**Political Crumbs** Hans Magnus Enzensberger, 1990 Essays cover Eurocentrism democracy in modern Germany economic policies and socialism The Writer in Politics William H. Gass, Lorin Cuoco, 1996 Six essays and panel transcriptions from The Writer in Politics conference Washington University October 1992 featuring writers describing their place in the political arena The presenters have walked the walk and include Mario Vargas Llosa Luisa Valenzuela Nuruddin Farah and Carolyn Forché who collectively have run for political office been exiled jailed or active as witnesses in a political life Their insights are a fascinating examination of the role writers play can play as critics resistors and contributors to a society's evolution Annotation copyright by Book News Inc Portland OR **The Political Constraints on Nigerian Economic Development Since the Independence** Cajetan Iwunze, 2013-02 Since gaining its independence in 1960 Nigeria has never really existed as a unified nation but rather as scattered tribal sects that often fail to coexist with one another peacefully This uneasy alliance has led to civil war in the past and is responsible for the continuing conflict between Muslims and Christians that exists in Nigeria today Because of these deeply embedded political constraints Nigeria has also fallen behind in terms of economic development However Nigeria is not a nation without resources Many of Nigeria's conflicts are centered around oil As it stands currently Nigeria's wealth is concentrated in the hands of the ruling elite and little has been done to improve the situation of the poorest segments of the population But the prolonged and dismal situation in the Nigerian economy that serves as the inspiration behind *The Political Constraints on Nigerian Economic Development Since the Independence* is not without a potential solution Author Cajetan Iwunze intended this book as more than just a statement against the tribal nationalism and the economic bandits that continue to loot the country It also aims to suggest that if there is a solution it lies in reforming the country's institutions so that Nigeria's oil wealth can be used for the benefit of everyone Although he currently lives in the UK Cajetan Iwunze was born in eastern Nigeria Mr Iwunze is an international human rights campaigner writer and teacher who serves as the Director of Professional Tutors Ltd and the CEO of Dyswrite Ltd Publisher's website <http://sbpra.com/CajetanIwunze> **The Negro and Fusion Politics in North Carolina, 1894-1901** Helen G. Edmonds, 2013-01-01 Edmonds gives a detailed and accurate record of the political careers of prominent North Carolina blacks who held federal state county and municipal offices This record shows that the ration of Afro American voters was so low that black domination was neither a reality nor a threat Ideology, Politics, and Radicalism of the Afro-Caribbean Jerome Teelucksingh, 2016-06-22 Afro Caribbean personalities coupled with trade unions and organizations provided the ideology and leadership to empower the working class and also hastened the end of colonialism in the Anglophone Caribbean **Politics And Political Behavior** Paul Okamnaonu Nwaogu, 2017-11-30 **The Canadian Monthly and National Review** Graeme Mercer Adam, George Stewart, 1876 The Nation, 1912 **The New Deal and American Society, 1933-1941** Kenneth J. Bindas, 2021-11-10 The New Deal and American Society

1933 1941 explores what some have labeled the third American revolution in one concise and accessible volume This book examines the emergence of modern America beginning with the 100 Days legislation in 1933 through to the second New Deal era that began in 1935 This revolutionary period introduced sweeping social and economic legislation designed to provide the American people with a sense of hope while at the same time creating regulations designed to safeguard against future depressions It was not without critics or failures but even these proved significant in the ongoing discussions concerning the idea of federal power social inclusion and civil rights Uncertainties concerning aggressive nationalistic states like Italy Germany and Japan shifted the focus of FDR s administration but the events of World War II solidified the ideas and policies begun during the 1930s especially as they related to the welfare state The legacy of the New Deal would resonate well into the current century through programs like Social Security unemployment compensation workers rights and the belief that the federal government is responsible for the economic well being of its citizenry The volume includes many primary documents to help situate students and bring this era to life The text will be of interest to students of American history economic and social history and more broadly courses that engage social change and economic upheaval The Canadian Monthly and National Review ,1876 *Socialist Economic Development in the 21st Century* Alberto Gabriele,Elias Jabbour,2022-03-02 Over a hundred years after the first socialist revolution broke the global monopoly of capitalism a new class of socialist oriented socioeconomic development is coming to the fore Capitalism is still dominant worldwide although its hegemony is no longer undisputed and humankind is now faced with a key existential challenge This book proposes an alternative path to overcoming the worldwide crisis of globalized capitalism It offers a novel balanced and historically rooted interpretation of the successes and failures of socialist economic construction throughout the last century The authors apply a multidisciplinary holistic and purpose based methodology to draw basic lessons from stylized facts emerging in different areas of knowledge ranging from political economy to biology and from key national socioeconomic experiences with a particular focus on China The book is divided into three parts The first is mainly theoretical and general in nature identifying the major contributions bequeathed by the hard sciences to their social counterparts Consistent with these findings the authors offer a stylized interpretation of the contemporary state of the art of the debate on the core concepts of economic science and advance a few elementary theories about what socialism in the 21st century could look like The second and third parts analyze and discusses the core features of a few select experiences which have evolved in certain countries since 1917 some of which are still unfolding The book will find an audience among academics researchers and students in the fields of economics political science history and geography as well as policy makers particularly in developing countries Equality Practice William N. Eskridge, Jr.,2013-10-18 William Eskridge a Yale law professor chronicles the Vermont law which legalised civil unions distinct from marriage for same sex couples **William Cooper's Town** Alan Taylor,2018-11-28 William Cooper and James Fenimore Cooper a father and son who embodied the contradictions that divided America in the

