Political Philosophy Of Poststructuralist Anarchism:

The Political Philosophy of Poststructuralist Anarchism Todd May, 1994-07-29 The political writings of the French poststructuralists have eluded articulation in the broader framework of general political philosophy primarily because of the pervasive tendency to define politics along a single parameter the balance between state power and individual rights in liberalism and the focus on economic justice as a goal in Marxism What poststructuralists like Michel Foucault Gilles Deleuze and Jean Fran ois Lyotard offer instead is a political philosophy that can be called tactical it emphasizes that power emerges from many different sources and operates along many different registers This approach has roots in traditional anarchist thought which sees the social and political field as a network of intertwined practices with overlapping political effects The poststructuralist approach however eschews two questionable assumptions of anarchism that human beings have an essentially benign essence and that power is always repressive never productive After positioning poststructuralist political thought against the background of Marxism and the traditional anarchism of Bakunin Kropotkin and Proudhon Todd May shows what a tactical political philosophy like anarchism looks like shorn of its humanist commitments namely a poststructuralist anarchism The book concludes with a defense contra Habermas and Critical Theory of poststructuralist political thought as having a metaethical structure allowing for positive ethical commitments

The Political Philosophy of Poststructuralist Anarchism Todd May, 1994 The political writings of the French poststructuralists have eluded articulation in the broader framework of general political philosophy primarily because of the pervasive tendency to define politics along a single parameter the balance between state power and individual rights in liberalism and the focus on economic justice as a goal in Marxism What poststructuralists like Michel Foucault Gilles Deleuze and Jean Fran ois Lyotard offer instead is a political philosophy that can be called tactical it emphasizes that power emerges from many different sources and operates along many different registers This approach has roots in traditional anarchist thought which sees the social and political field as a network of intertwined practices with overlapping political effects The poststructuralist approach however eschews two questionable assumptions of anarchism that human beings have an essentially benign essence and that power is always repressive never productive After positioning poststructuralist political thought against the background of Marxism and the traditional anarchism of Bakunin Kropotkin and Proudhon Todd May shows what a tactical political philosophy like anarchism looks like shorn of its humanist commitments namely a poststructuralist anarchism The book concludes with a defense contra Habermas and Critical Theory of poststructuralist political thought as having a metaethical structure allowing for positive ethical commitments

Anarchism and Political Modernity Nathan Jun, 2011-11-10 Anarchism and Political Modernity looks at the place of classical anarchism in the postmodern political discourse claiming that anarchism presents a vision of political postmodernity The book seeks to foster a better understanding of why and how anarchism is growing in the present To do so it first looks at its origins and history offering a different view from the two traditions that characterize modern

political theory socialism and liberalism Such an examination leads to a better understanding of how anarchism connects with newer political trends and why it is a powerful force in contemporary social and political movements This new volume in the Contemporary Anarchist Studies series offers a novel philosophical engagement with anarchism and contests a number of positions established in postanarchist theory Its new approach makes a valuable contribution to an established debate about anarchism and political theory It offers a new perspective on the emerging area of anarchist studies that will be of interest to students and theorists in political theory and anarchist studies

Anarchism and the Crisis of Representation Jesse S. Cohn, 2006-09 Anarchism and the Crisis of Representation is intended to provide readers of literary criticism art history political philosophy and the social sciences with a fresh perspective from which to revisit dead end theoretical debates over concepts such as agency essentialism and realism and at the same time to offer a new take on anarchism itself challenging conventional readings of the tradition The anarchism that emerges from this reinterpretation is neither a musty rationalism nor a millenarian irrationalism but a living body of thought that points beyond the sterile antinomies of post modern and Marxist theory

BOOK JACKET **Anarchism and Authority** Mr Paul McLaughlin, 2012-10-01 Examining the political theory of anarchism from a philosophical and historical perspective Paul McLaughlin relates anarchism to the fundamental ethical and political problem of authority The book pays particular attention to the authority of the state and the anarchist rejection of all traditional claims made for the legitimacy of state authority the author both explaining and defending the central tenets of the anarchist critique of the state The founding works of anarchist thought by Godwin Proudhon and Stirner are explored and anarchism is examined in its historical context including the influence of such events as the Enlightenment and the French Revolution on anarchist thought Finally the major theoretical developments of anarchism from the late nineteenth century to the present are summarized and evaluated This book is both a highly readable account of the development of anarchist thinking and a lucid and well reasoned defence of the anarchist philosophy

