Polarities Evolution Of Mankind:

Polarities in the Evolution of Mankind Rudolf Steiner, 1987 Steiner unfolds here the spiritual background to many social questions around the theme of the polarities of West and East materialism and mysticism knowledge and belief He makes visible the forces of decline active in modern civilization and how these three are trying to wrest human destiny from the active participation of human beings He presents with profound poignancy how Christ is pouring a new spirit into human evolution Polarities in the Evolution of Mankind Rudolf Steiner, 2000-01 **The Encounter with Evil and Its**

Overcoming Through Spiritual Science Sergei O. Prokofieff, 1999 In our everyday lives we are constantly challenged by the phenomenon of evil in all its many manifestations But how can we cope with this seemingly eternal hindrance In the first of these three essays Prokofieff suggests that we start by developing a knowledge of the forces of evil in order to learn how they work in human evolution Such knowledge is in itself the beginning of the process of overcoming evil In order that members of the Anthroposophical Society might go further along this path Rudolf Steiner gave them the spiritual Foundation Stone of the Good This Foundation Stone which consists of light imaginative form and the substance of love can live in our hearts and souls as a firm foundation for esoteric work and a creative contribution towards the overcoming of evil Ultimately it can lead us to a conscious experience of Christ in the etheric realm of the earth In the second and third essays Prokofieff examines further themes relating to the etheric advent of Christ and its connection with the Foundation Stone of the Good

May Human Beings Hear It! Sergei O. Prokofieff, 2014-03-12 During the Christmas period of 1923 4 Rudolf Steiner refounded the Anthroposophical Society at its headquarters in Dornach Switzerland This important event which has come to be known as the Christmas Conference can be studied on many levels and its many mysteries have been central to Sergei O Prokofieff's anthroposophical research over the years His beginning point has been an enduring question What did Rudolf Steiner mean when he called the Christmas Conference the start of a World Turning point of Time In this far reaching work the author working from several different viewpoints guides the reader towards an answer Prokofieff suggests that the impulse of the Christmas Conference can only be reenlivened today through conscious action by individuals to experience its spiritual essence Rather than offering dogmatic conclusions he opens up paths of approaching this goal by throwing light on different aspects of the Conference and what lies at its heart the Foundation Stone and its Meditation In particular Prokofieff explores three key perspectives the connection of the Christmas Conference with humanity's evolution the inner relationship of each individual anthroposophist to the Christmas Conference and the significance of the Conference to Rudolf Steiner himself Although this is major work of some length the individual chapters of *May Human Beings Hear It* are complete in themselves and can therefore be studied independently of each other *The Present Evolution of Man* Reid, 1896 *The Present Evolution of Man* Sir George Archdall O'Brien Reid, 1896 **The Imagination of Pentecost** Richard Leviton, 1994 Carlo Pietzner speaks out of his own ego directed inner experiences about several motifs inherent to inner striving the

problem of self in relationship to the world the disintegration of the three soul forces the transition from sense perception to spiritual perception the reality of evil the condition of loneliness and more

Rudolf Steiner and the Founding of the New Mysteries Sergei O. Prokofieff, 2017-06-21 In this revised and expanded edition of his classic debut Sergei O Prokofieff investigates the deepest mysteries of Rudolf Steiner's life and individuality from the years of apprenticeship and the great Sun period to the path of the Teacher of Humanity and the birth of the New Mysteries He discusses the earthly and supersensible aspects of the first Goetheanum the implications of the Christmas Conference of 1923/24 and the Foundation Stone meditation that Steiner left as a legacy to members of the Anthroposophical Society In his very personal Introduction Prokofieff describes in moving detail the events in his life which led to his discovery of anthroposophy whilst living in Communist Russia and how eventually he came to write this extraordinary study of Rudolf Steiner The resulting volume a work of secondary anthroposophical literature unprecedented in its depth and significance was first published in Germany in 1982 meeting with equal amounts of acclaim astonishment and controversy It is published in this paperback edition to mark the 35th anniversary of the original publication

The Creative Conscience as Human Destiny Eduard Hugo Strauch, 2004 The Creative Conscience as Human Destiny explains how human nature derived from our biogenetic evolution Whereas human ingenuity and self realization replicate nature's creativity its morphogenesis human conscience epitomizes the integration of organic life its symbiosis These mutual processes became incarnate as humanity's creative conscience Similarly the co evolution of man and woman has enabled us to create cultures and civilization From our intimation of a Supreme Being in nature human beings have also evolved a supraconscience By acknowledging the wisdom of nature we have a philosophy of life for the future

