Political Passions Silhouette 128:

The Nation ,1880 **The Romantic Spirit** Mary June Kay,1984 **The Mediterranean Passion** John Pemble,1987

From 1830 to 1914 journeys to the Mediterranean became part of the British way of life and the British way of death The Mediterranean Passion shows how a revolution in transportation enabled the British middle classes to follow the aristocracy to the South in pursuit of culture health pleasure and spiritual inspiration It carefully describes how the British traveled where they went how their attitudes shaped their experiences and how their experiences shaped their attitudes Exploring the medical religious sexual and aesthetic dimensions of their journeys the book also exposes the tension between the world that they discovered and the world that they created Women and Resistance in Contemporary Bengali Cinema Srimati

Mukherjee,2016-01-13 Historically Indian cinema has positioned women at the intersection of tradition and a more evolving culture portraying contradictory attitudes which affect women s roles in public and private spheres Examining the work of three directors from West Bengal this book addresses the juxtaposition of tradition and culture regarding women in Bengali cinema It argues the antithesis of women s roles particularly in terms of ideas of resistance revolution change and autonomy by suggesting they convey resistance to hegemonic structures encouraging a re envisioning of women s positions within the familial social matrix Along with presenting a perception of culture as dynamic and evolving the book discusses how some directors show that with this rupturing of the traditionally prohibitive and a notion of unmaking and making in women a traditional inclination is exposed to align women with ideas of absence substitution and disposability The author goes on to show how selected auteurs in contemporary Bengali cinema break with certain traditional representations of women gesturing towards a culture that is more liberating for women Presenting the first full length study of women s changing roles over the last twenty years of Bengali cinema this book will be a useful contribution for students and scholars of South Asian Culture Film Studies and Gender Studies **Carl Schmitt and The Buribunks** Edwin Bikundo,Kieran

Tranter,2022-04-06 In 1918 a young Carl Schmitt published a short satirical fiction entitled The Buribunks He imagined a future society of beings who consistently wrote and disseminated their personal diaries Schmitt would go on to become the infamous philosopher of the exception and for a while the Crown Jurist of the Third Reich The Buribunks ironically for beings that lived only for self memorialisation has been mostly lost to history However the digital realm with its emphasis on the informatic traces generated by human doing and the continual interest in Schmitt s work to explain and criticise contemporary constellations of power suggests that The Buribunks is a text whose epoch has come This volume includes the first full translation into English of The Buribunks and a selection of critical essays on the text its meanings in the digital present its playing with and criticism of the literary form and its place within Schmitt s life and work The Buribunks and the essays provide a complex critical and provocative invitation to reimagine the relations between the human and their imprint and legacy within archives and repositories There is a fundamental exploration of what it means to be a being intensely

aware of writing itself This is not just a volume for critical lawyers literary scholars and the Schmitt literati It is a volume that challenges a broad range of disciplines from philosophy to critical data studies to reflect on the digital present and its assembled and curated beings It is a volume that provides a set of fantastically located concepts images and histories that traverse ideas and practices play and politics power and possibility **Sweetheart of a Deal** Michelle, Suzanne,1984

Whitaker's Cumulative Book List ,1986 Encyclopedia of the Enlightenment Michel Delon,2013-12-04 This acclaimed translation of Michel Delon s Dictionnaire Europeen des Lumieres contains more than 350 signed entries covering the art economics science history philosophy and religion of the Enlightenment Delon s team of more than 200 experts from around the world offers a unique perspective on the period providing offering not only factual information but also critical opinions that give the reader a deeper level of understanding An international team of translators editors and advisers under the auspices of the French Ministry of Culture has brought this collection of scholarship to the English speaking world for the first time *The Saturday Review of Politics, Literature, Science and Art* ,1871 *Forthcoming Books* Rose Army,2003

Whitaker's Books in Print ,1998 *British Paperbacks in Print* ,1983 **The Athenaeum** ,1910 **The Queerness of Home** Stephen Vider,2021-11-12 Vider uncovers how LGBTQ people reshaped domestic life in the postwar United States From the Stonewall riots to the protests of ACT UP histories of queer and trans politics have almost exclusively centered on public activism In *The Queerness of Home* Stephen Vider turns the focus inward showing that the intimacy of domestic space has been equally crucial to the history of postwar LGBTQ life Beginning in the 1940s LGBTQ activists looked increasingly to the home as a site of connection care and cultural inclusion They struggled against the conventions of marriage challenged the gendered codes of everyday labor reimaged domestic architecture and contested the racial and class boundaries of kinship and belonging Retelling LGBTQ history from the inside out Vider reveals the surprising ways that the home became and remains a charged space in battles for social and economic justice making it clear that LGBTQ people not only realized new forms of community and culture for themselves they remade the possibilities of home life for everyone The London Chronicle ,1759 Index Maynard Mack,Butt John,2004-01-14 This is a subset of the Sacred Books of the East Series which includes translations of all the most important works of the seven non Christian religions which have exercised a profound influence on the civilizations of the continent of Asia The works have been translated by leading authorities in their field

Precarious International Multicultural Education:Hegemony, Dissent and Rising Alternatives Handel Kashope Wright,Michael Singh,Richard Race,2012-09-22 Multiculturalism and multicultural education are at a paradoxical moment There is work that continues as if the multicultural hegemony was still intact and on the other hand work articulated as if multiculturalism was decidedly passe The essays in this collection will be of considerable interest to academics policy makers and students of both multiculturalism and multicultural education principally because they touch on both perspectives but concentrate for the most part on the thorny problematic of the workings of multicultural education in its present precarious

moment Given the renewed urgent attacks in various western countries the cottage industry of death of multiculturalism texts and the rise of the interculturalism transnationalism diaspora alternatives is multiculturalism dying Are the ends of multiculturalism the management or celebration of diversity representation and recognition for all in society creation of just and equitable communities at the global national and local school classroom levels better theorized and realized through the ascendant alternatives Representing the precarious moment in Canada Ireland Australia the United States and the United Kingdom the essays in this collection address these questions and both depict and trouble hegemonic multicultural education and contrast it with its supposed successor regimes
