Louis B. Schlesinger

Road Hustler The Career Contingencies Of Professional Card And Dice Hustlers:

Road Hustler Robert C. Prus, C. R. D. Sharper, 1977-01-01 **Victimless Crime** Wendy Serbin Smith, 1977 **Beyond the Power Mystique** Robert Prus, 1999-02-25 Despite the considerable attention given to power by foundational sources such as Machiavelli Hobbs Weber Durkheim and Marx and those social theorists who have built on their works surprisingly little attention has been given to the study of power as an enacted feature of community life Locating power more directly within a symbolic interactionist framework *Beyond the Power Mystique* not only enables scholars to permeate much of the mystique shrouding power but explicitly viewing power as intersubjective accomplishment the material presented here fosters a research agenda that is highly attentive to the collectively articulated aspects of power relations Consideration is given to the ways in which power is brought into existence implemented experienced sustained objectified resisted dissipated and reconstituted in actual practice Addressing the full range of associations occurring in all human arenas from small group settings to large scale theaters of operations this volume provides a conceptually viable means of synthesizing so called macro and micro realms of power Prus considers people s definitions of and routings into situations of power as well as the dilemmas they face the strategies they assume and the limitations they encounter as they enter into interchanges with others on both more individualized and collectively coordinated bases and in both long term and more situated instances

Turnabout and Deception Barton Whaley, 2016-07-15 *Turnabout and Deception* combines two of spymaster Barton Whaley s most potent analyses of the craft *Turnabout Crafting the Double Cross* and *When Deception Fails The Theory of Outs* Each examination delves into extensive case studies to establish not only foundational understandings of essential espionage principals but also creates guidance for their practical application on both individual and governmental scales *Deception* is a basic tactic used by allies and enemies alike but when both protagonist and antagonist ply the same trade it is the master of the double cross who comes out the victor *Turnabout and Deception* examines how to turn the tables on an opponent and use their own deception against them Through thirty eight case studies this monograph dissects the double cross to reveal the psychological battle of wits at its core No matter how well crafted however there is always a chance that a deception will fail But failure is not the end of a deception and even failed deception operations can yield results *Turnabout and Deception* pores over sixty more case studies to determine why a deception will fail steps to prevent a failed operation and how to turn that failure into a success *Explorations in Criminal Psychopathology* Louis B. Schlesinger, 2007 When *Explorations in Criminal Psychopathology Clinical Syndromes With Forensic Implications* was first published in 1996 the purpose was in part to correct an imbalance in the field specifically with regard to the coverage of the important topic of psychopathology and its relationship to crime The second edition of this book continues to address the complex approach to this very specific and important aspect of human behavior Emphasizing on psychopathology from a clinical phenomenological perspective with legal issues and implications playing a secondary role an impressive group of contributors explores various

disorders that have significant forensic implications Each deals with a specific disorder or pathological process in terms of its potential relevance to criminal forensic practice Updated and expanded articles approach these complexities largely from a psychodynamic perspective that also addresses the biological psychological and environmental aspects of behavior The book is divided into three parts Part I includes five different types of psychopathology that lead to distinct overt types of behavior Part II provides discussions of various disorders of thought resulting in criminal conduct but not disordered thinking indicative of a formal thought disorder per se Part III concerns borderline and psychotic like conditions as well as malingering and deception which are important topics in forensic practice This book meets a need in scientific literature as a significant resource for clinicians that are confronted with rare unusual or novel disorders whose potential implications have been less well studied and are therefore less apparent and familiar

Encyclopedia of Criminological Theory Francis T. Cullen, Pamela Wilcox, 2010-09-23 Consistently excellent The level and coverage of the content make this an invaluable reference for students studying criminology or taking criminal psychology modules at degree level and beyond Adam Tocock Reference Reviews In discussing a criminology topic lecturers and course textbooks often toss out names of theorists or make a sideways reference to a particular theory and move on as if assuming their student audience possesses the necessary background to appreciate and integrate the reference However university reference librarians can tell you this is often far from the case Students often approach them seeking a source to provide a quick overview of a particular theory or theorist with just the basics the who what where how and why if you will And reference librarians often find it difficult to guide these students to a quick one stop source In response SAGE Reference is publishing the two volume *Encyclopedia of Criminological Theory* available in both print and electronic formats This serves as a reference source for anyone interested in the roots of contemporary criminological theory Drawing together a team of international scholars it examines the global landscape of all the key theories and the theorists behind them presenting them in the context needed to understand their strengths and weaknesses In addition to interpretations of long established theories it also offers essays on cutting edge research as one might find in a handbook And like an unabridged dictionary it provides concise to the point definitions of key concepts ideas schools and figures Coverage will include contexts and concepts in criminological theory the social construction of crime policy implications of theory diversity and intercultural contexts conflict theory rational choice theories conservative criminology feminist theory

