Police Probation And Protecting The Public:

Politics and Public Protection Mike Nash, Andy Williams, 2024-11-25 Responding to the need for an updated discussion on public protection and criminal justice legislation that links the past to the present *Politics and Public Protection* closely examines the interplay between politics and extreme criminal justice measures *Sex Offenders in the Community* Amanda Matravers, 2013-10-18 This book explores current criminal justice responses to the management of individuals who are convicted of sexual offences It aims to help policy makers practitioners and students to develop an informed position on this complex and increasingly controversial issue Although the focus is primarily upon the UK context contributions from North America USA and Canada provide an important comparative perspective *A Five Year Strategy for Protecting the Public and Reducing Re-offending* Great Britain: Home Office, 2006-02-09 This document sets out the Government's five year strategy to reform the criminal justice system in England and Wales in relation to the management of offenders focusing on measures to address the factors involved in patterns of reoffending Proposals include improved integration of prison and probation service roles under the National Offender Management Service the introduction of going straight contracts for offenders setting out a clear set of incentives and sanctions the creation of a single community order to replace existing communities penalties with a mix of 12 different requirements including unpaid community work as a community payback a new estates strategy for adult prisons with a plan for community prisons to be unveiled in Spring 2006 extended use of conditional cautions with variable fines based on ability to pay a new indeterminate sentence for public protection to ensure dangerous offenders do not get parole the introduction of a commissioning system that ensures the separation of those who buy services from service providers and legislation to turn probation boards into trusts *Student Handbook of Criminal Justice and Criminology* John Muncie, 2013-02 It discusses crime and criminology in relation to the media race Islam gender and politics and considers all the relevant theoretical debates that dominate criminology Chapters on the police courts probation and prisons are included along with more theoretical chapters regarding crime prevention youth justice and restorative and informal justice The Handbook also includes comparative materials and international criminal courts

Protecting the Public? Tessa Boyd-Caine, 2012-07-26 The separation of powers and independent judicial decision making are generally accepted as hallmarks of the rule of law in democratic societies Yet the exercise of executive discretion remains an important aspect of criminal justice in many areas *Protecting the Public* explores the tension between the rights of individuals detained under criminal and mental health law and the responsibility for public protection in the little known world of executive discretion over mentally disordered offenders It is based on extensive and unique empirical research conducted at the UK Home Office with legal and clinical practitioners with civil society organisations and by reference to comparative jurisdictions Central questions considered include executive judicial and tribunal decision making mental health and criminal law reform regarding serious or high risk offenders the influence of human rights law on policy and practice and

the role of civil society particularly victim interest groups in public policy Through its analysis of decisions to release high risk offenders this book goes to the heart of the public protection agenda examining how the public is constructed and what protection is provided by the exercise of executive discretion This book will be of interest to academic and other researchers students policy makers law reformers commentators and anyone interested in the field of criminal justice mental health law and public policy Handbook of Public Protection Mike Nash, Andy Williams, 2010-09-27 Public protection has become an increasingly central theme in the work of the criminal justice agencies in many parts of the world in recent years Its high public profile and consequent political sensitivity means that growing numbers of criminal justice professionals find their daily work load dominated by the assessment and management of high risk of harm offenders Developments such as sex offender registers and in the UK Multi Agency Public Protection Arrangements MAPPA have made this issue not only a core activity for police probation and prison services but to a range of other organizations as well in particular social work and the health services Partnership has become central to the concept of public protection At the same time the concept of public protection has occasioned increased political debate Protecting the public from high risk or dangerous offenders has become an international issue and has increasingly shaped criminal justice policy This text brings together leading authorities in the field providing authoritative coverage of the theory and practice of public protection both in the UK and internationally It provides a critical review of contemporary public protection practice as well as up to date research and thinking in the field

Managing High Risk Sex Offenders in the Community Karen Harrison, 2010-03 This book explores the issues surrounding sex offenders evaluating the measures in use or being considered including drug treatment MAPPA the use of the Sex Offender Register restorative justice techniques and treatment programmes **Risk and rehabilitation** Pycroft, Aaron, Clift, Suzie, 2013-10-16 Substance misuse including alcohol and mental health problems constitute a significant proportion of the work carried out in the criminal justice system Approaches to these often intractable problems have seen the rise of a dominant risk paradigm concerned with public protection and the use of coercion through court orders to access treatment This original and valuable book considers notions of risk and rehabilitation in detail within the practice of those court orders whilst contextualising them within a wider comparative literature and research base The efficacy of these approaches practice issues and innovations including for example therapeutic jurisprudence are analysed Risk and rehabilitation also includes discussions of the implications for partnership working and the importance of reconfiguring the nature of rehabilitative relationships This is a timely book as probation practice in the UK and elsewhere moves into a post what works era providing opportunities to review the evidence base for effective interventions *Policy Networks in Criminal Justice* M. Ryan, S. Savage, D. Wall, 2001-09-05 Policy Networks in Criminal Justice is a comprehensive and challenging collection of studies on the workings of pressure groups in criminal justice and the articulation of pressure group politics and criminal justice policymaking Against a back cloth of policy networks theory the authors examine the role and

