They engaged in deception exposure and betrayal in a quest to make the impossible happen They managed to survive in a world in which a series of technological wonders appeared which previous generations would have considered magical Even today when we now take the most sophisticated technology for granted we can still be astonished by tricks that were performed hundreds of years ago The Secret History of Magic reveals how this was done It is about why magic matters in a world that no longer seems to have a place for it but Boys' Life ,1978-03 Boys Life is the official youth magazine for the Boy Scouts which desperately needs a sense of wonder of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting
