Communication Strategies of Global Players. A Linguistic Study with Special Reference to T-Mobile Christina Kuttig, 2015-10-29 Diploma Thesis from the year 2002 in the subject English Language and Literature Studies Linguistics grade Sehr Gut Klagenfurt University language English abstract The purpose of this study is to analyse the international online marketing communication strategies of a mobile communications provider that has recently gone global from a linguistic point of view This field of business has so far operated on a local level through the merger of various companies operating on a national level to form the global player T Mobile this has become an international business The present study will compare the linguistic implementation of T Mobile s online marketing communication strategies on the corporate as well as two local Internet sites and attempt to filter out possible cross cultural differences Since an analysis of all relevant media would deserve more consideration than the purpose and length of this thesis allow I wish to focus on just one media the Internet as this communication channel is exemplar of the open strategy approach of international marketing communications Gower Handbook of Marketing Michael J. Thomas, 1995 This edition has been revised to include new chapters on subjects as diverse as relationship marketing and international marketing research The 36 contributors are all acknowledged leaders in their chosen field with practical experience of marketing **Marketing Communications** Babek Taheri, Hamid Shaker, 2024-12-20 Fully revised and updated Marketing Communications 2nd edition acknowledges that the

most important task faced by any marketing communications practitioner is to identify and select an optimum promotions mix to help achieve an organisation's business objectives

Marketing communication strategies for fashion brands and measurements of efficiency Karola Schwindt, 2014-12-12 Bachelor Thesis from the year 2014 in the subject Communications Public Relations Advertising Marketing Social Media grade 2.0 Niederrhein University of Applied Sciences Mönchengladbach language English abstract To successfully communicate a fashion brand not only the advertising message itself has to match with the relevant target group but also the right media have to be used to address the target group Communication that wants to catch the brand's target group and wants to be noticed has to meet exactly their lifestyle and attitude Solely methods of mass communication do not reach the individual target audiences anymore That is why new ways of communication become more important This thesis provides a framework of marketing communication strategies traditional and up to date ones which can be applied to the target groups of the fashion market Those strategies can be combined almost unlimited However the media planning should be carried out target group oriented With the help of four relevant target audiences and their use of media will be exemplified how a brand can find the suitable strategies for its target group Knowing how to define whether a strategy was successful is just as important as gaining the attention of customers through this strategy Therefore it will be determined which measurements of efficiency are applicable for which marketing communication strategies
