Policing And War In Europe:

The Impact of World War II on Policing in North-West Europe Cyrille Fijnaut, 2004 This book focuses on the impact of World War II on policing in Belgium France Germany the United Kingdom and the Netherlands **Policing and War in Europe** Louis A. Knafla, 2002-03-30 Policing and War in Europe marks a new departure in Criminal Justice History These seven chapter essays together with the reviews of twelve major works in the area establish the series as a major forum for exploring new areas of research in the criminal justice area in its historical criminological legal and social aspects Common themes and issues that emerge from the study of policing and warring from the perspectives of both the nation state and the local community are explored Elaine Reynolds and Barry Godfrey examine the daily work of nightwatchmen and private and public police in bringing order to the streets in times of peace and war Mark Clapson and Clive Emsley examine the problem of the policeman s image in the culture of his community and Richard Ireland illustrates how scientific advances in crime detection brought the stereotyping of criminals rather than their arrest and conviction Michael Broers and David Smith reveal the dramatic impact that world war brought to the problem of policing occupied territory while Simon Kitson demonstrates the dangers that can occur when the civilian police are used to invigilate racist policies of a totalitarian regime An important resource for scholars students and other researchers involved with legal political and military history criminal justice studies sociology and criminology and criminal law *European Police Forces and Law Enforcement in the First World War* Jonas Campion, Laurent López, Guillaume Payen, 2019-11-08 This book offers a global history of civilian military and gendarmerie style policing around the First World War Whilst many aspects of the Great War have been revisited in light of the centenary and in spite of the recent growth of modern policing history the role and fate of police forces in the conflict has been largely forgotten Yet the war affected all European and extra European police forces Despite their diversity all were confronted with transnational factors and forms of disorder and suffered generally from mass conscription During the conflict societies and states were faced with a crisis situation of unprecedented magnitude with mass mechanised killing on the battle field and starvation occupation destruction and in some cases even revolution on the home front Based on a wide geographical and chronological scope from the late nineteenth century to the interwar years this collection of essays explores the policing of European belligerent countries alongside their empires and neutral countries The book s approach crosses traditional boundaries between neutral and belligerent nations centres and peripheries and frontline and rear areas It focuses on the involvement and wartime transformations of these law enforcement forces thus highlighting underlying changes in police organisation identity and practices across this period **American Military Police in Europe, 1945-1991** Robert L. Gunnarsson, Sr., 2011-09-29 Military Police units worked to keep the peace in Europe from the occupation after World War II to the end of the Cold War This text examines the MPs from the arrival of the U S Constabulary which was the only law enforcement force on the continent It provides unit histories discusses the advancement of law and

order programs and covers the provision of nuclear weapons security customs regulations and traffic enforcement Robert L. Gunnarsson Sr served as an MP in the 1960s and later worked in law enforcement He is a writer and researcher

