Policing the

Great Plains Andrew R. Graybill,2007-11-01 In the late nineteenth century the Texas Rangers and Canada's North West Mounted Police were formed to bring the resource rich hinterlands at either end of the Great Plains under governmental control Native and rural peoples often found themselves squarely in the path of this westward expansion and the law enforcement agents that led the way Though separated by nearly two thousand miles the Rangers and Mounties performed nearly identical functions including subjugating Indigenous groups dispossessing peoples of mixed ancestry defending the property of big cattlemen and policing industrial disputes Yet the means by which the two forces achieved these ends sharply diverged while the Rangers often relied on violence the Mounties usually exercised restraint a fact that highlights some of the fundamental differences between the U S and Canadian Wests Policing the Great Plains presents the first comparative history of the two most famous constabularies in the world **The Mountie** Michael Dawson,1998-04-01 Historian Michael Dawson digs deep into the written and pictorial record to reveal how the RCMP since its inception has constructed and zealously guarded its public image Drawing on previously untapped sources Dawson documents how consultants and entrepreneurs deliberately transformed and modernized the traditional symbolism of the Mountie His trenchant analysis extends to the ironies of the recent licensing of the hallowed Mountie image to the ultimate dream merchants Disney
