Foreign Affairs,1972 Christian Register and Boston Observer... ,1920 **Beyond the North American Model of Wildlife Conservation** Anja

Heister,2022-10-26 The North American Wildlife Conservation Model NAM is the driver of a strong anthropocentric stance which has legalized an ongoing annual exploitation of hundreds of millions of wild animals who are killed in the United States through trapping hunting and other lethal practices Increasingly the American public opposes the killing of wild animals for recreation trophies and profit but has little if any knowledge of the Model The purpose of this book is to empower the public with knowledge about the NAM s insufficiencies and to help expedite the shift from lethal to compassionate conservation an endeavour urgently needed particularly under the threats of climate change human population growth and accelerating plant and animal species extinctions With a focus on trapping this book exposes the NAM s belief in human supremacy and its consequences for wild animals and their ecosystems the same value that is driving the ongoing global destruction of nature and accelerating species extinction Motivated by a deep concern for wild animals who suffer and whose lives are extinguished each year by sportsmen and women this book exposes the violent treatment of wild animals inherent in governmental promoted hunting and trapping programs while emphasizing the importance of empathy and compassion for other animals in conservation and in our lives Wilderness Medicine E-Book Paul S.
