Russian Orthodoxy on the Eve of Revolution** Vera Shevzov,2004 Explores sacred community and how it functioned or sometimes did not in Russian Orthodoxy before the fateful historic events of the 1917 Russian Revolution *Education and Civic Culture in Post-Communist Countries* S. Webber,I. Liikanen,2016-01-20 The vivid discussion on civil society in Eastern Europe that flourished during the late 1980s and early 1990s has faded somewhat and been partly replaced by new attempts to conceptualise the nature of social change taking place in these countries This book strives to continue and go beyond the civil society discourse by analysing the interrelationship between education and civic culture in post communist countries The volume offers detailed case studies written by specialists from the region and from Western Europe and North America examining everyday patterns of civic culture the linkage between education and national identity ethnicity gender and religion the experience and attitudes of youth and attempts to render education systems better suited to the demands of post communist society **Yury Trifonov** Nina Kolesnikoff,1991 **Reading Faithfully** Lindsay Ceballos,2025-07-15 Reading Faithfully reveals how Russian critics of the Silver Age the late nineteenth and early twentieth centuries reread and remade Fyodor Dostoevsky for their era of religious renewal amid a broader political embrace of liberal reform and radical politics Lindsay Ceballos argues that most Silver Age critics engaged in a mode of critique approaching religious faith critical faith in the moral and artistic value of Dostoevsky that was needed to overcome their doubts about his nationalist rhetoric and politics Surveying leading critics on and theatrical adapters of Dostoevsky s fiction since his death in 1881 Ceballos advocates for new kinds of critical engagement with his work that draw on the example of Silver Age faithful reading but embrace more complexity and dissonance than critics were able to achieve in that period of fracture and upheaval Reading Faithfully provides a historical account of Russian culture in a pivotal period bringing together literary intellectual and theater history into one narrative Ceballos challenges Dostoevsky scholars asking What is the future of reading Dostoevsky in the wake of Russia s invasion of Ukraine **Women in the Soviet Countryside** Susan Bridger,1987-12-17 Research on women s roles in rural development has found that women s contribution to the rural economy is commonly underestimated and that women may find it difficult to benefit from the development process Within this context this book looks at the Soviet experience of development as reflected in the lives of rural women **The Art and Science of Making the New Man in Early 20th-Century Russia** Yvonne Howell,Nikolai Kremmentsov,2021-12-02 The idea that morally mentally and physically superior new men might replace the currently existing mankind has periodically seized

the imagination of intellectuals leaders and reformers throughout history This volume offers a multidisciplinary investigation into how the new man was made in Russia and the early Soviet Union in the first third of the 20th century The traditional narrative of the Soviet new man as a creature forged by propaganda is challenged by the strikingly new and varied case studies presented here The book focuses on the interplay between the rapidly developing experimental life sciences such as biology medicine and psychology and countless cultural products ranging from film and fiction dolls and museum exhibits to pedagogical projects sculptures and exemplary agricultural fairs With contributions from scholars based in the United States Canada the UK Germany and Russia the picture that emerges is emphatically more complex contradictory and suggestive of strong parallels with other new man visions in Europe and elsewhere In contrast to previous interpretations that focused largely on the apparent disconnect between utopian new man rhetoric and the harsh realities of everyday life in the Soviet Union this volume brings to light the surprising historical trajectories of new man visions their often obscure origins acclaimed and forgotten champions unexpected and complicated results and mutual interrelations In short the volume is a timely examination of a recurring theme in modern history when dramatic advancements in science and technology conjoin with anxieties about the future to fuel dreams of a new and improved mankind *Handbook of Russian Literature* Victor Terras,1985-01-01 Profiles the careers of Russian authors scholars and critics and discusses the history of the Russian treatment of literary genres such as drama fiction and essays *Living the Revolution* Andy Willimott,2016-10-27 *Living the Revolution* offers a pioneering insight into the world of the early Soviet activist At the heart of this book are a cast of fiery eyed bed headed youths determined to be the change they wanted to see in the world First banding together in the wake of the October Revolution seizing hold of urban apartments youthful enthusiasts tried to offer practical examples of socialist living Calling themselves urban communes they embraced total equality and shared everything from money to underwear They actively sought to overturn the traditional family unit reinvent domesticity and promote a new collective vision of human interaction A trend was set a revolutionary meme that would in the coming years allow thousands of would be revolutionaries and aspiring party members to experiment with the possibilities of socialism The first definitive account of the urban communes and the activists that formed them this volume utilizes newly uncovered archival materials to chart the rise and fall of this revolutionary impulse Laced with personal detail it illuminates the thoughts and aspirations of individual activists as the idea of the urban commune grew from an experimental form of living limited to a handful of participants in Petrograd and Moscow into a cultural phenomenon that saw tens of thousands of youths form their own domestic units of socialist living by the end of the 1920s *Living the Revolution* is a tale of revolutionary aspiration appropriation and participation at the ground level Never officially sanctioned by the party the urban communes challenge our traditional understanding of the early Soviet state presenting Soviet ideology as something that could both frame and fire the imagination **The Dictatorship of Sex** Frances Lee Bernstein,2007 *The Dictatorship of Sex* explores the attempts to

