Planning For The Lower East Side:

Planning for the Lower East Side Harry Schwartz,1974 *Forging a Future for the Lower East Side* New York (N.Y.). City Planning Commission,1970 Plans for Major Traffic Thoroughfares and Transit, Lower East Side, New York City, Prepared for the Lower East Side Planning Association by Bartholomew and Associates... Harland Bartholomew & Associates,1932 *Planning for the Lower East Side [By] Harry Schwartz, Assisted by Peter Abeles* Harry Schwartz,Peter Abeles,1973 Remaking New York William Sites,2003 *New York Neighborhoods - Addressing Sustainable City Principles* Raymond Charles Rauscher,2017-09-01 This book examines the neighborhoods of New York City to determine to what extent planning in New York addresses Sustainable City Principles SCPs Part I looks at the background to planning urban areas in the face of global urban changes These changes i e population movements and densification of cities are placing pressures on cities worldwide Chapter 1 provides a background to these global pressures i e population growth and their implications Chapter 2 looks closer at New York planning and introduces Sustainable City Principles SCPs Part II introduces nine selected neighborhoods within Manhattan and examines to what extent planning of these neighborhoods addresses the SCPs For each chapter a neighborhood background is provided and results of the author s field survey are reviewed Part III examines the selected neighborhoods within Brooklyn to determine to what extent planning of those neighborhoods addresses the SCPs Part IV examines the last three neighborhoods in Queens and addresses the SCPs Part V examines conclusions reached from examining the nine neighborhoods These conclusions are used to determine the extent that the City Council and the community are addressing SCPs in planning neighborhoods Finally lessons learned from these conclusions are assessed for their relevance to planning neighborhoods anywhere in the world *Teaching Urban and Regional Planning* Andrea I. Frank,2021-02-26 This innovative book makes the case for training future planners in new and creative ways as coordinators enablers and facilitators An international range of teaching case studies offer distinctive ideas for the future of planning education along with practical tips to assist in adapting pedagogical approaches to various institutional settings Unique contributions from educational scholars contextualise the emergent planning education approaches in contemporary pedagogical debates **Urbanism and Town Planning** Jean-Philippe Antoni,2024-01-04 Sustainable urban planning and urban renewal are major challenges of the 21st century In this context Urbanism and Town Planning proposes a geohistorical approach to urban construction The city and its neighborhoods are studied through their materials and general layout which sometimes reveal a logic of economic profitability prestige and social equity and sometimes a more innovative approach from an environmental perspective Across these elements unbuilt spaces distinctive streets and squares and built spaces commercial and residential areas both individual and collective form a three dimensional grid of voids and solids characteristic of urban landscapes and lifestyles Supported by numerous original examples this book is a comprehensive summary of the most tangible elements of urban planning and development elements

that must be put into context in order to think concretely about the development of the cities of the future

Introduction to Estimating, Plan Reading and Construction Techniques Gary Anglin, 2019-11-05 To understand Construction Estimating one must also understand plan reading and construction techniques This book is designed to teach the construction student these three core skills in equal measure Using hundreds of plans sketches and photos the book builds case studies of the major construction divisions including concrete masonry carpentry and more Over forty cases are divided into sections following a specially designed format Plans Scale drawings of floor plans sections or elevations Plan Interpretation The drawings are explained with comments Scope of the Work A written description of the boundaries of the work is given for each section Construction Techniques The construction processes and their sequence are explained The Takeoff A takeoff is shown at the end of each section This approach helps foster confidence in plan reading building methods arithmetic takeoffs and estimates The various products and terms used in the industries of structural steel doors and hardware and roofing are defined The shop drawing process is explained which is so important in many industries as well as the role of and difference between manufacturers fabricators and suppliers distributors The book ends with a study of front end documents including Division 00 General Conditions AIA 201 and Division 01 General Requirements and a chapter on Ethics This textbook can be used to teach a variety of classes including plan reading construction techniques and estimating 1 and 2 takeoffs and pricing

Municipal Reference Library Notes ,1929

Ours to Lose Amy Starecheski, 2016-11-07 The fascinating and little known tale of the Lower East Side squatters of the Eighties a radical European inspired housing movement The Village Voice Though New York s Lower East Side today is home to high end condos and hip restaurants it was for decades an infamous site of blight open air drug dealing and class conflict an emblematic example of the tattered state of 1970s and 80s Manhattan Those decades of strife however also gave the Lower East Side something unusual a radical movement that blended urban homesteading and European style squatting in a way never before seen in the United States Ours to Lose tells the oral history of that movement through a close look at a diverse group of Lower East Side squatters who occupied abandoned city owned buildings in the 1980s fought to keep them for decades and eventually began a long complicated process to turn their illegal occupancy into legal cooperative ownership Amy Starecheski here not only tells a little known New York story she also shows how property shapes our sense of ourselves as social beings and explores the ethics of homeownership and debt in post recession America There are many books about the Lower East Side and its recent transformation yet none has included engagement or oral history with primary organizers in the way Starecheski has Ours to Lose is a unique and substantive contribution to our understanding of a most distinct practice in the shaping of urban space Metropolitiques What is significant is that the author demonstrates how some New Yorkers addressed the housing crisis in an unconventional manner Recommended Choice

Planning, Current Literature ,1949

Early Urban Planning Clarence Arthur Perry, 2004-11

East Side Access in New York, Queens, and Bronx Counties, New York, and

Nassau and Suffolk Counties, New York ,2001 *Washington State Department of Natural Resources (WDNR) Habitat Conservation Plan (HCP)* ,1996 **Planning with Complexity** Judith E. Innes,David E. Booher,2010-01-11 Analyzing emerging practices of collaboration in planning and public policy to overcome the challenges complexity fragmentation and uncertainty the authors present a new theory of collaborative rationality to help make sense of the new practices They enquire in detail into how collaborative rationality works the theories that inform it and the potential and pitfalls for democracy in the twenty first century Representing the authors collective experience based upon over thirty years of research and practice this is insightful reading for students educators scholars and reflective practitioners in the fields of urban planning public policy political science and public administration Housing and Planning References ,1980 New York for Sale Tom Angotti,2011-02-25 How community based planning has challenged the powerful real estate industry in New York City Remarkably grassroots based community planning flourishes in New York City the self proclaimed real estate capital of the world with at least seventy community plans for different neighborhoods throughout the city Most of these were developed during fierce struggles against gentrification displacement and environmental hazards and most got little or no support from government In fact community based plans in New York far outnumber the land use plans produced by government agencies In New York for Sale Tom Angotti tells some of the stories of community planning in New York City how activists moved beyond simple protests and began to formulate community plans to protect neighborhoods against urban renewal real estate mega projects gentrification and environmental hazards Angotti both observer of and longtime participant in New York community planning focuses on the close relationships among community planning political strategy and control over land After describing the political economy of New York City real estate its close ties to global financial capital and the roots of community planning in social movements and community organizing Angotti turns to specifics He tells of two pioneering plans forged in reaction to urban renewal plans including the first community plan in the city the 1961 Cooper Square Alternate Plan a response to a Robert Moses urban renewal scheme struggles for environmental justice including battles over incinerators sludge and garbage plans officially adopted by the city and plans dominated by powerful real estate interests Finally Angotti proposes strategies for progressive inclusive community planning not only for New York City but for anywhere that neighborhoods want to protect themselves and their land New York for Sale teaches the empowering lesson that community plans can challenge market driven development even in global cities with powerful real estate industries **Municipal Reference Library Notes** ,1961 *Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986* ,1990
