Pageant World History Gerald Leinwand, 1990 Dear students I want to share a dream with you I dreamed that a young person of 14 whom I was going to be teaching would become president of the United States during the first half of the twenty first century As a teacher I was struck by this immense responsibility What should I teach my student about the world as preparation for this awesome task How could my world history class help this person to mature into an intelligent and humane president and leader of the free world *The Patchwork of World History in Texas High Schools* Stephen Jackson, 2022-11-30 This book traces the historical development of the World History course as it has been taught in high school classrooms in Texas a populous and nationally influential state over the last hundred years Arguing that the course is a result of a patchwork of competing groups and ideas that have intersected over the past century with each new framework patched over but never completely erased or replaced the author crucially examines themes of imperialism Eurocentrism and nationalism in both textbooks and the curriculum more broadly The first part of the book presents an overview of the World History course supported by numerical analysis of textbook content and public documents while the second focuses on the depiction of non Western peoples and persistent narratives of Eurocentrism and nationalism It ultimately offers that a more global accurate and balanced curriculum is possible despite the tension between the ideas of professional world historians who often de center the nation state in their quest for a truly global approach to the subject and the historical core rationale of state sponsored education in the United States to produce loyal citizens Offering a new conceptual understanding of how colonial themes in World History curriculum have been dealt with in the past and are now engaged with in contemporary times it provides essential context for scholars and educators with interests in the history of education curriculum studies and the teaching of World History in the United States **Bulletin of the Indiana State Library** Indiana State Library, 1905 Beauty Queens on the Global Stage Colleen Ballerion Cohen, Richard Wilk, Beverly Stoeltje, 2013-09-13 Modern beauty contests were invented by P T Barnum in the United States but in the 20th century pageants and contests have spread across the entire world from Nepal to Tierra Del Fuego Why are women and sometimes men in drag parading on stage such a universally appealing spectacle attracting an audience in the billions This book is the first global comparison of pageants from different parts of the world at the ways each contest is both intensely local and unique and simultaneously global and remarkable repetitious The authors use the latest tools of feminist ethnographic and literary scholarship to unpack and interpret one of the greatest and most universal spectacles of modern times **Politics and the History Curriculum** K. Erikson, 2012-05-31 The politicians and pastors who revised the Texas social studies standards made worldwide headlines Politics and the History Curriculum sets the debate over the Texas standards within a broad context of politics religion media and education providing a clear analysis of these events and recommendations for teachers and policy makers **Monthly Catalog of United States Government Publications** United States. Superintendent of

Documents, 1994 February issue includes Appendix entitled Directory of United States Government periodicals and subscription publications September issue includes List of depository libraries June and December issues include semiannual index **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1973 **Encyclopedia of Recreation and Leisure in America** Gary S. Cross, 2004 Discussed how Americans spend their free time and entertain themselves Essays present perspectives in the fields of American and cultural studies sociology recreation sports leisure studies auctions bloodsports shopping malls and theme parks Bibliography of Colonial Costume, 1923 *Listening for Africa* David F. Garcia, 2017-08-16 David F Garcia examines the work of a wide range of musicians dancers academics and activists between the 1930s and the 1950s to show how their belief in black music s African roots would provide the means to debunk racist ideologies aid decolonization of Africa and ease racial violence *The Publishers' Circular and Booksellers' Record*, 1922 Proceedings of the Suffolk Institute of Archaeology and Natural History Suffolk Institute of Archaeology and Natural History, 1906 **British Books**, 1922 **Publishers' Circular**, 1922 **Staff Bulletin** Peoria Public Library, 1909 Monthly Catalogue, United States Public Documents, 1994 **History Teacher's Magazine**, 1917 Pageants in Great Britain and the United States Caroline Hill Davis, 1916 **Pageants, Parlors, and Pretty Women** Blain Roberts, 2014-03-17 From the South s pageant queens to the importance of beauty parlors to African American communities it is easy to see the ways beauty is enmeshed in southern culture But as Blain Roberts shows in this incisive work the pursuit of beauty in the South was linked to the tumultuous racial divides of the region where the Jim Crow era cosmetics industry came of age selling the idea of makeup that emphasized whiteness and where in the 1950s and 1960s black owned beauty shops served as crucial sites of resistance for civil rights activists In these times of strained relations in the South beauty became a signifier of power and affluence while it reinforced racial strife Roberts examines a range of beauty products practices and rituals cosmetics hairdressing clothing and beauty contests in settings that range from tobacco farms of the Great Depression to 1950s and 1960s college campuses In so doing she uncovers the role of female beauty in the economic and cultural modernization of the South By showing how battles over beauty came to a head during the civil rights movement Roberts sheds new light on the tactics southerners used to resist and achieve desegregation *Historians in Public* Ian Tyrrell, 2005-12 From lagging book sales and shrinking job prospects to concerns over the discipline s narrowness myriad factors have been cited by historians as evidence that their profession is in decline in America Ian Tyrrell s *Historians in Public* shows that this perceived threat to history is recurrent exaggerated and often misunderstood In fact history has adapted to and influenced the American public more than people and often historians realize Tyrrell s elegant history of the practice of American history traces debates beginning shortly after the profession s emergence in American academia about history s role in school curricula He also examines the use of historians in and by the government and whether historians should utilize mass media such as film and radio to influence the general public As

Historians in Public shows the utility of history is a distinctive theme throughout the history of the discipline as is the attempt to be responsive to public issues among pressure groups A superb examination of the practice of American history since the turn of the century Historians in Public uncovers the often tangled ways history makers make history both as artisans and as actors
