Sons And Daughters Of Los David James, 2003-02-27 Los Angeles A city that is synonymous with celebrity and mass market culture is also according to David James synonymous with social alienation and dispersal In the communities of Los Angeles artists cultural institutions and activities exist in ways that are often concealed from sight obscured by the powerful presence of Hollywood and its machinations In this significant collection of original essays The Sons and Daughters of Los reconstructs the city of Los Angeles with new cultural connections Explored here are the communities that offer alternatives to the picture of L A as a conglomeration of studios and mass media Each essay examines a particular piece of or place in Los Angeles cultural life from the Beyond Baroque Poetry Foundation the Woman s Building to Highways and LACE as well as the achievements of these grassroots initiatives Also included is critical commentary on important artists including Harry Gamboa Jr and others whose work have done much to shape popular culture in L A The cumulative effect of reading this book is to see a very different city take shape one whose cultural landscape is far more innovative and reflective of the diversity of the city s people than mainstream notions of it suggest The Sons and Daughters of Los offers a substantive and complicated picture of the way culture plays itself it out on the smallest scale in one of the largest metropolises on earth contributing to a richer more textured understanding of the vibrancy of urban life and art María Lionza, mito y culto venezolano Angelina Pollak-Eltz, 1985

The machine and the ghost Sas Mays, Neil Matheson, 2016-05-16 Focusing on our complex relationship with technology The machine and the ghost explores our culture s continued fascination with the spectral the ghostly and the paranormal Through a series of critical case studies and artists discussions this lively new collection examines topics ranging from contemporary art to cultural theory Produced with renowned specialists within the field including the artist Susan Hiller and the writer Marina Warner the book combines the historical with the contemporary in exploring how the visual culture of paranormal phenomena continues to haunt our imaginations Informed by history and the visual tradition of spiritualism and psychical research the collection is very much concerned to site that tradition within our contemporary concerns such as landscape and environment and recent technological developments Aimed at a broad