define and control sexual behavior in the years following the Russian Revolution It is the first book to examine Soviet sexual enlightenment a program of popular health and lifestyle advice intended to establish a model of sexual conduct for the men and women who would build socialism Leftist social theorists and political activists had long envisioned an egalitarian utopia and after 1917 the medical profession took the leading role in solving the sex question while at the same time carving out a niche for itself among postrevolutionary social institutions Frances Bernstein reveals the tension between the doctors advocacy for relatively liberal social policy and the generally proscriptive nature of their advice as well as their lack of interest in questions of personal pleasure fulfillment and sexual expression While supporting the goals of the Soviet state the enlighteners appealed to irrefutable biological truths that ultimately supported a very traditional gender regime The Dictatorship of Sex offers a unique lens through which to contemplate a central conundrum of Russian history the relationship between the supposedly liberated 1920s and repressive 1930s Although most of the proponents of sexual enlightenment in the 1920s would suffer greatly during Stalin s purges their writings facilitated the Stalinist approach to sexuality and the family Bernstein s book will interest historians of Russia gender sexuality and medicine as well as anyone curious about social and ideological experiments in a revolutionary culture *Chekhov's Letters* Carol Apollonio, Radislav Lapushin, 2018-10-15 Of the thirty volumes in the authoritative Academy edition of Chekhov s collected works fully twelve are devoted to the writer s letters This is the first book in English or Russian addressing this substantial though until now neglected epistolary corpus The majority of the essays gathered here represent new contributions by the world s major Chekhov scholars written especially for this volume or classics of Russian criticism appearing in English for the first time The introduction addresses the role of letters in Chekhov s life and characterizes the writer s key epistolary concerns After a series of essays addressing publication history translation and problems of censorship scholars analyze the letters generic qualities that draw upon variously prose poetry and drama Individual thematic studies focus on the letters as documents reflecting biographical cultural and philosophical issues The book culminates in a collection of short at times lyrical essays by eminent scholars and writers addressing a particularly memorable Chekhov letter Chekhov s Letters appeals to scholars writers and theater professionals as well to a general audience **Boris Pasternak** Christopher Barnes, 2004-02-12 This concluding volume of Christopher Barnes s acclaimed biography of the Russian poet and prose writer Boris Pasternak covers the period from 1928 to his death during which he wrote the famous *Dr Zhivago* and was awarded the Nobel Prize for Literature Drawing on archive material including the Pasternak family archive eyewitness accounts and a huge range of biographical and background information Barnes brings to light many aspects of Pasternak s personality and private life while illuminating his relations with the Communist regime and the literary establishment There is a detailed discussion of Pasternak s original writing with ample quotation in English translation and his translations of Goethe Shakespeare and others The growth story of *Dr Zhivago* is traced and the personal and political implications of the novel s controversial

publication explored The biography concludes with a discussion of Pasternak's Nobel Prize award final years and death with a brief account of his posthumous and artistic legacy **The Feminine in the Prose of Andrey Platonov** Philip

Bullock,2017-12-02 Andrey Platonovich Platonov 1899-1951 is increasingly regarded as one of the greatest writers of the Soviet period His linguistic virtuosity philosophical rigour and political unorthodoxy combined to create some of the most captivatingly absurd works of literature in any language Unsurprisingly many of these remained unpublished in his lifetime and indeed for many years thereafter In this lively and original study Philip Bullock traces the development of feminine imagery in Platonov's prose from the seemingly misogynist outrage of his early works to the tender reconciliation with domesticity in his final stories and argues that gender is a crucial feature of the author's audacious utopian vision **The**

Russian Cosmists George M. Young,2012-08-16 The ideas of the Cosmists have in recent decades been rediscovered and embraced by many Russian intellectuals Here Young offers a dynamic and wide ranging examination of the lives and ideas of the Russian Cosmists **Liberal Ideas in Tsarist Russia** Vanessa Rampton,2020-02-20 Liberalism is a crucially important

topic today this book adds the important yet neglected Russian aspect to its history *The Organic School of the Russian Avant-Garde* Isabel W?nsche,2017-07-05 The artists of the Organic School of the Russian avant garde found inspiration as well as a model for artistic growth in the creative principles of nature Isabel W nsche analyzes the artistic influences intellectual foundations and scientific publications that shaped the formation of these artists the majority of whom were based in St Petersburg Particular emphasis is given to the holistic worldviews and organic approaches prevalent among artists of the pre revolutionary avant garde specifically Jan Ciaglinski Nikolai Kulbin and Elena Guro as well as the emergence of the concept of Organic Culture as developed by Mikhail Matiushin practiced at the State Institute of Artistic Culture and taught at the reformed Art Academy in the 1920s Discussions of faktura and creative intuition explore the biocentric approaches that dominated the work of Pavel Filonov Kazimir Malevich Voldemar Matvejs Olga Rozanova and Vladimir Tatlin The artistic approaches of the Organic School of the Russian avant garde were further promoted and developed by Vladimir Sterligov and his followers between 1960 and 1990 The study examines the cultural potential as well as the utopian dimension of the artists approaches to creativity and their ambitious visions for the role of art in promoting human psychophysiological development and shaping post revolutionary culture

This is likewise one of the factors by obtaining the soft documents of this **Novyi Opyt Zhizni** by online. You might not require more time to spend to go to the ebook initiation as with ease as search for them.
