Winch**

Political Thought Plato To Nato:

Political Thought from Plato to NATO, 1988 **Plato to Nato**, 1995 **From Plato to NATO** David Gress, 1998

The end of the Cold war and the imminent unification of Europe raises urgent questions about the future of the Western Alliance FROM PLATO TO NATO analyses European civilisation's legacy from its inception and traces the ongoing debate about the West through to the present day David Gress assesses historical accounts of the West and argues that while often attacked as a cover for exploitation the legitimacy and unity of the West appears to contain both the rationality of the enlightenment and the mythological visions of fascism It will be up to the Westerners to choose which West they want to embrace FROM PLATO TO NATO is the first book to make sense of the enduring value of Western politics and culture at a time when the West is facing its greatest challenge since World War Two how to include new democracies in a world order that is struggling to preserve the egalitarian values of the Western Tradition **A History of Modern Political Thought**

Gary Browning, 2016-10-27 How are we to understand past political thinkers Is it a matter simply of reading their texts again and again Do we have to relate past texts of political thought to the contexts in which ideas were composed and in which the aims of past thinkers were formulated Or should past political theories be deconstructed so as to uncover not what their authors maintain but what the texts reveal In this book theories of interpreting past political thinkers are examined and the interpretive methods of a range of theories are reviewed including those of Hegel Marx Oakeshott Collingwood the Cambridge School Foucault Derrida and Gadamer The application of these theories of interpretation to notable modern political theorists Machiavelli Hobbes Locke Rousseau Kant Hegel Marx Bentham Mill Nietzsche and Beauvoir is then used as a way of understanding modern political thought and of assessing interpretive theories of past political thought The result is a book which sees the history of modern political thought as more than a procession of political theories but rather as a reflection on the meaning of past political thought and its interpretation It provides a way of reading the history of modern political thought in which the question of interpretation matters both for understanding how we interpret the past but also for considering what it means to undertake political thinking **History of Western Political Thought** John

Morrow, 2019-04-27 The third edition of this highly regarded core textbook offers an accessible and impressively comprehensive account of Western Political Thought over the last two millennia Structured in four main parts the chapters are organised around a wide range of key themes covering everything from Absolute Government and Revolutionary Political Thought to Politics and Freedom and Theories of Civil Disobedience This new edition concludes with an Epilogue that considers the challenges posed to the history of Western political thought by the perspectives of post colonialism and post modernism The use of boxes throughout the book to explain key thinkers in more detail as well as the author's ability to express complex ideas in clear and jargon free language makes this the perfect text for helping students to understand the key debates issues and continuities in the long history of political ideas For undergraduate and postgraduate students

studying courses on the history of political thought and theory this is an indispensable guide New to this Edition Expanded material on the history of international relations thinking race consciousness diversity and gender politics A completely new Epilogue which focuses on a discussion of post colonialism and post modernism in relation to political theory Additional Thinker boxes alongside revised and updated suggestions for further reading A World History of Ancient Political Thought Antony Black,2016 This text examines the political thought of China Greece Israel Rome India Iran Egypt Mesopotamia and also early Christianity Each of these had its own priorities based on a religious and philosophical perspective This led to different ideas about who should govern how to govern and what government was for **The British Empiricists** Stephen Priest,2007-09-25 The Empiricists represent the central tradition in British philosophy as well as some of the most important and influential thinkers in human history Their ideas paved the way for modern thought from politics to science ethics to religion The British Empiricists is a wonderfully clear and concise introduction to the lives careers and views of Hobbes Locke Berkeley Hume Mill Russell and Ayer Stephen Priest examines each philosopher and their views on a wide range of topics including mind and matter ethics and emotions freedom and the physical world language truth and logic The book is usefully arranged so that it can be read by thinker or by topic or as a history of key philosophical problems and equips the reader to recognize and practice philosophical thinking understand the methods of solving philosophical problems used by the British Empiricists appreciate the role of empiricism in the history of Western philosophy For any student new to philosophy Western philosophy or the British Empiricists this masterly survey offers an accessible engaging introduction

