Leadership and Sexuality James K. Beggan, Scott T.

Allison, 2018-02-23 Although both leadership and sexuality are important and heavily researched topics, there is little work that addresses the interaction of the two areas.

Leadership and Sexuality: Power, Principles, and Processes is a scholarly synthesis of leadership principles with issues related to sexuality and sexual policy making. The authors' multi-disciplinary analysis of the topic examines sexuality in the context of many different kinds of leadership, exploring both the good and the bad aspects of leadership and sexuality.

Underserved Women of Color, Voice, and Resistance Sonja M. Brown

Givens, Keisha Edwards Tassie, 2014-03-20 Contemporary research on the lives and experiences of women of color tends to neglect the influence of women's perceived access to voice as they manage tensions related to race, class, and gender.

Underserved Women of Color, Voice, and Resistance: Claiming a Seat at the Table contributes to current dialogues that construct Black Feminist Theory as active critical engagement within dominant American institutions that oppress women of color in their daily lives. Women of color face unique social challenges that exist at the intersections of race, gender, class, and sexual orientation. While some challenges are common to women of color, others reflect the distinct journey each woman makes as she negotiates her identity within her family, professional circle, social and romantic relationships, and community. The editors have constructed a rich collection of voices in this work, exploring the politics of women of color across various social contexts.
