Harrod, 2015-05-21 Love stories have always been at the heart of French cinema, but romantic comedies have until recently been absent from it. In 2001, the global success of *Amélie* catalysed a major development in the Western world's second largest film industry: the appropriation of the Hollywood romantic comedy genre, or *Rom Com à l'Américaine*. In *From France with Love*, Mary Harrod explores this contemporary phenomenon, examining both local hits and films with international status. Using socio-cultural data, box office figures, and analysis of critical reception, she reveals the ways in which these films mirror shifting attitudes towards gender roles within French society, as well as the increasingly important interrelation between French national cinema and transnational filmmaking paradigms.

Joan of Arc and Christine de Pizan's Ditié Karen Green, 2021-06-29 Grounded in a close reading of the records of Joan's trial and rehabilitation, on the early letters announcing her arrival at Chinon, and on three literary works: Christine de Pizan's *Ditié*, Martin le Franc's *Le Champion des dames*, and Alain Chartier's *Trait de l'Espérance*, this controversial work argues that serious historians should accept that Joan was trained. It proposes that she was identified and taught how to behave in the expectation of the fulfillment of the Charlemagne Prophecy and other prophecies from the Joachite tradition. It explores the possibility that Christine de Pizan, who had been promoting these prophecies from the beginning of the century, had some hand in the process that resulted in Joan's

appearance and demonstrates at the very least that there are many links connecting Christine de Pizan to the knights who fought with Joan *Blood Red, Sister Rose* Thomas Keneally, 2017-11-14 Jehannette an illiterate peasant girl of seventeen hears voices that tell her she must help the Dauphin become king But this proves hard to accomplish in 15th century France as the British occupy parts of the country including Rheims where the crowning must take place Jehannette must first convince the Dauphin of her mission and then help lead his army to push back the occupiers Will this tough radical yet vulnerable girl be able to triumph without questioning her own sanity Thomas Keneally's interpretation of Joan of Arc contains a new vigor and authenticity not before seen in the Maid of Orleans stories Capturing with incredible detail the realities of 15th century life *Blood Red Sister Rose* imaginatively portrays one of history's most inspiring passages with immediacy and drama When Everyone Knows That Everyone Knows . . . Steven Pinker, 2025-09-23 From one of the world's most celebrated intellectuals a brilliantly insightful work that explains how we think about each other's thoughts about each other's thoughts ad infinitum It sounds impossible but Steven Pinker shows that we do it all the time This awareness which we experience as something that is public or out there is called common knowledge and it has a momentous impact on our social political and economic lives Common knowledge is necessary for coordination for making arbitrary but complementary choices like driving on the right using paper currency and coalescing behind a political leader or movement It's also necessary for social coordination everything from rendezvousing at a time and place to speaking the same language to forming enduring relationships of friendship romance or authority Humans have a sixth sense for common knowledge and we create it with signals like laughter tears blushing eye contact and blunt speech But people also go to great lengths to avoid common knowledge to ensure that even if everyone knows something they can't know that everyone else knows they know it And so we get rituals like benign hypocrisy veiled bribes and threats sexual innuendo and pretending not to see the elephant in the room Pinker shows how the hidden logic of common knowledge can make sense of many of life's enigmas financial bubbles and crashes revolutions that come out of nowhere the posturing and pretense of diplomacy the eruption of social media shaming mobs and academic cancel culture the awkwardness of a first date Artists and humorists have long mined the intrigues of common knowledge and Pinker liberally uses their novels jokes cartoons films and sitcom dialogues to illuminate social life's tragedies and comedies Along the way he answers questions like Why do people hoard toilet paper at the first sign of an emergency Why are Super Bowl ads filled with ads for crypto Why in American presidential primary voting do citizens typically select the candidate they believe is preferred by others rather than their favorite Why did Russian authorities arrest a protester who carried a blank sign Why is it so hard for nervous lovers to say goodbye at the end of a phone call Why does everyone agree that if we were completely honest all the time life would be unbearable Consistently riveting in explaining the paradoxes of human behavior *When Everyone Knows That Everyone Knows* invites us to understand the ways we try to get into each other's heads and the harmonies hypocrisies and outrages that result **Public Opinion**
