Poison Modern Manifestations Of A Blood Libel:

Blood Libel and Its Derivatives Raphael Israeli, 2017-09-08 At the doorstep of the twenty first century one would expect that medieval concepts such as blood libel the accusation that Jews kill children to use their blood in religious ritual would have been discarded by any civilized human being Certainly in the Christian world where the story originated and endured for centuries modern attitudes have nearly erased these barbaric accusations But in Arab and Islamic worlds where enmity towards Israel and Zionism has conditioned beliefs attitudes positions and fantasies blood libel and similar charges are still part of life Most people are unaware of the history of blood libel and do not perceive links between it and many of the false accusations currently hurled against the state of Israel Raphael Israeli argues that individuals and organizations guilty of human rights crimes project crimes onto Israel to avoid awareness of their own guilt Certainly when countries ruled by dictators set the agenda of the UN Council for human rights Israel is consistently censured and condemned Accusations of apartheid and charges of discrimination against Muslims are frequently made Israel is accused of plots against Muslims in order to harm their productive sectors of using weapons of mass destruction to commit genocide against Arabs of injecting poisonous substances into Palestinian children of poisoning Arab lands under the guise of agricultural aid and of laying siege to peaceful citizens All of these charges are derivatives of blood libel and have been adopted by Middle East Jihadists in their struggle against Israel This volume aims to explain the origins of the charge of blood libel and define the ways its derivatives have achieved acceptance in certain parts of the world today Blood Libel Hannah Johnson, 2021-03-11 The first book investigating the recent historiography of the ritual murder accusation *Poison* Raphael Israeli, 2002-01-01 This is the story of an amazing manifestation of a modern blood libel against the Jews and Israel involving not only Arabs and Muslims but also the European media and world organizations Based on rich documentation from all angles Israeli Palestinian Arab European American and International Raphael Israeli aims to draw our attention toward another piece in the multi faceted puzzle of the Arab Israeli dispute and of international antisemitism By bringing this Middle Eastern version of the perennial theme of blood libel before their readers the author hopes to instruct people of good will of the dangers inherent in protracted conflicts such as the one opposing Israelis and Arabs which can provoke war misery destruction and violence but also recriminations born out of hallucinations and ill will This is a multi disciplinary book which should interest not only students of antisemitism Judaism and Israel but also psychologists journalists political scientists and scholars of communications the Middle East international relations and the Israeli Arab dispute **Hatred, Lies, and Violence in the World of Islam** Raphael Israeli, 2017-09-08 Hatred Lies and Violence in the World of Islam examines the torrential flood of anti Israeli anti Jewish and anti Zionist propaganda that permeates many Muslim societies Raphael Israeli locates the source of this anti Semitic sentiment in the inadequacies and insecurities of Muslim states By demonizing and delegitimizing Israel and Jews they seek to eliminate a successful counterexample of their own failures thus putting an end to their own

humiliation Beyond mapping the distribution of anti Israel and anti Jewish propaganda in the Arab and Islamic worlds Israeli uses case studies to illustrate the premises of this study the Palestinians who have a direct stake in battling Israel Turkey which now claims leadership of the Arab and Sunni Muslim worlds and Shi ite Iran which provides a more extreme example of both hatred and disregard for fact and history while threatening to destroy Israel Israeli documents the worldwide collaboration between Jew haters of all sorts explaining the exponential growth of Jew hatred on the Internet with thousands of new hate sites added every year outpacing Jew hatred in the traditional media He places anti Semitism in a broader tradition of political lies and political deceit In the final chapter Israeli considers the possibility of reversing anti Jewish agitation in Muslim countries which he finds unlikely because so many of the region's regimes are built on foundations of anti Semitism

Defeat, Trauma, Lesson: Israel Between Life and Extinction Raphael Israeli, 2014-07-22 History books are usually written by victors while the defeated write poetry and words of nostalgia hoping for better days This volume takes major defeats in Jewish history and tries to describe what happens to a defeated nation and how in the specific case of Israel and the Jews the trauma of defeat engenders hope and forces the survivors to learn lessons for the future The destruction of the two Jewish temples in antiquity the Holocaust and the 1973 War serve as case studies to illustrate the problematic National grief as a result of disasters is a process of recuperation Drawing lessons learned from the event will help the nation come out of trauma Survivors commemorating the dead also help that process