Handbook on Policing in Central and Eastern Europe Gorazd Meško, Charles B. Fields, Branko Lobnikar, Andrej Sotlar, 2013-04-16 Policing in Central and Eastern Europe has changed greatly since the fall of the Berlin Wall Some Central and Eastern European countries are constituent members of the European Union while others have been trying to harmonize with the EU and international requirements for a more democratic policing and developments in accordance with Western European and international policing standards especially in regard to issues of legality and legitimacy Changes in the police training system basic and advanced internationalization of policing due to transnationalization of crime and deviance new police organizational structures and agencies have impacted new cultures of policing from exclusively state to plural policing This timely volume examines developments in the last two decades to learn the nature of these changes within Central and Eastern Europe and their impact on police culture as well as on society as a whole The development of police research has varied widely throughout Central and Eastern Europe in some countries it has developed significantly while in others it is still in its infancy This work will allow for a transfer of ideas and models of police organization and policing is also needed to be studied closely with an aim to provide consistent and comparable data across all of the countries discussed For the twenty countries covered this systematic work provides short country based information on police organization and social control crime and disorder trends in the last 20 years with an on policing police training and police educational systems changes in policing in the last 20 years police and the media present trends in policing public and private multilateral plural policing policing urban and rural communities recent research trends in research on policing specificities of research on police and policing researchers and the police inclusion of police researchers in policy making and police practice and future developments in policing **Policing Europe** Bill Hebbenton, Terry Thomas, 1995-03-20 Developments in European police co operation have become sharply focused in the last few years Policing Europe critically examines the historical development of forms of co operation and their traditional justifications terrorism illegal immigration drug trafficking and other cross border crime It is argued that a full understanding of the new policing of Europe needs to take account of the linking of such justifications with the more diffuse debate around removal of border controls and free movement of people The book suggests that a new European policework is emerging and examines the implications of this phenomenon *Policing Interwar Europe* G. Blaney, 2006-11-28 In the convulsive environment that followed World War I and the Russian Revolution the issues of policing and public order were of primary importance to the various governments of Interwar Europe The book features original research on 10 different countries and will be vitally useful for students and academics of 20th century Europe *European Union Peacebuilding and Policing* Michael Merlingen, Rasa Ostrauskaite, 2006-09-27 This new volume draws on the work of Michel Foucault to make the case that the EU's self image as a model peacebuilder conceals another

side of the European Security and Defence Policy ESDP It brings together and connects new research on European integration security policing and political sociology in an important and original way **Police Uniforms of Europe 1615 - 2015 Volume Two** R Spencer Kidd,2018-02-11 A comprehensive record of the police uniforms worn in Europe from the Seventeenth to the Twenty first Century Each country has an overview history of the police force badges current ranks and insignia 212 full colour paintings illustrating uniforms and badges of France Monaco Belgium and the Netherlands Each entry is accompanied by a history and description *Leading Policing in Europe* Caless, Bryn,Tong, Steve,2017-01-18 In this unique book the authors present for the first time information from over a hundred strategic police leaders in 22 countries about how they are selected for high office how they are held to account and what their views are on current and future challenges in policing *Crime, Police, and Penal Policy* Clive Emsley,2007-07-05 This book provides a synthesis of recent research on the history of crime and criminal justice in Europe from the mid 18th to the mid 20th centuries It tackles the subject chronologically paying due attention to the evolving economic social and political aspects of the continent over the two centuries It addresses specifically the different forms of criminal offending and the changing interpretations and understandings of that offending at both elite and popular levels It explores how both old regimes and the new nation states that emerged in the early 19th century responded to criminal activity with the development of police forces and the refinement of forms of punishment The Rise of Modern Police and the European State System from Metternich to the Second World War Hsi-Huey Liang,2002-07-11 A comprehensive history of Continental police systems in the context of political and diplomatic history **War, Police and Assemblages of Intervention** Jan Bachmann,Colleen Bell,Caroline Holmqvist,2014-11-13 This book reflects on the way in which war and police policing intersect in contemporary Western led interventions in the global South The volume combines empirically oriented work with ground breaking theoretical insights and aims to collect for the first time thoughts on how war and policing converge amalgamate diffuse and dissolve in the context both of actual international intervention and in understandings thereof The book uses the caption WAR POLICE to highlight the distinctiveness of this volume in presenting a variety of approaches that share a concern for the assemblage of war police as a whole The volume thus serves to bring together critical perspectives on liberal interventionism where the logics of war and police policing blur and bleed into a complex assemblage of WAR POLICE Contributions to this volume offer an understanding of police as a technique of ordering and collectively take issue with accounts of the character of contemporary war that argue that war is simply reduced to policing In contrast the contributions show how both historically and conceptually the two are always already connected Contributions to this volume come from a variety of disciplines including international relations war studies geography anthropology and law but share a critical poststructuralist approach to the study of international intervention war and policing This volume will be useful to students and scholars who have an interest in social theories on intervention war security and the making of international order **Police and Public Order**