Political Geography Mark Blacksell,2006 Mark Blacksell gives a concise introduction to the key themes in political geography and moves beyond the study of the state to encompass the spatial consequences of power at all levels

Western Political Thought Robert Eccleshall,Michael Kenny,1995 This is a guide to the vast amount of literature on the history of political thought which has appeared in English since 1945 The editors provide an annotation of the content of many entries and where appropriate indicate their significance controversial nature and readability **Modern Political Thought** John Gingell,Adrian Little,Christopher Winch,2002-01-04 Modern Political Thought A Reader is an excellent introduction to the key works of the major political thinkers from the English Civil War to the end of the 19th Century It draws together the most important parts of seminal works of political thought such as Hobbes Leviathan Locke s Treatises Rousseau s The Social Contract Mill s On Liberty together with substantial extracts from Machiavelli s The Prince and Marx s Capital Accessible introductions are provided for each thinker explaining their lives and works and placing them in the historical context in which they worked and wrote **Contemporary Political Thought** Alan Finlayson,2003-09 Contemporary Political Theory is a foundation textbook in political thought *On Politics: A History of Political Thought: From Herodotus to the Present* Alan Ryan,2012-10-22 Finally in a one volume paperback edition On Politics is one of the most ambitious and hugely readable histories of political philosophy in nearly a century Praised widely upon hardcover

publication Alan Ryan's masterpiece David Ulin Los Angeles Times blends history and philosophy to examine three thousand years of political thought Drawing on three decades of research Ryan insightfully traces the origins of political philosophy from the ancient Greeks to the present and evokes the lives and minds of our greatest thinkers in a way that makes reading about them a remarkable experience Jeremy Waldron New York Review of Books Whether writing about Plato or Augustine Tocqueville or Jefferson Ryan illuminates John Dewey's dictum that the role of philosophy is less to see truth than to enhance life With this epic John Keane Financial Times tour de force Ryan affirms his place as one of the most influential political philosophers of our time *Rousseau, the Age of Enlightenment, and Their Legacies* Robert Wokler, 2012 Robert Wokler was one of the world's leading experts on Rousseau and the Enlightenment but some of his best work was published in the form of widely scattered and difficult to find essays This book collects for the first time a representative selection of his most important essays on Rousseau and the legacy of Enlightenment political thought These essays concern many of the great themes of the age including liberty equality and the origins of revolution But they also address a number of less prominent debates including those over cosmopolitanism the nature and social role of music and the origins of the human sciences in the Enlightenment controversy over the relationship between humans and the great apes These essays also explore Rousseau's relationships to Rameau Pufendorf Voltaire and Marx reflect on the work of important earlier scholars of the Enlightenment including Ernst Cassirer and Isaiah Berlin and examine the influence of the Enlightenment on the twentieth century One of the central themes of the book is a defense of the Enlightenment against the common charge that it bears responsibility for the Terror of the French Revolution the totalitarian regimes of the twentieth century and the Holocaust *Political Theory* Leigh Jenco, Paulina Ochoa Espejo, Murad Idris, 2025-02-19 This groundbreaking work presents a transformative perspective on political theory This text is not just an introduction to political theory it's a call to broaden the discipline's horizons making it more globally aware and methodologically diverse The authors introduce a novel approach to political theory that expands the scope of the discipline beyond traditional philosophical texts and Eurocentric perspectives The text integrates canonical Western texts with diverse sources of political thought from a wide range of times and places spanning the Vedas to the Quran the Upanishads to the Popol Vuh This is the first introductory text to incorporate such a variety of texts and authors with each thinker whether Plato or Laozi Du Bois or Confucius introduced in a way that's both accessible and relevant today The text also demonstrates the possibilities for comparison and connections in teaching political theory Cross cutting themes of gender race and colonialism connect disparate ideas across time periods and geographies forging a comprehensive network of political thought This pioneering textbook reshapes the way political theory is taught and understood and is an essential companion for all undergraduate and postgraduate students of political theory as much as it will be for anyone interested in global political thought This text is a must read for anyone looking to understand the full spectrum of political thought and its application in today's interconnected world *Political Theory* Evangelia