Alternative Paths to Influence Giulio M. Gallarotti, 2023-06-06 This book offers new and cutting edge analyses of under explored subjects and issues in the realm of soft power It attempts to fill significant scholarly gaps in understanding the process by which soft power is created as well as gaps in demonstrating its impact Soft power is one of the most influential ideas in the study of international politics over the past thirty years Can nations attain their most vital foreign policy objectives in agreeable ways Advocates of the concept of soft power have vociferously answered in the affirmative After many years of thinking in the field of international affairs that the only effective path to influence in international politics was military and economic power the idea of soft power offers new and exciting possibilities of gaining such influence through a more benign path one that elevates cooperation and esteem as preferred alternatives to violence threat and military capacity This book posits that the realization of the full potential of soft power as a foundation for international relations is a crucial goal for our present world one beset by war and planetary crises The book will be of special interest to researchers across political science international relations cultural studies and foreign policy It was originally published as a special issue of the Journal of Political Power

Summing Up at Age 90 Raphael Israeli, 2024-07-15 This volume looks back at my approaching 90 years of age and the beginning of my 10th and assuredly last decade on this earth I use my long and diversified scholarly life experience to leave behind a final and I hope lasting impression of an Israel where I have lived since age 14 completed my studies taught thousands of students and written dozens of books on a variety of topics mostly related to the Islamic world and some on China I am departing an Israel

that has been traumatized following the sudden deadly attack by Hamas on October 7 2023 on 1 300 Israelis and the abduction of 240 more into captivity in Gaza including babies the elderly and women all of whom were abused one way or another Only a revolutionized Israel in all domains which is acutely expected by all Israelis in its military political social cultural and economic fields is likely to start mending these long term wounds that have caused dislocation refugees misery and destruction on both the directly related Gaza border where 22 village communities have been annihilated and the Lebanese border where similar carnage and ruin are looming unless the Hizbullah which has gratuitously joined the fray is tamed or defeated

The Murder of William of Norwich E. M. Rose, 2015 In 1144 the mutilated body of William of Norwich a young apprentice leatherworker was found abandoned outside the city's walls The boy bore disturbing signs of torture and a story spread that it was a ritual murder performed by Jews in imitation of the Crucifixion as a mockery of Christianity The outline of William's tale eventually gained currency far beyond Norwich and the idea that Jews engaged in ritual murder became firmly rooted in the European imagination E M Rose's engaging book delves into the story of William's murder and the notorious trial that followed to uncover the origin of the ritual murder accusation known as the blood libel in western Europe in the Middle Ages Focusing on the specific historical context 12th century ecclesiastical politics the position of Jews in England the Second Crusade and the cult of saints and suspensefully unraveling the facts of the case Rose makes a powerful argument for why the Norwich Jews and particularly one Jewish banker were accused of killing the youth and how the malevolent blood libel accusation managed to take hold She also considers four copycat cases in which Jews were similarly blamed for the death of young Christians and traces the adaptations of the story over time In the centuries after its appearance the ritual murder accusation provoked instances of torture death and expulsion of thousands of Jews and the extermination of hundreds of communities Although no charge of ritual murder has withstood historical scrutiny the concept of the blood libel is so emotionally charged and deeply rooted in cultural memory that it endures even today Rose's groundbreaking work driven by fascinating characters a gripping narrative and impressive scholarship provides clear answers as to why the blood libel emerged when it did and how it was able to gain such widespread acceptance laying the foundations for enduring antisemitic myths that continue to present

Israel's New Strategic Dilemmas Raphael Israeli, 2012 Israel's New Strategic Dilemmas Survival or Revival details the strategic problems facing Israel today as a result of the asymmetrical terrorist wars imposed on it With the motive of delegitimizing Israel and forcing it to react against civilian terrorists who dwell amidst other civilian populations and who do not have any legal or international standing these wars create an untenable situation of retaliation and casualties Unless Israel succeeds in making the necessary reforms in the strategic areas of security and domestic affairs its chances for survival are dwindling An important and fascinating reading experience Israel's New Strategic Dilemmas Survival or Revival will shift your perspective on a highly contentious and complex topic About the Author Raphael Israeli grew up in Morocco and Israel and currently resides in Jerusalem where

he is a University Professor He was motivated to write Israel s New Strategic Dilemmas Survival or Revival by the exposure and criticism of Israel in the world media due to its counterattacks against terrorism in the second Lebanese War 2006 and the Gaza War 2008 9 He is working on his next book about the death camps in Bosnia and Croatia during WW II and the alliance between the Nazis and their Muslim collaborators Publisher s website <http://www.SBPRA.com> RaphaelIsraeli