in Europe John Roach, Jürgen Thomanek, 2023-03-31 Originally published in 1985 *Police and Public Order in Europe* examines the development of the police in Western Europe and considers how police functions have changed over time Each contributor looks at the experience of one country while having regard to the practices of the other countries The role of the police in maintaining public order had become increasingly important in the early 1980s The activities of terrorists from both Left and Right in Italy Spain and West Germany and the IRA in Great Britain had long been a focus of attention However in many ways a more disturbing phenomenon was the increase in the general level of popular unrest which had produced considerable rioting and looting in British cities as well as often violent confrontation between the police and an increasing range of protesters in other European countries These events received wide media coverage at the time and the issue of public order was one of growing concern for governments the police and the public The role of the police in Western Europe was now firmly political

Remaking Central Europe Peter Becker, Natasha Wheatley, 2020 In the past few decades the understanding of the relationship between nations has undergone a radical transformation The role of the traditional nation state is diminishing along with many of the traditional vocabularies which were once used to describe what has been called ever since Jeremy Bentham coined the phrase in 1780 international law The older boundaries between states are growing ever more fluid new conceptions and new languages have emerged which are slowly coming to replace the image of a world of sovereign independent nation states that has dominated the study of international relations since the early nineteenth century This redefinition of the international arena demands a new understanding of classical and contemporary questions in international and legal theories It is the editors conviction that the best way to achieve this is by bridging the traditional divide between international legal theory intellectual history and legal and political history The aim of the series therefore is to provide a forum for historical studies from classical antiquity to the twenty first century that are theoretically informed and for philosophical work that is historically conscious in the hope that a new vision of the rapidly evolving international world its past and its possible future may emerge Book jacket

Policing in Europe Antoinette Verhage, 2010 The *Journal of Police Studies* is a quarterly which is oriented towards high standard quality contributions on policing issues and phenomena that are of interest to the police Topics are approached from a specialist and if required multidisciplinary point of view The volume looks to answer questions regarding the developments of police and police cooperation in Europe at the supranational level as well as explore the reactions of police organizations in individual European countries to the process of transnationalisation in terms of the design of and philosophy within police organizations

The Development of Transnational Policing John McDaniel, Karlie Stonard, David Cox, 2019-10-10 This book draws together the insights of eminent academics and specialists

to present an overview of past and present approaches to transnational policing throughout the Anglophone world. It aims to revitalize the study of transnational policing by showing that past and present developments in this field remain poorly understood while also suggesting future avenues of research. Containing chapters on police history, police accountability, gendered hate crime in an increasingly online world, counter radicalisation strategies being pursued around the world, internet facilitated sex trafficking and changes in organised crime amongst others, the authors adopt revisionist, orthodox and progressive views in order to challenge our understanding and appreciation of developments in transnational policing. All of the chapters in the book use policing models employed within the UK as either their focal point or as a point of comparison so that direct comparisons and contrasts can be examined. *The Development of Transnational Policing* illustrates distinctive and separate aspects of what remains an undoubtedly complex and dynamic field but also forms an overview of developments and the dearth of academic research which surround them in order hopefully to inspire researchers, policymakers and practitioners alike.

The Containment of Organised Crime and Terrorism Cyrille J.C.F. Fijnaut, 2016-11-21. This unique volume collects articles and contributions to edited books published throughout his distinguished career by Professor Cyrille Fijnaut, one of the world's leading experts in the fields of organised crime, security and criminology. It makes clear what issues the author systematically explored over the years and how he helped to shape the fields in which he has worked and continues to work. The texts reflecting the author's profound understanding of these complex fields and wealth of experience on a practical level are presented according to topic. In addition, the volume offers English translations of seminal articles published originally in Dutch, thus making these important texts accessible to international scholars for the first time. The volume thus constitutes a unique and indispensable resource for scholars and practitioners inside and outside the Netherlands.
