   Political Armies Kees Koonings,Dirk Kruijt,2002-05 Does the withdrawal of armies from direct rule in most countries herald an end to their role as actors in domestic politics Has political intervention by the military been superseded This comparative examination of the politicized armed forces looks at the consequences of military rule for nation building and economic development the effects of the passing of the Cold War and the rise of globalization on the political role of the military the role of political armies in the consolidation of civil politics and democratic governance the lessons for policy makers in global governance and post conflict reconstruction The contributors build on successive theories about the role of the military in politics and look to the future The most threatening scenario may be a proliferation of armed actors and the rise of privatized forces of law and order   Militarism and International Relations Anna Stavrianakis,Jan Selby,2013 Militarism and international relations in the 21st century Twenty first century militarism a historical sociological framework Martin Shaw Challenging cartographies of enmity empire war and culture in contemporary militarization Simon Dalby Militarism new wars and the political economy of development a Gramscian critique Nicola Short War becomes academic human terrain virtuous war and contemporary militarism an interview with James der Derian Anna Stavrianakis and Jan Selby From Oslo to Gaza Israel s enlightened public and the remilitarization of the Israeli Palestinian conflict Yoav Peled From political armies to the war against crime the transformation of militarism in Latin America Dirk Kruijt and Kees Koonings The global arms trade and the diffusion of militarism David Kinsella Wilsonians under arms Andrew J Bacevich The political economy of EU space policy militarization the case of the global monitoring for environment and security Iraklis Oikonomou Producing men the nation and commodities the cultural political economy of militarism in Egypt Ramy M K Aly The Chinese military its political and economic function Kerry Brown and Claudia Zanardi   *The Power Triangle* Hazem Kandil,2016-08-12 Revolution reform and resilience comprise the respective fortunes of modern Iran Turkey and Egypt Although the countries all experienced coups with remarkably similar ambitions each followed a very different trajectory Iran became an absolutist monarchy that was overthrown from below Turkey evolved into a limited democracy and Egypt turned into a police state In The Power Triangle Hazem Kandil attributes the different outcomes to the power struggle between the political military and security institutions Coups establish a division of labor with one group of officers running government another overseeing the military and a third handling security But their interests begin to vary as each group identifies with its own institution Politicians wish to rule indefinitely military officers prefer to return to barracks after implementing the needed reforms and security men scramble to maintain the privileges they acquired in the post coup emergency Driven by conflicting agendas these partners in domination struggle over regime control Using comparative historical sociology Kandil demonstrates how regimes are constantly shaped and reshaped through the recurrent clashes and shifting alliances between the team of rivals in this power triangle The Power Triangle s realist approach to regime change shows that a clear
