future will mean for the region and the rest of the world Political Islam Joel Beinin, Joe Stork, 1997 The essays and case studies collected here featuring some of the best material from Middle East Report over the past decade as well as much original material challenge the facile generalizations about what Western media and political establishments usually call Islamic fundamentalism The authors demonstrate the complexity of these movements and offer complementary and contrasting interpretations of their origins and significance The material included covers a broad range of themes including democracy and civil society gender relations and popular culture as they have emerged in countries throughout the Middle East and North Africa **The Many Faces of Political Islam** Mohammed Ayoob, 2008 A lucid comprehensive examination of the true relationship between Islam and global politics **Political Islam in the Gulf Region** Khalid Al-Jaber, Kristian Coates Ulrichsen, 2021-12-31 This book explores the phenomenon of political Islam in the Gulf region Existing scholarship on this topic is mostly dedicated to the varied religious groups position on violence and democracy This book expands on the topic and investigates the complexities of the relationship of individuals to religion the state and societies and the organization of their lives and spiritual affairs in the Middle East with particular emphasis on the unique environment of the Gulf Given the importance of the political Islamic context to the politics regional interventions economics and society of the Gulf states this book will be an essential tool in giving policy makers practitioners and the larger public a detailed view of a complicated but essential topic **Handbook of Middle East Politics** Shahram Akbarzadeh, 2023-10-06 This Handbook uses a comprehensive study of political institutions social movements and external pressures to offer nuanced study of politics in the Middle East Foremost scholars on the Middle East examine key themes such as political change regional rivalry and authoritarianism making this collection very timely and relevant as an authoritative source Understanding Political Islam François Burgat, 2019-12-20 Understanding Political Islam retraces the human and intellectual development that led François Burgat to a very firm conviction that the roots of the tensions that afflict the Western world's relationship with the Muslim world are political rather than ideological In his compelling account of the interactions between personal life history and professional research trajectories Burgat examines how the rise of political Islam has been expressed first in the Arab world then in its interactions with European and Western societies An essential continuation of his work on Islamism Burgat's unique field research and political trespassing marks an overdue challenge to the academic mainstream

Religion and Politics Jan-Erik Lane, Hamadi Redissi, 2016-04-15 Offering a timely new appraisal of the political and social impact of Islam Religion and Politics will be welcomed by political scientists and historians alike In this work Jan Erik Lane and Hamadi Redissi employ a Weberian approach underlining the social consequences of religious beliefs to account for the political differences between the major civilizations of the world against the background of the rise of modern capitalism in the Occidental sphere Compared with Weber and his emphasis upon economic modernization the perspective on religion is broadened to encompass post modernity particular attention is paid to human rights and the rule of law This thought

provoking work raises the question of whether the tenets of Islam might be reconciled with the requirements of post modernity

The New Faces of Political Islam in the Middle East Nostalgawan Wahyudhi, M. Hamdan Basyar, Dhurorudin Mashad, M. Fakhry Ghafur, Defbry Margiansyah, 2025-06-20 This book provides a survey of the political situation in 15 Arab countries in the Middle East and North Africa and provides overviews of associated post Arab Spring politics with an emphasis of political Islamist movements A translation from its original in Bahasa Indonesia the book critically assesses the concept of post Islamism from an Indonesian perspective It argues that the wave of democratization in the Middle East following the Arab Spring failed to create an open democratic life in the region except in the country where the Arab Spring began Tunisia Rather it has left growing conflicts and destabilization in the region with the rise of new authoritarianism The authors simultaneously show that Islamic political movements in general are adaptive in the face of the changing political environment post Arab Spring They present the example of the Muslim Brotherhood as a movement with distinctive characteristics and high levels of adaptability in changing socio political environments It is relevant to advanced undergraduate and graduate students studying and researching contemporary Arab or Islamist movements and to scholars look for a neat comparative survey of countries after the Arab Spring
