Political Cultural History Of Mod 2vol:

Politics and Sentiments in Risorgimento Italy Carlotta Sorba, 2021-05-03 This book investigates the narrative of nationhood during the Italian Risorgimento and its ability to reach a new and wider audience In Italy an extraordinary emotional excitement pervaded the struggle for national independence suffusing the speeches and actions of patriots This book shows how this ardour borrowed the tones figures and spectacular nature of the melodramatic imagination feeding the theatre and literature of the time and how it could resonate with a largely uneducated audience An important contribution to the new historiography on the Italian Risorgimento and on nineteenth century nationalism in Europe it offers a fresh perspective on the public sphere during the Risorgimento focusing on the transnational links between political mobilisation and the growth of new media and burgeoning mass culture

Florentine Patricians and Their Networks Elisa Goudriaan, 2017-10-02 In *Florentine Patricians and Their Networks* Elisa Goudriaan presents the first comprehensive overview of the cultural world and diplomatic strategies of Florentine patricians in the seventeenth century and the ways in which they contributed as a group to the court culture of the Medici The author focuses on the patricians musical theatrical literary and artistic pursuits and uses these to show how politics social life and cultural activities tended to merge in early modern society Quotations from many archival sources mainly correspondence make this book a lively reading experience and offer a new perspective on seventeenth century Florentine society by revealing the mechanisms behind elite patronage networks cultural input recruiting processes and brokerage activities

In the Province of History Ian McKay, Robin Bates, 2010-05-18 Using archival sources novels government reports and works on tourism and heritage Ian McKay and Robin Bates look at how state planners key politicians and cultural figures such as Henry Wadsworth Longfellow long time premier Angus L Macdonald and novelist Thomas Raddall were all instrumental in forming tourism history The authors argue that Longfellow s 1847 poem *Evangeline* on the brutal British expulsion of Acadians from Nova Scotia became a template a new kind of profit making history that exalted whiteness and excluded ethnic minorities women and working class movements A remarkable look at the intersection of politics leisure and the presentation of public history In *In the Province of History* is a revealing account of how a region has both used and distorted its own past

Classical Humanism and the Challenge of Modernity Bas van Bommel, 2015-03-10 In scholarship classical Renaissance humanism is usually strictly distinguished from neo humanism which especially in Germany flourished at the beginning of the 19th century While most classical humanists focused on the practical imitation of Latin stylistic models neohumanism is commonly believed to have been mainly inspired by typically modern values such as authenticity and historicity Bas van Bommel shows that whereas neohumanism was mainly adhered to at the German universities at the Gymnasien a much more traditional educational ideal prevailed which is best described as classical humanism This ideal involved the prioritisation of the Romans above the Greeks as well as the belief that imitation of Roman and Greek models

brings about man's aesthetic and moral elevation Van Bommel makes clear that 19th century classical humanism dynamically related to modern society On the one hand classical humanists explained the value of classical education in typically modern terms On the other hand competitors of the classical Gymnasium laid claim to values that were ultimately derived from classical humanism 19th century classical humanism should therefore not be seen as a dried out remnant of a dying past but as the continuation of a living tradition Subversions of International Order John Borneman,1998-01-01 Uses ethnographic tools to analyze political disorder and its representation at the end of the Cold War **2005** Massimo Mastrogregori,2009-12-22 Annually published since 1930 the International Bibliography of Historical Sciences IBOHS is an international bibliography of the most important historical monographs and periodical articles published throughout the world which deal with history from the earliest to the most recent times The IBOHS is thus currently the only continuous bibliography of its kind covering such a broad period of time spectrum of subjects and geographical range The works are arranged systematically according to period region or historical discipline and alphabetically according to authors names or in the case of anonymous works by the characteristic main title word The bibliography contains a geographical index and indexes of persons and authors **2001** Massimo Mastrogregori,2011-08-02 Annually published since 1930 the International bibliography of Historical Sciences IBOHS is an international bibliography of the most important historical monographs and periodical articles published throughout the world which deal with history from the earliest to the most recent times The works are arranged systematically according to period region or historical discipline and within this classification alphabetically The bibliography contains a geographical index and indexes of persons and authors The Political Nature of Cultural Heritage and Tourism Dallen J.
