Political Skill At Work Impact On Work Effectiveness:

Political Skill at Work Gerald R. Ferris, Pamela L. Perrewe, B. Parker Ellen III, Charn P. McAllister, Darren C. Treadway, 2011-06-17 Why is political skill so important in business In today s organizations career success depends more on political skill the ability to influence motivate and win support from others than on almost any other characteristic Political Skill at Work delivers the how to influence at work not just the what The authors of this innovative study explore how people high in political skill are more successful at getting hired building a reputation and establishing leadership From the worlds of business politics education and sports they offer compelling examples of political skill in action And for the first time they provide ways to measure and enhance this powerful ability Anyone interested in personal or professional development will find this book worthwhile Political Skill at Work: Revised and Updated Gerald R. Ferris, Pamela L Perrewe, Darren Treadway, Charn McAllister, Parker Ellen, 2020-07-09 Political skill is a characteristic that can facilitate good things for individuals and their organizations Yes it is possible that political skill can be used and to get away with self serving acts at the expense of others but contrary to the stereotypical perceptions of being political political skill is about more than manipulation In fact political skill enables people to build trust and forge positive relationships and leaders often need it to influence others and access resources critical to their teams success This edition has been revised and updated with more than 15 years of additional research on political skill as well as new examples that demonstrate why in today s organizations career success depends more on political skill than on almost any other characteristic Political Skill at Work Gerald R. Ferris, 2010-09-01 With examples of individuals using political skill to succeed in the corporate world government education and sports the authors explore what political skill is and isn t why and how it works and how it can be measured and developed They define four key dimensions of political skill social astuteness interpersonal influence networking ability and apparent sincerity Their 18 item Political Skill Inventory measures strength in these areas Strategic Safety Management in Construction and Engineering Patrick X. W. Zou, Riza Yosia Sunindijo, 2015-03-26 Although the construction and engineering sector makes important contributions to the economic social and environmental objectives of a nation it has a notorious reputation for being an unsafe industry in which to work Despite the fact that safety performance in the industry has improved injuries and fatalities still occur frequently To address this the industry needs to evolve further by integrating safety into all decision making processes Strategic Safety Management in Construction and Engineering takes a broad view of safety from a strategic decision making and management perspective with a particular focus on the need to balance and integrate science and art when implementing safety management The principles covered here include the economics of safety safety climate and culture skills for safety safety training and learning safety in design risk management building information modelling and safety research methods and the research practice nexus They are integrated into a strategic safety management framework which comprises strategy development implementation and evaluation Practical techniques

are included to apply the principles in the context of the construction and engineering industry and projects Case studies are also provided to demonstrate the localised context and applications of the principles and techniques in practice Politics in Organizations Gerald R. Ferris, Darren C. Treadway, 2012 First Published in 2012 Routledge is an imprint of Taylor Francis an informa company