early years of the Republic are brought to life in this Pulitzer Prize winning book William Cooper rose from humble origins to become a wealthy land speculator and U S congressman in what had until lately been the wilderness of upstate New York but his high handed style of governing resulted in his fall from power and political disgrace His son James Fenimore Cooper became one of this country s first popular novelists with a book The Pioneers that tried to come to terms with his father s failure and imaginatively reclaim the estate he had lost In William Cooper s Town Alan Taylor dramatizes the class between gentility and democracy that was one of the principal consequences of the American Revolution a struggle that was waged both at the polls and on the pages of our national literature Taylor shows how Americans resolved their revolution through the creation of new social reforms and new stories that evolved with the expansion of our frontier

**Frameworks of Power** Stewart R. Clegg, 2023-04-05 Frameworks of Power is a coherent and comprehensive account of the different frameworks for understanding power that have been advanced by influential thinkers across the social sciences A true classic in the field the original edition proved hugely influential and a major point of reference for scholars at all levels concerned with power Looking back to the classical literature on power with special emphasis on Machiavelli and Hobbes the book concentrates on the analysis of power from both British and American social and political theorists and from German Critical Theory and French theorists such as Foucault and develops upon its theory and its application The second edition includes a completely new chapter A History of the Present which offers a timely engaging and provocative intervention by analysing three contemporary crises the COVID 19 pandemic Russia s invasion of Ukraine and climate change using the circuits of power framework that was the central concept of the original work As well as being an essential textbook for all students in social science disciplines this wide ranging and innovative analysis will appeal to scholars in sociology politics organization studies and other disciplines

*Europ* Emanuel L. Paparella, 2012 The essays in this book are the distillation of years of reflection writing lecturing and active participation in the ongoing debate on the cultural identity of the European Union the vicissitudes of the transatlantic dialogue the envisioning of new social paradigms the building of more solid and more relevant bridges of understanding between two continents that have a common Western humanistic tradition albeit synthesized to other cultures in America While the approach is personal it remains interdisciplinary and holistic throughout rooted in the poetic philosophy of history of Giambattista Vico and encompassing literature philosophy myth linguistics and political science on the edge of boundaries between the historical grand narrative the religious and even the quotidian and the anecdotal These thirty essays trace the origins of Western Civilization and the synthesis of Humanism and Christianity that is the Renaissance but also Janus like face they look forward to a new Renaissance and humanistic synthesis yet to be envisioned and forged that will dare to be both old and new that will encompass the poetical as well as the rational without losing sight of the universality of our common humanity The journey may be long arduous but it has already begun some sixty years ago Moreover these essays will appeal especially to those readers who are perplexed at the loss of humanistic modes of

