The Political Development in Nepal 1950 - 70, 1971 **The Political Development in Nepal, 1950-70; Conflict Between Tradition and Modernity [By] R. S. Chauhan** R. S. Chauhan, 1971 *Systematic Strains and Political Development in Nepal* Indra Deo Mishra, 1985 *Military and Democracy in Nepal* Indra Adhikari, 2015-06-12 This book explores the development of the military as an organization and looks at the patterns of civil military relations that have emerged in modern Nepal especially after the rise of King Prithvi Narayan Shah who founded the unified state of Nepal It combines astute analyses with up to date data to present a comprehensive account of the relations between monarchy military and civil government and their impact on the democratization process in the country The author underlines the pressing need for establishing civilian supremacy over the military through developing and strengthening civilian supervisory mechanisms The book will be an important resource to researchers scholars students of politics military studies peace and conflict studies and history particularly those concerned with Nepal It will also interest policy makers security experts and military personnel *Routledge Handbook of South Asian Politics* Paul R. Brass, 2010-04-30 The Routledge Handbook of South Asian Politics examines key issues in politics of the five independent states of the South Asian region India Pakistan Bangladesh Sri Lanka and Nepal Written by experts in their respective areas this Handbook introduces the reader to the politics of South Asia by presenting the prevailing agreements and disagreements in the literature In the first two sections the Handbook provides a comprehensive introduction to the modern political history of the states of the region and an overview of the independence movements in the former colonial states The other sections focus on the political changes that have occurred in the postcolonial states since independence as well as the successive political changes in Nepal during the same period and the structure and functioning of the main governmental and non governmental institutions including the structure of the state itself unitary or federal political parties the judiciary and the military Further the contributors explore several aspects of the political process and political and economic change especially issues of pluralism and national integration political economy corruption and criminalization of politics radical and violent political movements and the international politics of the region as a whole This unique reference work provides a comprehensive survey of the state of the field and is an invaluable resource for students and academics interested in South Asian Studies South Asian Politics Comparative Politics and International Relations Nepal in Transition D P Tripathi, 2012-04-10 Nepal's democracy struggle has been continuing for more than six decades Since it could not sustain a stable democratic framework even after several attempts in the past many scholars are stating that Nepal is in permanent transition Once again however it has bagged enormous success in the field of political transformation in 2006 through a highly successful but peacefully organised movement with participation of people from all fields in large numbers But it could not deconstruct the position of the transition as it has failed to institutionalise the recently gained achievements by making a new constitution even after five

years The only positive thing is that Nepali people along with various political parties are still trying hard to resolve vital conflicting issues through dialogue and come up with a new democratic constitution though they have already missed three deadlines