Michael and the Two-horned Beast Bernard Nesfield-Cookson, 1998 In our materialistic and skeptical age it can be difficult to take seriously the existence of real spiritual beings Nevertheless countless individuals from the historic founders of religions to those who have been through near death experiences have spoken of beings of Light such as Angels and Archangels and evil beings spirits of darkness The author basing his work on Rudolf Steiner's teachings presents an epic picture of the forces of good and evil a battle of cosmic dimensions in which we are all intimately involved He clarifies the pivotal role of the Archangel Michael the Guardian of Cosmic Intelligence who fights to hold the balance between the key powers of evil in our time Lucifer and Ahriman and describes other members of the evil hierarchies He also discusses the biblical Apocalypse of St John the Mexican Mysteries and much else This book is an essential guide to meeting the challenge of evil at the new millennium

Edith Maryon Peter Selg, 2022-10-17 The most essential and intrinsic quality of her soul was not a particular branch of human endeavour not even art the most salient of her soul tendencies her soul intentions was the striving for spirituality Rudolf Steiner Edith Maryon 1872-1924 was a trained sculptor who worked alongside Rudolf Steiner to create the unique sculpture of Christ the Representative of Humanity at the Goetheanum in Dornach Switzerland One of Steiner's closest

collaborators she was a highly valued colleague and esoteric pupil As one of his dearest friends Maryon kept a busy and detailed correspondence with Rudolf Steiner in which he confided freely about his personal situation his lack of true colleagues difficulties with lecture tours and the embattled public standing of anthroposophy Almost invariably these letters emphasized Steiner's longing for the Dornach studio and their shared work on the Christ statue Maryon's early death aged 52 following fifteen months of illness shook Rudolf Steiner to the core He was to die himself less than a year later With this book the author's central aim is to illuminate the spiritual signature of Edith Maryon's relationship with Rudolf Steiner and their mutual work in anthroposophy and on the sculpture of Christ Building on Rex Raab's 1993 biography Peter Selg's moving study features dozens of photos and facsimiles of letters utilizing previously unpublished sources from Edith Maryon's and Ita Wegman's literary estates and the Rudolf Steiner Archive in Dornach

Christ and the Human Soul Rudolf Steiner, 2023-07-05 10 Lectures in Copenhagen and Norrköping May 23 30 1912 July 12 16 1914 CW 155 Spiritual science does not want to replace Christianity rather it aims to be the instrument through which the meaning of Christianity can be grasped And one thing that will become particularly clear through spiritual science is that the being whom we call Christ must be recognized as the center of life on earth and that what we call the Christian faith is the ultimate religion the eternal religion for the future of the earth Rudolf Steiner July 13 1914 This collection of lectures from 1912 and 1914 offers a deepened understanding of the being of Christ the divine Logos in his connection with individual human souls From religious figures such as John the Baptist and Saint Francis to the twentieth century poet Christian Morgenstern these lectures reveal

how Christ works with and through all who seek him The Pauline statement Not I but Christ in me becomes an inner guide by which each human soul can find a way to intimate union with the Christ being It is he who has the power to make our ideals and goals in life if they are worthy into true seeds of future reality The time of faith has come and gone Christ needs our conscious striving our effort to understand within the heart s deep core his ongoing presence and activity in the further evolution of our spiritual Earth and in our journey toward humanness These lectures are a comfort and a signpost for the soul to walk the inner path of communion with Christ for the healing and redemption of the earth We may be able in the end to redeem the karma accrued by our own individual souls but for our spiritual work to be fruitful for all humanity it must be brought into connection with Christ What we take into ourselves in such a way that it is done from the perspective of Not I this is what Christ makes into a common possession for all humanity July 14 1914 To know Christ means to undergo the school of selflessness Under the influence of materialism the selflessness of humanity was lost in a way as will be understood in future ages of humanity However through absorption in the Mystery of Golgotha the penetration of the knowledge of the Mystery of Golgotha with our whole feeling and soul being we can once again acquire a culture of selflessness We can come to understand that what Christ did for the development of the Earth is contained in the fundamental impulse of selflessness and that what he can become for the conscious development of the human soul is the school of selflessness Rudolf Steiner June 1 1914 To read these lectures is to strike out on the heart s path of fellowship with the living Christ This book is a translation from German of Christus und die Menschliche Seele ber den Sinn des Lebens Theosophische Moral Anthroposophie und Christentum GA 155 3rd ed Rudolf Steiner Verlag Dornach Switzerland 1994 Cover image Salvator Mundi 1499 1510 by Leonardo da Vinci [The Human Buddha](#) Aziz Kristof,2000-01-01 The Message for the New Millennium presents a vision of Awakening which reveals the human face of the Buddha It is essential at this moment in our evolution to return to a more realistic perspective of enlightenment Most seekers cannot relate to the concept of enlightenment for they feel intimidated by the image of the flawless Buddha Here The Human Buddha is no longer a spiritual superman who denies natural longings desires and human imperfections The Human Buddha is indeed a sensitive being a child of the Beloved like all of us The Human Buddha openly acknowledges the gentle and vulnerable quality of his or her heart *The Philosopher's Index* ,1988