thought in our post modern technological society A book sure to stimulate the intellect and the imagination of its readers They are given to understand from the outset that Europe more than a geographical political reality is an evolving idea and it is her destiny to live or die as such The readers will be provided with a Vichian chart to assist them in intellectually navigating and journey on this unique idea called Europa **India and Pakistan** Avtar Bhasin,2018-06-30 The book is based on archival material accessed for the first time from the Nehru Papers and the archives of the Ministry of External Affairs Government of India It provides readers with a new perspective on a great many significant issues of the sub continent s India Pakistan discourse The Partition was an opportunity for the two nations to go their own ways and build egalitarian societies complementing each other Unfortunately unable to transcend old animosities Pakistan added new ones to construct the bogey of Indian hegemony This was diametrically opposed to India s determination to steer clear of the past and pursue a positive policy towards Pakistan since it shared centuries of historical economic social and cultural ties with its people For India the separation was like a family dividing its assets by mutual agreement of its members and living peacefully thereafter For Pakistan however the separation was akin to a permanent breakup of a family which was accompanied by the nursing of grievances and the harbouring of adversarial feelings It is this mental make up dictating the Indo Pakistan narrative in the years following the Partition which the book succinctly captures **A History of German Literature**

Wolfgang Beutin,Klaus Ehlert,Wolfgang Emmerich,Helmut Hoffacker,Bernd Lutz,Volker Meid,Ralf Schnell,Peter Stein,Inge Stephan,2005-11-02 Since the appearance of its first edition in Germany in 1979 A History of German Literature has established itself as a classic work used by students and anyone interested in German literature The volume chronologically traces the development of German literature from the Middle Ages to the present day Throughout this chronology literary developments are set in a social and political context This includes a final chapter written for this latest edition on the consequences of the reunification of Germany in 1990 Thoroughly interdisciplinary in method the work also reflects recent developments in literary criticism and history Highly readable and stimulating A History of German Literature succeeds in making the literature of the past as immediate and engaging as the works of the present It is both a scholarly study and an invaluable reference work for students **Renegades and Rats** Jacqueline Dickenson,2006 Accusations of betrayal played a significant role in the shaping and maintenance of solidarity in socialist and other modern radical political organisations in Australia and Britain This fascinating study of trust and betrayal focuses on case studies of 6 rats or renegades H H

Champion William Trenwith John Burns Albert Victor Grayson Adela Pankhurst Walsh and Ada Holman Renegades and Rats will appeal to scholars of history and sociology alike and to anyone intersted in the subject of trust what it is and how it is lost

Conspiracy of Silence Azukaoma Uche Osakwe,2022-08-28 Nigeria is rife with divisions particularly between Christians and Muslims Both groups aim at converting others and so they are in direct conflict with each other The bitterness came to a head when Goodluck Jonathan a Christian succeeded his former boss Musa Yar Adua upon his death Jonathan would serve as

president from 2010 to 2015 The northern oligarchy was infuriated because they depended on rent and patronage which they knew would not be feasible under a Christian president They employed every tactic they could to destabilize his regime and in 2015 he lost the presidential election to the former military head of state Gen Muhammadu Buhari In this book the author lays out how politics in Nigeria is no longer based on what politicians can do for the community Rather the focus is on what they can do for themselves There is no more catching fish for God The religion they follow is based on stealing from the people Buhari was presented as an agent of change but his seven years in charge have only brought pain bloodshed anarchy and more turmoil Something must be done to move Nigeria away from the precipice Praise for Conspiracy of Silence

Azukaoma Uche Osakwe s book is another in a growing list of sad narratives on the failure of leadership in Nigeria under the leadership of Muhammadu Buhari s Administration The book painstakingly combs through the many ills of Nigerian society under Buhari and the collapse of such institutions as the police army electoral body government officials and the various ethnic nationalities He accuses these people of conspiring to stay mum amid terrible governance The author charges the citizenry as well as the Igbo Nation which he says are marginalized to buckle up and take what remains of their destiny in their own hands Jude Atupulazi editor in chief Fides Newspaper Awka Nigeria Conspiracy of Silence this book must necessarily take a long title It would indeed be difficult to capture the Muhammadu Buhari era as president of Nigeria with an elegantly titled book The simple reason is that the Buhari tenure was devoid of neither elegance nor finesse Conspiracy of Silence encapsulates this rather dark epoch in fine detail warts and all It s a racy report of Africa s giant caught in the vice grips of mediocrity and mendacity in equal measures It s stranger than fiction Steven Osuji columnist and former member of the editorial board The Nation Nigeria
