Poland In Perspective:

Solidarity in Poland, 1980-1981 and the Perspective of Political Revolution Wolfgang Weber, 1989 Universal History in Perspective Emma Willard, 1873 Poland Within the European Union Aleks Szczerbiak, 2012 Provides a detailed empirical case study of the impact of the EU on Poland and Poland's impact on the EU in the first three years of membership from 2004-2007 **Poland in the Single Market** Anna Visvizi, Anna Matysek-Jędrych, Katarzyna Mroczek-Dąbrowska, 2020-10-21 By all accounts the case of Poland and its segue to market economy and democracy is a success story 30 years of uninterrupted growth and development infrastructure expansion and modernization of the economy and society Epochal changes have unfolded in a timespan of merely three decades Change has taken place so fast that children born in late 1980s and onwards cannot remember what life in Poland under communism was like and cannot relate to it Also many elderly people easy victims of romanticizing their own youth tend to forget As a result the uniqueness of Polish transition and transformation the boldness and efficiency of reforms and the success that Polish society mastered together tend to be undermined today both domestically and internationally Poland has now been a member of the EU for more than 15 years During that time Poland's image on the EU scene evolved from newcomer through model child champion of growth to in some respects a maverick This volume's objective is to remind society old and young researchers scholars and practitioners that Poland's success is an outcome of well thought out and bold structural reforms implemented in a swift and timely manner of society's support for these reforms and of third actors benign assistance Looking back on the 30 years since the collapse of communism and at the over 15 years of EU membership this book offers an interdisciplinary comprehensive and critical insight into factors and processes that have led to today's Poland *The Un-Polish Poland, 1989 and the Illusion of Regained Historical Continuity* Tomasz Kamusella, 2017-08-21 This book discusses historical continuities and discontinuities between the Polish Lithuanian Commonwealth interwar Poland the Polish People's Republic and contemporary Poland The year 1989 is seen as a clear point break that allowed the Poles and their country to regain a natural historical continuity with the Second Republic as interwar Poland is commonly referred to in the current Polish national master narrative In this pattern of thinking about the past Poland Lithuania nowadays roughly coterminous with Belarus Latvia Lithuania Poland Russia's Kaliningrad Region and Ukraine is seen as the First Republic However in spite of this politics of memory Geschichtspolitik regarding its borders institutions law language or ethnic and social makeup present day Poland in reality is the direct successor to and the continuation of communist Poland Ironically today's Poland is very different in all the aforementioned aspects from the First and Second Republics Hence contemporary Poland is quite un-Polish indeed from the perspective of Polishness defined as a historical that is legal social cultural ethnic and political continuity of Poland Lithuania and interwar Poland *Examining Perspectives of Small-to-Medium Powers in Emergent Great Power Competition* Philip M. Baxter, 2025-09-29 This book delves into the resurgence of China and Russia as assertive

regional powers igniting debates and renewed interest in the dynamics of great power politics and power transitions The questions of how competition with these states will evolve and what the future international system may resemble given their potential regional dominance are at the forefront of global concerns in the coming decades As power politics intensify the significance of allies and alliance systems escalates becoming critical tools for states seeking to navigate this rising great power competition effectively

American Policy Toward Communist Eastern Europe John C. Campbell, 1965-06-10 American Policy Toward Communist Eastern Europe was first published in 1965 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Perhaps no aspect of American foreign relations has been in greater need of clarification and understanding than our policy toward the Communist nations of Eastern Europe both as to what has happened in the past and what is possible for the future In this book a former State Department Official now on the staff of the Council on Foreign Relations provides objective information which will help students professors members of adult study groups and others concerned with American foreign policy to understand and discuss this important subject Mr Campbell reminds us that the cold war began in Eastern Europe in the aftermath of the second World War Since that time the question of what to do about Eastern Europe has been in the forefront of American foreign policy For some years he contends we have been uncertain of our objectives and ambivalent in our policies Meanwhile changes since the death of Stalin have created new situations both for the Soviet Union and for the West In analyzing what has happened the author emphasizes the forces which have shaken the unity of the Soviet bloc to create new perspectives and possibilities He discusses the effects of the Soviet Chinese split the relationship of the German question to that of Eastern Europe and the phenomenon of national Communism as it has appeared in different forms in Yugoslavia Poland Rumania and elsewhere After presenting the historical background the author discusses American aims and current policies and outlines the choices he sees ahead He does not plead for any one of the alternative lines of action presenting them rather as a basis for reasoned consideration and debate

Poland and Slovakia: Bilateral Relations in a Multilateral Context (2004-2016) Joanna Dyduch, Igor Kosir, Radosław Kupczyk, Jaroslav Usiak, 2017-04-25 This book investigates the complex relations between the Republic of Poland and the Slovak Republic in the context of ongoing processes in the European Union's political and economic system The basic assumption of the study is that Polish Slovak relations are affected and shaped not only by the interaction between the two of them but also by the dynamics of the European and global international environment The authors explore different aspects of the interconnectedness of Warsaw and Bratislava This includes the analysis of political economic and social dimensions of bilateral relations in the multilateral context One of the goals of this volume is to define areas and spheres of Poland's and Slovakia's common interest as well as to point out those areas with the highest potential for development It also defines and analyzes problematic issues in common relations that could be seen as obstacles in developing cooperation in specific areas and politically strategic areas like foreign and security policy Moreover the book seeks to measure the extent to which Polish Slovak relations are affected by the European integration process

European Strategic Autonomy and Small States' Security Giedrius Česnakas, Justinas Juozaitis, 2022-12-26 This book analyses whether the EU's drift towards European strategic autonomy presents a challenge or a window of opportunity for its small member states to advance their

security interests The volume presents small states perceptions of European strategic autonomy highlighting their expectations and concerns The chapters focus on the depth and breadth of European strategic autonomy national security considerations assessment of the impact on transatlantic relations the expected outputs and its potential impact on the EU s institutional structure It also shows how systemic circumstances and the interests of powerful states either belonging to the EU France Germany and Poland or having a significant say in European security architecture the US establish opportunities and constraints for the small states to shape European strategic autonomy In particular the study focuses on the diverging interests of the Baltic states Estonia Latvia and Lithuania Belgium Denmark Greece Hungary and the Netherlands It demonstrates that in most cases European strategic autonomy is perceived not as an alternative to NATO but as a supplementary element that could facilitate the development of national military capabilities indigenous defence industries and resilience to non military threats Ultimately the book suggests that national approaches towards European strategic autonomy mainly stem from pragmatic national security and foreign policy considerations while largely ignoring grand strategic ideas This book will be of much interest to students of European politics security studies and international relations The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Ambiguities of Europe's Eastern Neighbourhood Wolfram Hilz, Shushanik Minasyan, Maciej Raś, 2020-03-27 Based on the diverging interests of Germany and Poland as influential members of the European Union on the Eastern Partnership EaP the contributions in the anthology analyse specifics and current problems of the states in EU s Eastern neighbourhood By including the interests of Russia and the USA which go beyond the EU the geostrategic implications of these relations for the Eurasian region will also be highlighted The studies of renowned German and Polish experts represent the results of individual research and bilateral exchange on the current state of EU s relations towards its Eastern neighbours