Aesthetics Equals Politics Mark Foster Gage, 2019-04-16 How aesthetics understood as a more encompassing framework for human activity might become the primary discourse for political and social engagement These essays make the case for a reignited understanding of aesthetics one that casts aesthetics not as illusory subjective or superficial but as a more encompassing framework for human activity Such an aesthetics the contributors suggest could become the primary discourse for political and social engagement Departing from the critical stance of twentieth century artists and theorists who embraced a counter aesthetic framework for political engagement this book documents how a broader understanding of aesthetics can offer insights into our relationships not only with objects spaces environments and ecologies but also with each other and the political structures in which we are all enmeshed The contributors philosophers media theorists artists curators writers and architects including such notable figures as Jacques Rancière Graham Harman and Elaine Scarry build a compelling framework for a new aesthetic discourse The book opens with a conversation in which Rancière tells the volume's editor Mark

Foster Gage that the aesthetic is about the experience of a common world The essays following discuss such topics as the perception of reality abstraction in ethics epistemology and aesthetics as the first philosophy Afrofuturism Xenofeminism philosophical realism the productive force of alienation and the unbearable lightness of current creative discourse Contributors Mark Foster Gage Jacques Rancière Elaine Scarry Graham Harman Timothy Morton Ferda Kolatan Adam Fure Michael Young Nettrice R Gaskins Roger Rothman Diann Bauer Matt Shaw Albena Yaneva Brett Mommersteeg Lydia Kallipoliti Ariane Lourie Harrison Rhett Russo Peggy Deamer Caroline Picard Matt Shaw Managing Editor

Anarchism and Education Judith Suissa, 2006-09-27 This book explores the neglected tradition of anarchist education showing how the ideas associated with this tradition can lend a valuable depth to philosophical debates on education and a motivating vision for teachers and educational policy makers

The Political Philosophy of Michel Foucault Mark G.E. Kelly, 2010-06-21 This book is the first to systematically reconstruct Michel Foucault's political and philosophical thought across his career It argues in the areas of epistemology power subjectivity resistance politics and ethics that Foucault's work represents the articulation of a consistent and progressive philosophical and political viewpoint The work is thus an important intervention into the field of Foucault studies where many continue to claim that Foucault's work is contradictory nonsensical or nihilistic

Philosophical Anarchism and Political Obligation Magda Egoumenides, 2014-08-28 Political obligation refers to the moral obligation of citizens to obey the law of their state and to the existence nature and justification of a special relationship between a government and its constituents This volume in the Contemporary Anarchist Studies series challenges this relationship seeking to define and defend the position of critical philosophical anarchism against alternative approaches to the issue of justification of political institutions The book sets out to demonstrate the value of taking an anarchist approach to the problem of political authority looking at theories of natural duty state justification natural duty of justice fairness political institutions and more It argues that the anarchist perspective is in fact indispensable to theorists of political obligation and can improve our views of political authority and social relations This accessible book builds on the works of philosophical anarchists such as John Simmons and Leslie Green and discusses key theorists including Rousseau Rawls and Horton This key resource will make an important contribution to anarchist political theory and to anarchist studies more generally

The Routledge Handbook of Anarchy and Anarchist Thought Gary Chartier, Chad Van Schoelandt, 2020-12-30 This Handbook offers an authoritative up to date introduction to the rich scholarly conversation about anarchy about the possibility dynamics and appeal of social order without the state Drawing on resources from philosophy economics law history politics and religious studies it is designed to deepen understanding of anarchy and the development of anarchist ideas at a time when those ideas have attracted increasing attention The popular identification of anarchy with chaos makes sophisticated interpretations which recognize anarchy as a kind of social order rather than an alternative to it especially interesting Strong centralized governments have struggled to quell popular frustration even as doubts have continued to

percolate about their legitimacy and long term financial stability Since the emergence of the modern state concerns like these have driven scholars to wonder whether societies could flourish while abandoning monopolistic governance entirely Standard treatments of political philosophy frequently assume the justifiability and desirability of states focusing on such questions as What is the best kind of state and What laws and policies should states adopt without considering whether it is just or prudent for states to do anything at all This Handbook encourages engagement with a provocative alternative that casts more conventional views in stark relief Its 30 chapters written specifically for this volume by an international team of leading scholars are organized into four main parts I Concept and Significance II Figures and Traditions III Legitimacy and Order IV Critique and Alternatives In addition a comprehensive index makes the volume easy to navigate and an annotated bibliography points readers to the most promising avenues of future research