From Arab Spring to Islamic Winter Raphael Israeli,2017-09-08 The world is watching with uncertainty as the Arab Spring unfolds Optimistically named by international media sources the term Arab Spring associates the unrest with ideas of renewal revival and democratic thought and deed Many hoped the overthrow of authoritarian leaders signaled a promising new beginning for the Arab world Raphael Israeli argues that instead of paving a path toward liberal democracy the Arab Spring in fact launched a power struggle Judging from the experiences of countries where the dust is settling including Tunisia Egypt Yemen and perhaps also Syria and Libya it appears that Islamic governments will fill the vacuum in leadership The hopes that swept the Islamic world with the Arab Spring have given way to a winter of lost hopes and aspirations as it becomes increasingly clear that democratic outcomes are not on the horizon What is worse is that the West seems to have abandoned its hopes for democracy and freedom in the region instead making peace with the idea that Islamic governments must be accepted as the lesser of evil options Presenting a clear eyed picture of the situation Israeli examines thematic problems that cut across all the Muslim states experiencing unrest He groups the countries into various blocs according to their shared characteristics then discusses these groups one by one For each country he considers whether the liberal democratic option is viable and examines what kind of regime could be considered legitimate and stable This volume offers valuable insights for political scientists Middle Eastern specialists and the general informed public eager to comprehend the import of these momentous events *Islamikaze* Raphael Israeli,2004-08-02 *Islamikaze* Manifestations of Islamic

Martyrology explains the historical background to the events of 11 September 2001 the Western countermeasures and the reactions to both in the Muslim world The attacks generated much debate over the role of religion and Israeli makes a very important contribution to the understanding of the concept of the Martyr in Islam and the doctrine of Martyrdom as well as those who champion it ideologically and theologically and the identified enemies of the Muslim fundamentalists He illustrates his thesis with a selection of texts extolling the Martyrs erroneously called suicide bombers BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The Intractable Dispute** Raphael Israeli,2019-02-21 The Middle East conflict which has been raging for a century and seems to have no end in sight is not over territory or other assets but is historically anchored in the Islamic tradition which has become the preponderant faith of the Arabs Being a qualitative factor of an either or import from the Muslim point of view which is today best expressed by Iran the Muslim Brothers Hamas Hezbollah and other radical Muslim movements it is not given to negotiation and compromise as any other political conflict but is governed by absolutes and one sided perspectives Arab nationalism Islam and Zionism are the main

political and religious movements taking center stage in this conflict The intractable nature of the conflict has so far defied all negotiations agreements and peace treaties All the proposed peaceful settlements have thus far remained brittle while the fundamental issues of stereotyping suspicion hatred and condescendence have remained in place unshaken This book confronts two contradictory ideologies and attempts to bridge them over **Rushing to Self-Perdition** Raphael

Israeli,2021-04-27 Rushing to Self Perdition rings the alarm on the naivete of the Israeli and Western world which has been numbed by peaceful and soothing Arab declarations both domestically and internationally This has left them naively rushing to share power with Israel s sworn enemies both inside Israel and outside of it while letting down their defenses in spite of the continued Arab and Muslim denial and rejection of the idea of a Jewish state and of Zionism as the foundational principle of Israel s birth The 20 percent substantial Arab Palestinian minority in Israel declares insistently that it is only concerned with its own people s interest and safety and could not care less about the welfare of Israel They align with the hostile attitudes of the Palestinian people rather than with their state of Israel and still declare that they would have nothing to do with Israelis who pursue the maintenance of a Jewish and Zionist majority of their country They would conversely continue to press for de Judaization and de Zionization of the country while still expecting na ve Israelis to link up and share power with them

Ethnic Cleansing Raphael Israeli,2019-04-04 Ethnic Cleansing is about the various forms of population displacement from migration and ethnic cleansing to violent removals and expulsions which may end up in genocide It also shows how amidst displacement the Jewish people have developed a millennial culture of survival This volume covers the experience of population displacement in Europe Asia and the Middle East where the most renowned cases of migration and ethnic cleansing have happened under different regimes and in various cultures along the history of mankind Today the author is also concerned with the plight of the Rohingya refugees from Myanmar living in Bangladesh and the perennial Palestinian refugee problem [The Internationalization of ISIS](#) Raphael Israeli,2017-07-05 An Islamic terrorist movement