The Deviant Mystique Scott Grills, Robert Prus, 2003-02-28 Adopting a symbolic interactionist perspective and building extensively on the ethnographic research tradition this book analyzes the mystique that often accompanies deviance by examining deviance as an ongoing feature of community life Because deviance is approached in nonprescriptive ways as a product of community interchange the emphasis here is on the ways in which deviance is defined engaged and regulated It is examined as the product of human association as something that is generated by people as they interact with one another assume viewpoints and initiatives and try to influence and resist one another within the context of

community life Prus and Grills do not attempt to address various deviant behaviors instead they provide readers with a glimpse into how deviance is formulated practiced viewed and treated Who defines deviance Why What are the effects of deviance on others How do subcultures form These and other questions are answered in this unique approach to the study of deviance Providing a conceptually coherent framework for approaching the study of deviance as an ongoing feature of the human community the authors pay special attention to the many theaters of operation in which people come together and engage one another with respect to morality and deviance Recognizing that audience definitions of deviance are pivotal to community notions of reality and actual interaction consideration is given to the interrelated processes of defining deviance identifying deviants regulating deviance informally and formally and experiencing treatment and disinvolvement This thoughtful consideration serves to shed new light on the mystique that has been created around ideas about deviance

Challenging Criminological Theory Francis T. Cullen, Pamela Wilcox, Robert J. Sampson, Brendan D.

Dooley, 2017-07-12 This volume is divided into five sections that when taken together offer an informative account of the impact of Ruth Rosner Kornhauser's *Social Sources of Delinquency* on the development of American criminological thought This classic book was her major contribution to the field Section I tells the story of Kornhauser's brief but influential academic career Section II probes deeply into the specific ways in which she challenged criminological theory and the subsequent responses that were forthcoming Section III then presents commentary on specific lines of inquiry inspired by Kornhauser's book and orientation to criminological theory Section IV explores recent efforts to move beyond Kornhauser's insights on communities and crime Section V concludes with three critical essays contending that *Social Sources of Delinquency* paid insufficient attention to criminal motivation the role of opportunity in offending and gangs and girls This volume authored by prominent scholars shows that Kornhauser's way of thinking about crime continues to be a starting point for much criminological theory today **Hard Sell** Colin Clark, 2014-08-01 Market pitchers routinely transform a patch of bare ground into a sea of eager purchasers using little more than their gift of the gab and some homespun psychology to convince passers by to stop and buy their goods Employing some of the world's most successful selling techniques in one of the oldest and most difficult of all marketing situations their rhetoric and social skills have to equal that employed by the most accomplished salespersons politicians and professional persuaders Between 1984 and 1994 sociologists Clark and Pinch recorded over 75 pitching routines on street markets and other sales sites throughout the UK mainland Europe and the United States Using examples of pitchers attracting a crowd describing and demonstrating their goods building bargains cajoling the unconvinced to make a purchase and coping with problem customers the authors reveal for the very first time the reasons for these traders extraordinary success both on and away from the markets Comparing their findings with more orthodox sales situations direct response TV home shopping and infomercials as well as other forms of grass roots selling fly pitching the mock auction sales con street entertaining and urban hustling the authors highlight many important lessons that

have relevance for everyone involved in all types of marketing advertising and persuasion In this revised updated and extended edition the authors also reveal why today pitching on markets appears to have become a dying art Original authoritative and highly readable The Hard Sell is an essential and often hilarious guide for anyone who wants to understand how real life selling really works Microsociological Perspectives for Environmental Sociology Bradley H. Brewster, Antony J. Puddephatt, 2016-11-10 Environmental sociology tends to be dominated by macrosociological theories to the point that microsociological perspectives have been neglected and ignored This collection of original work is the first book dedicated to demonstrating the utility of microsociological perspectives for investigating environmental issues From symbolic interactionism to actor network theory from dramaturgy to conversation analysis from practice theory to animism a variety of microsociological perspectives are not only drawn upon but creatively applied and developed making this collection not only a contribution to environmental sociology but to microsociological theory as well The authors address such topics as the treatment of waste human animal relations science and industry partnerships environmental social movements identities and lifestyles eco tourism the framing of land water and natural resources and even human conceptions of outer space Bringing together diverse scholars perspectives and topics Microsociological Perspectives for Environmental Sociology opens the field up to new approaches and initiates much needed dialogue between environmental sociologists and microsociologists It will appeal not only to sociologists but to environmental scholars across the social sciences interested in enriching their theoretical repertoire in studying the social aspects of the environment The Relativity of Deviance John Curra, 2016-01-25 This engaging and informative book by award winning sociologist and criminologist John Curra offers a valuable perspective on attitudes and behaviors labeled as deviant The Relativity of Deviance Fourth Edition explores the meanings and constructions of social deviance and social reactions to it he answers such questions as What is deviance What comprises deviant behavior How are deviants treated How is deviance socially constructed and socially sustained Why is the same attitude behavior or condition praised in one situation and condemned in another Through insightful and thought provoking examples and informed accounts the author illustrates that deviance cannot be explained or understood in terms of absolutes or essential characteristics nor can it be explained or understood apart from its social setting This book approaches sex violence theft drugs suicide rape and mental disorders in a way that shows the critical role of sociocultural factors and social reactions in constructions of deviance and crime Fight, Flight, or Chill Brian Wilson, 2006-03-23 Fight Flight or Chill explores the extent to which raver youths experiences are constrained or determined by individualistic high tech mass mediated Western culture in which alienated and unfulfilled youth are apparently more at risk for escapist and thrill seeking behaviours Wilson considers how raver youth creatively and proactively subvert these constraints in novel and empowering ways from political activism to symbolic and stylistic expressions of resistance to community building efforts He also discusses the globalization and political economy of rave and youth culture and examines the ideologies that underlie simple