The Bloomsbury Companion to Anarchism Ruth Kinna,2012-06-28 The Bloomsbury Companion to Anarchism is a comprehensive reference work to support research in anarchism The book considers the different approaches to anarchism as an ideology and explains the development of anarchist studies from the early twentieth century to the present day It is unique in that it highlights the relationship between theory and practice pays special attention to methodology presents non English works key terms and concepts and discusses new directions for the field Focusing on the contemporary movement the work outlines significant shifts in the study of anarchist ideas and explores recent debates The Companion will appeal to scholars in this growing field whether they are interested in the general study of anarchism or in more specific areas Featuring the work of key scholars The Bloomsbury Companion to Anarchism will be an essential tool for both the scholar and the activist

Against Anarchy Cord-Christian Casper,2020-08-24 Against Anarchy investigates the function of Anarchism in Early Modernist political fiction The study explains how political novels from 1886 to 1911 narrate and evaluate the function of Anarchists as embodiments of a radical space beyond politics The literary prevalence of Anarchists has so far not been connected systematically to its literary and political functions The study addresses this research gap in detailed analyses of a radical theme in narratives by Joseph Conrad Henry James and G K Chesterton It shows that each novel presents strategies of demarcation that allow turn of the century Britain to project its cultural anxieties upon an imagined other the dreaded figure labelled Anarchist The political radical is set up as the foil against which comforting self descriptions can be maintained Rather than merely reproducing this boundary work however the novels also evaluate its function both for the respective political system and for their own narrative capabilities and present the consequences incurred by the loss of an anarchist outside Against Anarchy is a thorough cultural historiography of the politically other and marginal At the same time the study demonstrates that close attention to the specific literary image of Anarchism allows for a re evaluation of political thought beyond its immediate historical moment a literary political theory in its own right

Justice: Deconstruction and Hermeneutics Sema Cevirici Atilla,2025-05-01 The pursuit of justice is an unending journey It is the name of an impending promise that we always pray

for hope for and sincerely desire but cannot quite see its fulfilment Justice always encourages openness to the future and refuses to be confined to a particular definition It occurs at different times with various demands and perspectives and it cannot be reduced to a single definition and a single norm This is precisely why this book consists of philosophical conversations that aim to expose the different faces of justice and to bring together the thoughts and concerns of thinkers talking about justice from different contexts The interviews address issues such as God ethics otherness anarchism the refugee crisis law democracy and human rights in the framework of their relation to justice The book is an invitation to everyone who wants to discuss the demands of justice in different contexts and witness the different faces of justice

Politics of Postanarchism Saul Newman, 2011-09-28 Articulates the intersection of anarchism and poststructuralism in order to frame a new approach to politics postanarchism Anarchism Today Randall Amster, 2012-03-09 With all of the provocative sometimes highly destructive acts committed in the name of anarchy this enlightening volume invites readers to discover the true meaning of anarchism exploring its vivid history and its resurgent relevance for addressing today's most vexing social problems In *Anarchism Today* an acclaimed scholar and one of the world's foremost advocates for the anarchistic tradition cuts through common misconceptions and caricatures to explore what is perhaps the most poorly understood of all political theories As author Randall Amster explains rather than being an anti everything rationale for defiance and destruction anarchism is in fact a coherent set of values and practices with a rich history and contemporary relevance Passionate and provocative Amster's book offers readers an expert's perspective on what anarchism really means including its relationship to other political approaches its careful balancing of individual liberty and a functioning society and its controversial image as a wellspring of violence Along the way Amster addresses a number of current issues from the perspective of anarchism including corporate globalization environmentalism warfare nationalism education technology alternative economics criminal justice and even spirituality He concludes with a frank assessment of anarchism's impact and the role it can play in building a more just peaceful and sustainable world *Political Thought of Jacques Ranciere* Todd May, 2008-06-24 This is the first single authored book in any language devoted entirely to the thought of Jacques Ranciere It focuses on his central political idea that a democratic politics emerges from the presupposition of equality Todd May examines and extends this presupposition offering a framework for understanding it placing it in the current political context and showing how it challenges traditional political philosophy and opens up neglected political paths May aims to show that Ranciere's view offers both hope and perspective for those who seek to think about and engage in progressive political action

