Biographie Universelle, Ou Dictionnaire Historique, Etc**, 1833 Gothic Tombs of Kinship in France, the Low Countries, and England, Gothic Tombs of Kinship is a study of one monumental tomb type in Northern Europe traced from the thirteenth through the fifteenth centuries This is the first extensive treatment that recognizes the kinship tomb for what it is rather than compounding it with its celebrated counterpart the ceremonial tomb where the final rites or funeral procession of the deceased are represented The unique characteristic of a tomb of kinship is that it includes a figurative representation of a family tree This book establishes the kinship tomb as an important Northern European iconographical type equal in interest to the ceremonial tomb as a manifestation of the mentality of the late Middle Ages It traces the development of the type from its inception in France and diffusion in the Low Countries and England until its vulgarization in prefabricated tombstones and alabaster tombs in the fifteenth century The study demonstrates that after being imported into England in the late thirteenth century the kinship tomb became a vehicle for Edward III's assertion of his claim to the French throne and inspired by the king and court the preferred type of the fourteenth century English baron Limited to the princes

and knights and their ladies in the thirteenth century the tomb was adopted by the minor gentry and the middle class by the late fourteenth century with a corresponding change from an extended family program to one confined to the nuclear family Gothic Tombs of Kinship identifies a representative number of kinship tombs from the period and the territories that marked their apogee deciphers their programs and places them in their cultural context The History of Paris, from the Earliest Period to the Present Day; Containing a Description of Its Antiquities, Public Buildings, ... To which is Added an Appendix: Containing a Notice of the Church of Saint Denis; an Account of the Violation of the Royal Tombs; Important Statistical Tables Derived from Official Sources, Etc. Etc.