activities of professional associations in the areas of policing probation law and the courts together with campaigning groups such as those in the areas of penal reform civil liberties and victims In addition the book includes a study of the growing role of local authorities in the world of criminal justice *Understanding Risk In Criminal Justice* Kemshall, Hazel,2003-08-01 the Crime Justice series has become a key resource for universities in teaching criminology and criminal justice Professor Kemshall has established herself as a leading figure in the concepts of risk risk management and public protection issues an invaluable read for those entering Criminal Justice or moving to work in projects or teams at the forefront of public protection Vista How significant is risk to the formation and implementation of penal policy To what extent are the tasks and activities of frontline criminal justice workers informed by concerns to assess and manage risk Has there been a significant sea change in the delivery of criminal justice and if so what are the future implications of this This illuminating text examines the significance of the concept of risk in criminal justice policy and in the role of criminal justice agencies and crime prevention initiatives Particular features of the book include its use of practical examples coverage of previously unpublished research and a full review of current risk assessment tools for use with offenders It is designed with undergraduate courses in mind providing frequent summaries lists of further reading and a glossary The identification assessment and management of risk has become a central theme of criminal justice policy For some penal policy commentators this represents a sea change in crime management to a new era of actuarial justice that is the management of crime opportunities and risk distribution rather than the management of individual offenders By drawing on key areas of criminal justice practice such as policing probation and crime prevention this book examines the actual extent of this change and reviews the case for a new risk based penology The book combines a review of current theories on actuarial justice with a detailed examination of current practices in key frontline agencies The result is an essential text for criminology students and trainee professionals in criminal justice **Young people and 'risk'** Blyth, Maggie,Solomon, Enver,2007-09-26 Alongside the current media public preoccupation with high risk offenders there has been a shift towards a greater focus on risk and public protection in UK criminal justice policy Much of the academic debate has centered on the impact of the risk paradigm on adult offender management services less attention has been given to the arena of youth justice and young adults Yet there are critical questions for both theory are the principles of risk management the same when working with young people and practice how can practitioners respond to those young people who cause serious harm to others that need to be considered The distinguished contributors to *Young people and risk* consider risk not only in terms of public protection but also in terms of young people s own vulnerability to being harmed either by others or through self inflicted behaviour One of the report s key objectives is to explore the links between these two distinct but related aspects of risk Maggie Blyth is a member of the Parole Board for England and Wales and independent chair of Nottingham City Youth Offending Team She also works independently as a criminal justice consultant Kerry Baker is a researcher in the Centre for Criminology at the University of

Oxford and also a consultant to the Youth Justice Board on issues of assessment risk and public protection Enver Solomon is Deputy Director of the Centre for Crime and Justice Studies an independent charity affiliated to the Law School at King's College London

Integrated Offender Management and the Policing of Prolific Offenders Frederick

Cram,2023-05-30 This book analyses the impact of Integrated Offender Management IOM on contemporary policing and separates the rhetoric from the reality Drawing on a qualitative study within an English police force over two years this book examines the experiences of prolific offenders subject to IOM and sheds light on the culture and practice of the police and staff from other criminal justice agencies working within the scheme While IOM has been judged to have had initial successes in reducing the criminal activities of prolific offenders this book tests the validity of such claims and considers the apparent disjuncture between policy statements made about the workings of IOM and how IOM policing operations are realized on the ground It makes a unique contribution to research on police culture and practice and multi agency working in the criminal justice system An accessible and compelling read this book will appeal to policymakers as well as students and scholars of criminology sociology policing and politics

Constructive Work with Offenders Kevin Gorman,2006

Constructive Work with Offenders offers a challenge to many of the assumptions of criminal justice policy and the dominant approaches to practice The contributors advocate an emphasis on constructive work with offenders that harnesses their positive strengths and resources and offers inclusive approaches to effective offender assessment and intervention Taking a fresh look at much received knowledge they proclaim that constructive work with offenders is both possible and increasingly warranted and encourage practitioners to develop new skills and adapt existing expertise to the rapidly changing requirements of the criminal justice system This book will be of interest to practitioners trainers managers and researchers in the criminal justice system as well as academics and students in the field of criminology and related disciplines