Sembou,2013-08-19 Political theory draws on a number of different disciplines such as political science philosophy history and law It is a broad subfield its practitioners depending on their background bring different perspectives and approaches to the study of political thought which range from historical to normative Moreover political theory often draws on the insights of as well as engages in a dialogue with social theory ethics and the philosophy of law In addition nowadays political theory has expanded to include the study of the international international political theory For all these reasons political theory is a core subject taught in a variety of academic departments Yet paradoxically there has been an increasing tendency in the past few years for political theory to be marginalized in the academy This is because so much academic policy concentrates on the main branches of the disciplines within which political theory falls Even worse for political theory social theory and the philosophy of law or legal philosophy with which it enters into fruitful dialogue are themselves weak areas within sociology and law respectively The aim of this volume is to address this situation What are the problems and challenges that political theory faces today What is its importance as a distinctive branch of enquiry What are its main concerns The fact that political thought operates across disciplinary boundaries and often challenges the boundaries of the aforesaid disciplines is one of its greatest strengths

The Politics of Justice and Human Rights Anthony J. Langlois,2001-10-15 The Asian Values Discourse

Nature in Modernity Stephen Duguid,2010 Nature in Modernity Servant Citizen Queen or Comrade explores the origins and implications of the mastery of nature agenda within Western culture and argues that there is a long standing parallel shadow tradition grounded instead in mutuality respect and reciprocity This is explored in a series of chapters that focus on our hunter gatherer heritage the shift to a more sedentary and agricultural life and the subsequent emergence of mastery of self and nature as the dominant cultural objective The impact of this mastery agenda on the natural environment is explored and a case made that our current ecological crisis has its origins in this tradition of mastery A counter tradition is examined identifying a range of cultural tools grounded in alternative traditions tools that can be used to create a culture of care mutuality and reciprocity in which it will be logical to welcome nature in all its complexity as a fellow citizen

Personal Identity, National Identity and International Relations William Bloom,1990 Drawing on Freud Mead Erikson Parsons and Habermas William Bloom relates mass psychological processes to international relations

Passion, Craft, and Method in Comparative Politics Gerardo L. Munck,Richard Snyder,2007-07-02 In the first collection of interviews with the most prominent scholars in comparative politics since World War II Gerardo L Munck and Richard Snyder trace key developments in the field during the twentieth century Organized around a broad set of themes intellectual formation and training major works and ideas the craft and tools of research colleagues collaborators and students and the past and future of comparative politics these in depth interviews offer unique and candid reflections that bring the research process to life and shed light on the human dimension of scholarship Giving voice to scholars who practice their craft in different ways yet share a passion for knowledge about global politics Passion Craft and Method in Comparative Politics offers a wealth of

insights into contemporary debates about the state of knowledge in comparative politics and the future of the field

Politics and Drama Onder Cakirtas, 2019-01-03 By comparing the literary works of two of the greatest playwrights of our time, Onder Cakirtas reveals the similarities and contrasts between their political views and the political backdrop of their respective nations. In Britain, George Bernard Shaw, the leading British dramatist for the first half of the twentieth century, wrote his plays to explicitly reflect his socialist political and economic views and highlight the need for equal rights for women. In Turkey, decades later, Orhan Asena confronted similar issues with plays that challenged the dominant political powers of his time, a stance which ultimately led to his political exile from Turkey.

Right here, we have countless books **Political Thought Plato To Nato** and collections to check out. We additionally manage to pay for variant types and as a consequence type of the books to browse. The up to standard book, fiction, history, novel, scientific research, as with ease as various new sorts of books are readily clear here.
