Recommendations for the Future      **Development of a Primitive Tribe** Bhagyalaxmi Mahapatra, 2011 Study conducted in the villages of Malkangiri District of Orissa India      **Brick by Brick** Manjula Bharathy, 2022-01-01 People's Planning Campaign PPC was an innovative decentralised planning exercise experimented by the Left Democratic Government in Kerala 1996-2001 for deepening local governance PPC conceptualised poverty in relation to a host of inequalities such as economic dispossession and political marginalisation in contrast to technocratic and neoliberal prescriptions Rather than placing faith in either the rational and comprehensive decision making or incremental institution building championed by public administration and managerial sciences PPC relied on local experiences emerged through reflexive reasoning and dialectical engagements with citizens This volume analyses two critical components of the PPC Women Component Plan WCP and Tribal Sub Plan TSP designed to empower the most marginalised citizens in Kerala women and the Scheduled Tribes Through detailed examination of the processes of mobilisation conscientisation and citizenship targeting these groups the book assesses the possibilities and limitations of planning processes devised to politicise and redress the grievances of the dispossessed In doing so the analysis contrasts the depth of participation the nature and quality of deliberative processes and the substantive outcomes of participation for these two marginalised groups along with a detailed analysis of the reasons for the ineffective media strategies of the PPC and their dysfunctional interventions that failed in countering the hegemonic social and political power structures      **Betwixt Development and Discontent** Lalita Prasad, 2017-01-01 The book throws light on important dimensions of tribal development and discontent among the tribes who are living in the south eastern sub region of east west part of Uttar Pradesh It includes the whole Sonbhadra district and adjoining subdivisions of Mirzapur and Chandauli Allahabad and Chitrakoot The area is contiguous with the junction of the vast country's tribal region lying in Jharkhand Chhattisgarh and Madhya Pradesh They have emerged as the main theater of Naxal activities The question of appropriate tribal centred development hardly ever arises at the policy plans What kind of development appears to be the more pertinent issue There is seeming paradox inherent in the situation because if we look at the tribals living in Uttar Pradesh we find that there is relatively more manifest unrest and rebellion in the more developed South Eastern section i.e. Naugarh Chandauli along with Sonbhadra than in the Western Sector i.e. Southern portion of Mirzapur Allahabad and Chitrakoot districts Why tribes of this region have not been able to come at par with rest of the society even after more than Twelve Five Year Plans Why should there be relatively greater unrest and protest in the relatively more developed parts of this elongated geographic regions This brings in the question of the type of Mainstream development This sub section has witnessed since 1950s extensive mining string of large scale industries roads and other infrastructural investments which is itself a major cause of dalit unrest These development programmes induced displacement involuntary migration and resettlement and land alienation are the most important causes of their illiteracy poverty and enormous problems Scholars of Sociology Anthropology and Philanthropy will find the book informative and useful They will understand the real causes of