Governing Risk M. Hardy,2015-01-30 Drawing on Foucault's later work on governmentality this book traces the effects of the rise of risk on contemporary social work practice Focusing on two domains of practice mental health social work and probation work it analyses the ways in which risk thinking has affected social work's aims and objectives methods and approaches

Multi-agency working in criminal justice Pycroft, Aaron,Gough, Dennis,2010-07-01 This textbook brings together for the first time theory policy and skills relevant to working in a multi agency setting within the criminal justice system It comes at an important time as the professional qualifying arrangements for probation officers are changing along with the development of a mixed economy of correctional practice The book outlines the legislative and policy framework in the criminal justice system and evaluates professional and organisational conflicts within multi agency contexts as well as highlighting key offender groups and issues associated with desistance from crime It is essential reading for all students and practitioners involved in or studying correctional work through the Probation or Prison services or other agencies

Cross-border co-operation between the governments of the United Kingdom and the Republic of Ireland Great Britain:

Parliament: House of Commons: Northern Ireland Affairs Committee,2009-06-18 This report finds that relations between the United Kingdom and the Republic of Ireland are closer than has ever been the case and that co operative arrangements in place in the spheres of policing and law enforcement have never run more smoothly or been more effective in countering crime and bringing its perpetrators to justice The border provides considerable opportunities for the highly experienced and inventive organised criminal gangs frequently arisen from paramilitary groupings that have blighted Northern Ireland s life for several decades Criminals exploit the room opened for them by the border such as the jurisdictional issues that arise out of having two systems of law and law enforcement operating in an area so criss crossed with roads streams and other crossing points The inquiry has found many good examples of work done by the law enforcement agencies on both sides of the border The value of institutional contacts between organisations such as the PSNI and An Garda Siochana is inestimable Chapters in the report cover policing and co operation criminal justice and co operation areas for closer co operation

including scope for legislative change and sex offenders and public safety **Multi-Agency Working in Criminal Justice**

Aaron Pycroft,Dennis Gough,2019-05-15 Multi agency working continues to be a core focus in criminal justice and allied work with the government investing significantly in training criminal justice professionals This fully revised and expanded edition of this comprehensive text brings together probation policing prison social work criminological and organisational studies perspectives and is an essential guide for students and practitioners in offender management and other managed care environments The contributors provide critical analysis of the latest theory policy and practice of multi agency working and each chapter includes case studies key points exercises and further reading **Criminal Justice, Mental Health and the Politics of Risk**

Nicola S. Gray,Judith M. Laing,Lesley Noaks,2013-03-04 Bringing together several perspectives from a number of distinguished academic lawyers criminologists psychologists and psychiatrists this book addresses the important issues which lie at the forefront of decision making and policy in criminal justice and health care *Child Protection in England, 1960-2000*

Jennifer Crane,2018-09-25 This book is open access under a CC BY 4 0 license This open access book explores how children parents and survivors reshaped the politics of child protection in late twentieth century England Activism by these groups often manifested in small voluntary organisations drew upon and constructed an expertise grounded in experience and emotion that supported challenged and subverted medical social work legal and political authority New forms of experiential and emotional expertise were manifested in politics through consultation voting and lobbying but also in the reshaping of everyday life and in new partnerships formed between voluntary spokespeople and media While becoming subjects of and agents in child protection politics over the late twentieth century children parents and survivors also faced barriers to enacting change and the book traces how long standing structural hierarchies particularly around gender and age mediated and inhibited the realisation of experiential and emotional expertise Multi-Agency

Public Protection Arrangements and Youth Justice Baker, Kerry,Sutherland, Alex,2009-02-11 Multi Agency Public Protection

Arrangements MAPPA are now one of the central features of government policy in the UK for managing the risk presented by violent and sexual offenders. Although there has been research and debate concerning the use of MAPPA with adult offenders, their application to young people has received relatively little attention until now. Multi Agency Public Protection Arrangements: Youth Justice extends the existing literature on public protection. It provides a detailed exploration of MAPPA policy and practice in order to prompt further debate about the implications of the risk paradigm for young people and youth justice practitioners. In the book, key academics, practitioners and policy makers consider a range of theoretical and practical issues raised by the introduction of MAPPA, including risk and children's rights, the use of professional discretion by practitioners, alternative approaches to risk management and suggestions for future policy development. It will be of interest to both professionals and academics working with young offenders and in youth justice.