Theorizing Contemporary Anarchism Iwona Janicka, 2017-01-26 The turn of the Millennium demonstrated a fully fledged revival and fusion of various left wing social movements with differing agendas Movements for women's black indigenous LGTB and animal liberation as well as ecological anti nuclear and anti war groups unified against the global capital Considering the diverse emphases of these movements is there a philosophical framework that could help us

understand their nature and their modes of operation in the 21st century This book provides a set of conceptual tools offering a theoretical model of slow social transformation a modality of social change that explicitly differs from the irruptive model of a revolution or a paradigm changing event Instead it proposes the two concepts of mimetic contagion and solidarity with singularity which allow us to understand what is currently happening in the activist milieu By bringing together some of today s most important thinkers including Butler Girard Badiou and Sloterdijk this book suggests a philosophical lens to look at the alternative living projects that contemporary left wing activists undertake in practice At the heart of their projects lie the pressing concerns that these contemporary philosophers currently debate Breaking from the conceptual apparatus of the Marxian tradition *Theorizing Contemporary Anarchism* instead takes Hegelian concepts and feeds them through the thought of contemporary theorists in order to form an original productive and inclusive scaffold with which to understand today s world of social and political movements

The Aesthetics of Anarchy Nina Gurianova,2012-03-06 In this meticulously researched in depth examination of anarchism and modernism Gurianova provides a new and compelling interpretation of the early Russian avant garde Her study has major implications for our understanding of some of the twentieth century s most important modernists and is an important contribution to the history and theory of radical political thought Allan Antliff author of *Anarchist Modernism Art Politics and the First American Avant Garde* Gurianova is the first scholar to study the early Russian avant garde not as a precursor to the Constructivism of the 1920s but as a distinctive movement in its own right In this important book she identifies an aesthetics of anarchy that characterized the movement s politics and poetics a concept with provocative implications for our understanding of the relationship between word and image This is a work of original and compelling scholarship that will profoundly alter our understanding of the Russian avant garde Nancy Perloff Getty Research Institute Los Angeles curator of the exhibit *Tango with Cows Book Art of the Russian Avant Garde 1910 1917*

Contemporary Anarchist Studies Randall Amster,Abraham DeLeon,Luis Fernandez,Anthony J. Nocella, II,Deric Shannon,2009-02-10 This volume of collected essays by some of the most prominent academics studying anarchism bridges the gap between anarchist activism on the streets and anarchist theory in the academy Focusing on anarchist theory pedagogy methodologies praxis and the future this edition will strike a chord for anyone interested in radical social change This interdisciplinary work highlights connections between anarchism and other perspectives such as feminism queer theory critical race theory disability studies post modernism and post structuralism animal liberation and environmental justice Featuring original articles this volume brings together a wide variety of anarchist voices whilst stressing anarchism s tradition of dissent This book is a must buy for the critical teacher student and activist interested in the state of the art of anarchism studies

Political Ideologies Vincent Geoghegan,Rick Wilford,2014-03-21 Now in its fourth edition *Political Ideologies An Introduction* continues to be the best introductory textbook for students of political ideologies Completely revised and updated throughout this edition features A comprehensive introduction to all of the most important ideologies

Brand new chapters on multiculturalism anarchism and the growing influence of religion on politics More contemporary examples of twenty first century iterations of liberalism socialism conservatism fascism green political theory nationalism and feminism Enhanced discussion of the end of ideology debates and emerging theories of ideological formation Six new contributors Accessible and packed with both historical and contemporary examples this is the most useful textbooks for scholars and students of political ideologies The contributors to this volume have all taught or carried out research at the School of Politics International Studies and Philosophy of Queen s University Belfast or have close research connections with the School

Political Philosophy Of Poststructuralist Anarchism Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the energy of words has been more evident than ever. They have the capacity to inspire, provoke, and ignite change. Such may be the essence of the book **Political Philosophy Of Poststructuralist Anarchism**, a literary masterpiece that delves deep into the significance of words and their effect on our lives. Compiled by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we will explore the book's key themes, examine its writing style, and analyze its overall impact on readers.