ISIS also dubbed IS or ISIL has taken advantage of the chaotic Arab Spring in Syria and Iraq to declare an Islamic Caliphate wherever it has been able to rise to power This movement is continuously attempting to extend the territory of its rule The Egyptian Sinai Peninsula and the Libyan post Qaddafi desert country have sworn allegiance to the Caliphate and every town that is captured by the fighting forces of ISIS is forced to submit to strict Islamic law The Caliphate movement is constantly increasing its power and influence It is not only sustained by the thousands of local recruits but it is reinforced by many thousands of Muslim minority youth dwelling abroad These youths are charmed by the purity of its ideals and goals its brutal and coercive ways and its defiance of the West The United States some moderate Arab allies in the Gulf and some other international players including Russia have launched attacks against the ISIS forces to prevent them from further destroying the ancient cultures of Mosul and Palmyra dedicated by UNESCO as part of the world heritage Beyond that there does not seem to be any force capable of arresting their advance or checking their universal appeal to Muslims around the world

Israeli's pessimistic conclusion is that ISIS may be contending for power in the Middle East for many years to come while threatening to become a centre of terrorist activity against the West The Absence of Evidence and Its Consequences in Travesties of Justice Raphael Israeli, 2019-01-29 This book is built on the assumption that very often what seems to be evidence turns out to be fake news while libels and stereotypes that have no foundation in reality are accepted as evidence thus potentially causing travesties of justice Examples are drawn here from several prominent and renowned case studies including OJ Simpson's trial and the fiasco of American intervention in Iraq to search for the traces of weapons of mass destruction which were not found The book also explores the history of anti-Semitism which is replete with false accusations where evidence was lacking and Jews were nevertheless convicted It also shows how the Arab Israeli conflict also demonstrates how unfounded accusations can be sustained by lies proving that beliefs and prejudices are sometime stronger than hard facts The Eleventh Plague Jeremy Brown, 2023 Written in a lively and compelling style this book explains the hidden relationship between Judaism and the world of infectious disease It combines history medicine science and religion and gives us a new appreciation of how Jews and Judaism have been deeply shaped by plagues and pandemics from ancient times up to the present Suicidal Democracy Raphael Israeli, 2019-09-11 Suicidal Democracy Israel's Future in the Arab Environment spells out the perils inherent in the practice of democracy at any price even when it takes precedence over national identity and disregards national security and national existence just in order to preserve the ideal of democracy For one the values of existence and survival are considered by author Raphael Israeli as overwhelming while the character of a regime is only auxiliary to ascertain a better existence Therefore to choose any kind of government one first must guarantee one's survivability This volume examines the way Israel has been disregarding these basic life requirements in its frenzied drive to be and to appear as a supreme practitioner of democracy both towards its large Arab population and in its relations with the Arab world while the latter have been abusing democracy and liberal policies to bring Israel to its demise Israel Since the Six-Day War Leslie Stein, 2014-08-13 Completing his acclaimed trilogy on the history of Israel Leslie Stein brings readers right up to contemporary events in Israel Since the Six Day War Stein vividly chronicles Israel's wars and military engagements but he also incorporates fascinating assessments of many other issues including Israel's economic development the nature of the PLO and Palestinian Authority and Israeli settlements in the West Bank and Gaza Furthermore Stein explores broader social issues such as extremist Jewish movements and the varying fortunes of migrants from Russia and Ethiopia to convey clearly a sense of the diversity and complexity of modern Israel Wide ranging and judicious Stein's cogent and compellingly readable account of Israel's recent past will engage students and general readers alike **The Islamic Challenge in Europe** Raphael Israeli, 2017-09-08 Since the World Trade Center attacks in New York on September 11 2001 Europe has been plagued by Islamist attacks that have taken many lives and disrupted many services Considerable attention has been paid to radical Islamist attacks on the United Kingdom France and Germany but far less focus has been on the

Islamist extremist impact on the rest of Europe This book warns all Europeans but Middle Easterners as well that they are not immune to terror That terror is confined to Jews and Israel is a myth Muslim extremist attacks have taken place against other Muslim nations as well as European nations in which Jewish influence or Israeli support is negligible The waves of Muslim recrimination against the West have given rise to internal struggles within the Arab world played out in terrorist acts Muslim brotherhoods have defined a global war against other religions nations and cultures that stray from the principles of fundamentalism a cultural and military jihad Just where religious identity supervenes national identity has become a critical turning point Israeli s book shows that the line between moderates and extremists within the Islamic fold is vague ambiguous and in certain situations non existent It draws attention to polls and public sentiments of the Islamic faithful and emphasizes the Islamic attack on modernization and its cultural sources This timely volume is addressed to those in the West who are not accustomed to thinking in apocalyptic terms Israeli provides painstaking details of European responses to Islamist challenges particularly those who prefer pragmatic compliance rather than response He demonstrates that Islamic extremism continues to grow in the heartland of the European world This is neither an optimistic nor pessimistic book its disturbing message may be a wake up call to some It is a necessary read for those who want to go beyond news opting for a more intellectual and comprehensive diet