solutions to the complex concerns over young people today *Subcultural Mosaics and Intersubjective Realities* Robert C. Prus,1997-01-01 Examines the theory and methods by which social scientists study the human lived experienced *Online Gambling and Crime* James Banks,2016-05-13 Offering the first empirically driven assessment of the development marketisation regulation and use of online gambling organisations and their products this book explores the relationship between online gambling and crime It draws upon quantitative and qualitative data including textual and visual analyses of e gambling advertising and the records of player protection and standards organisations together with a virtual ethnography of online gambling subcultures to examine the ways in which gambling and crime have been approached in practice by gamers regulatory agencies and online gambling organisations Building upon contemporary criminological theory it develops an understanding of online gambling as an arena in which risks and rewards are carefully constructed and through which players navigate employing their own agency to engage with the very real possibility of victimisation With attention to the manner in which online gambling can be a source of criminal activity not only on the part of players but also criminal entrepreneurs and legitimate gambling businesses *Online Gambling and Crime* discusses developments in criminal law and regulatory frameworks evaluating past and present policy on online gambling A rich examination of the prevalence incidence and experience of a range of criminal activities linked to gambling on the Internet this book will appeal to scholars and policy makers in the fields of sociology and criminology law the study of culture and subculture risk health studies and social policy

Symbolic Interaction and Ethnographic Research Robert C. Prus,1996-01-01 Examines a series of theoretical and methodological issues faced by social scientists in interpretive and ethnographic studies of human group life *The Interaction Order* Norman K. Denzin,2019-02-12 This volume brings together leading scholars in the area of symbolic interactionism to offer a broad discussion of issues including identity dialogue and legitimacy *The Con Men* Terry Williams,Trevor B. Milton,2015-11-10 This ethnography of NYC s scammers presents a revealing portrait of a critical but little known element of city life timely incisive and poignant Elijah Anderson author of *Code of the Street* This vivid account of hustling in New York City explores the sociological reasons why con artists play their game and the psychological tricks they use to win it Sociologists Terry Williams and Trevor B Milton spent years with New York con artists to uncover their secrets The result is an unprecedented view into how con games operate whether in back alleys and side streets or in police precincts and Wall Street boiler rooms Whether it s selling bootleg goods playing the numbers squatting rent free scamming tourists with bogus stories selling knockoffs on Canal Street or crafting Ponzi schemes con artists use verbal persuasion physical misdirection and sheer charm to convince others to do what they want Williams and Milton examine this act of performance art and find meaning in its methods Through their sophisticated exploration of the personal experiences and influences that create a successful hustler they build a portrait of unusual emotional and psychological depth This engaging ethnography demonstrates how the city s unique urban and social architecture lends itself to the perfect con **21st**

Century Sociology: A Reference Handbook Clifton D. Bryant, Dennis L. Peck, 2007 Publisher Description **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1978 Management Motifs Scott Grills, Robert Prus, 2018-07-24 This book examines management and management related activities as a feature of everyday life Any person or group that attempts to influence or shape the behaviors or experiences of others may be understood as engaging in management activities The study of management involves the study of achieving understanding providing direction and coordinating activities with others across an endless array of humanly engaged terrains Management Motifs provides a research agenda for an interactionist approach to the study of management activities Moving well beyond more organizationally based understandings of managers and management it examines the pragmatic accomplishment of management activities and the generic social processes that accompany them This work addresses diverse issues related to management such as holding and doing office pursuing cooperation developing policy envisioning and advocating for missions establishing teams and generating team identities sustaining team endeavors and managing self By attending to management related concerns as a generic feature of human group life the authors develop and articulate a research framework for the study of managing and management

Road Hustler The Career Contingencies Of Professional Card And Dice Hustlers Introduction

In today's digital age, the availability of Road Hustler The Career Contingencies Of Professional Card And Dice Hustlers books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Road Hustler The Career Contingencies Of Professional Card And Dice Hustlers books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Road Hustler The Career Contingencies Of Professional Card And Dice Hustlers books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Road Hustler The Career Contingencies Of Professional Card And Dice Hustlers versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Road Hustler The Career Contingencies Of Professional Card And Dice Hustlers books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Road Hustler The Career Contingencies Of Professional Card And Dice Hustlers books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a

Road Hustler The Career Contingencies Of Professional Card And Dice Hustlers

nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Road Hustler The Career Contingencies Of Professional Card And Dice Hustlers books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Road Hustler The Career Contingencies Of Professional Card And Dice Hustlers books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Road Hustler The Career Contingencies Of Professional Card And Dice Hustlers books and manuals for download and embark on your journey of knowledge?

FAQs About Road Hustler The Career Contingencies Of Professional Card And Dice Hustlers Books
