**Education and Social Change in China:**

**Inequality in a Market Economy** Gerard A. Postiglione, 2015-01-28 Market reform financial decentralization and economic globalization have greatly accentuated China's social and regional inequalities Education is expected to address these inequalities in a context of rapid social change including the rise of an urban middle class changed status of women resurgence of ethnic identities growing rural to urban migration and lingering poverty in remote areas But some argue that state policies have not sufficiently addressed inequitable practices and that schools actually perpetuate and reproduce inequities giving rise to a new system of social stratification driven more by market forces than socialist principles Featuring all original previously unpublished material this volume examines this argument through analysis of selected aspects of educational stratification in China during the reform era Chapters focus on the new urban middle class poor rural residents the migrant population in urban areas rural girls and ethnic minorities The contributors are established scholars in the field and they build a conceptual framework for assessing the degree to which China's educational reforms are inclusive equitable and integrative across social categories and groups Understanding Chinese Society Xiaowei Zang, 2015-07-14 This second edition of *Understanding Chinese Society* provides a comprehensive readable and well grounded introduction to the

key issues affecting contemporary China A thorough analysis is undertaken not only of China's family patterns education system status hierarchy and ethnic diversity but also of China's mass media legal system and social control work and cultural expression As well as being thoroughly updated and revised throughout this edition offers new chapters on urbanization the environment and civil society in China A team of international experts guide students through social issues including What are the key features of the family and marriage institutions in China How are women and men faring differently in Chinese society today How are minorities faring in China How does the education system differentiate Chinese society How are religion and cultural traditions expressed Including handy pedagogical features such as a chronology of the People's Republic of China further reading suggestions and related novels and films *Understanding Chinese Society* is suitable for anyone studying Chinese Culture and Society Chinese Studies and Asian sociology Japan and China in the World Political Economy Saadia Pekkanen, Kellee Tsai, 2006-06-01 Two powers in East Asia today stand to define the region's economic and commercial future Japan which rose in a spectacular industrial burst to become at present the world's second largest economy and China which is rapidly advancing towards a market economy under the watchful eye of the world While much has been made of Japan and China's particular economic institutions and developmental paths few works analyze them in a comparative framework Including contributions from leading academics the text focuses on the period from the 1980s to the onset of the 2000s reviewing the experiences of Japan and China across the areas of development trade investment finance and technology Drawing on a combination of official documents economic statistics case studies and original fieldwork this book will give political scientists political economists business concerns and policy analysts a firmer grasp of the role Japan and China stand to play in the world political economy *Political Science and Chinese Political Studies* Sujian Guo, 2012-07-25 We have witnessed the substantial transformation of China studies particularly Chinese political studies in the past 30 years due to changes in China and its rising status in the world as well as changes in our ways of conducting research As area studies specialists we are no longer isolated from the larger disciplines of Political Science and International Relations IR but an integral part of them This book contains theoretically innovative contributions by distinguished political scientists from inside and outside China who together offer up to date overviews of the state of the field of Chinese political studies combines empirical and normative researches as well as theoretical exploration and case studies explore the relationship between Western political science scholarship and contemporary Chinese political studies examine the logic and methods of political science and their scholarly application and most recent developments in the study of Chinese politics and discuss the hotly contested and debated issues in Chinese political studies such as universality and particularity regularity and diversity scientification and indigenization main problems challenges opportunities and directions for the disciplinary and intellectual development of Chinese political studies in the context of rising China *Chronology of Twentieth-Century History: Business and Commerce* Frank N. Magill, 2014-04-23 First Published in 2004 Volume II provides

the hard facts and the history behind the headlines significant 20th century events in the evolution of all aspects of business and commerce are described in chronologically arranged articles The text of each article is divided into two sections Summary of the Event describes the event itself and the circumstances leading up to it and Impact of the Event analyzes the influence of the event on the evolution of business practice or on a major industry in both the short and long terms Each article concludes with a fully annotated Bibliography

**Social Change and Development** Alvin Y. So,1990-03 During the past four decades the field of development has been dominated by three schools of research The 1950s saw the modernization school the 1960s experienced the dependency school the 1970s developed the new world system school and the 1980s is a convergence of all three schools Alvin Y So examines the dynamic nature of these schools of development what each of them represents their contributions how they have criticized each other how they have defended themselves and how they were transformed He reviews a variety of empirical studies focusing on the classical and the new models to show how each of the perspectives affects the study of development In addition this book features a unique emphasis on the research implications of the three perspectives involving changes in orientation agenda methodology and findings
