Mel Bays Dulcimer Song:

Favorite Old-Time American Songs for Dulcimer Mark Nelson, 2011-02-24 This giant book features over 100 of America's favorite folk songs expertly arranged for the Appalachian dulcimer. Children's songs, work songs, old Anglo-American ballads, songs of strife and freedom, love songs and much much more are all gathered here in arrangements suitable for the beginning and intermediate player. The songs come from all over old books and sheet music transcriptions from field recordings but mostly from the singing of countless folks in kitchens and festival hallways, street corners and concert stages. Songs include Poor Wayfaring Stranger, Tenting Tonight Don't Let Your Deal Go Down, Oh Death, Careless Love and many many more. Tunings used include D A D and D A A as well as C G C and C G G and several modal tunings. All are playable on any three or four stringed dulcimer. Some use a 6 1 2 fret. Includes information on reading music and TAB notes on transposing and a useful index of songs by tuning. In standard notation and TAB with guitar chords. *Mel Bay Presents The Victorian Dulcimer* Rosamond Campbell, 1992-01-01 *Mel Bay's Complete Dulcimer Handbook* Mark Biggs, 2003-11 This book was written as a basic guide and source book for all dulcimer players from the absolute novice to the most advanced picker. With its 53 songs in various modes and tunings, *The Complete Dulcimer Handbook* is meant to be used as a songbook, a lesson plan book and a step by step guide from beginner to intermediate or advanced level. The author's basic premise is that given this instrument's relatively brief pedagogical history, there are no right or wrong ways to play the mountain dulcimer, only harder or easier means of reaching the same ends. The stereo CD features the author's outstanding performance of 17 tunes from the book. **School of Dulcimer** Madeline MacNeil, 2017-11-08 In this new addition to Mel Bay's popular School Of series, MacNeil explains how to sing and accompany on the dulcimer. The book explains different chord types and how to apply them to a variety of songs. Learning backup will also help you hear chord changes and melodic movement which will help you contribute to the song's narrative. Includes access to online audio. *Sing Out*, 1950 *Music Trades*, 1978 *PTM.*, 1978 *Mel Bay's Mountain Dulcimer* Mark Biggs, 1998-08-01 This book is a collection of traditional folksongs, Irish and American fiddle tunes, adaptations of classical pieces and original songs. The songs combine melody lines in standard notation with suggested chords for accompaniment. Unlike Mark's other books, *Mountain Dulcimer* is best appreciated by a player of intermediate to advanced capability who wishes to learn how to add chords behind a melody line or how to use octave and rhythm changes in creating an effective arrangement. *English Songs and Ballads for Appalachian Dulcimer* Mel Bay Publications, Incorporated, **Mel Bay's First Lessons Dulcimer** Joyce Ochs, Mel Bay Publications Inc, 2002 This instruction book for beginning lap dulcimer in DAD tuning is unique in two ways. First it instructs the beginning student in the increasingly popular DAD tuning. Secondly, the author, a classroom music teacher, has carefully and systematically layered the lessons to guide the student through familiar songs while teaching skills and musical concepts. This not only enables the student to enjoy the lap dulcimer but also enhances total music understanding and participation.

The accompanying CD provides instructional dialogue and demonstrations of the techniques and songs included in the book. Additional hints and exercises are presented in an inviting and encouraging conversational text.
