Religious Conversion And Identity The Semiotic Analysis Of Texts:

Religious Conversion and Identity Massimo Leone, 2004-06-01 The way in which people change and represent their spiritual evolution is often determined by recurrent language structures Through the analysis of ancient and modern stories and their words and images this book describes the nature of conversion through explorations of the encounter with the religious message the discomfort of spiritual uncertainty the loss of personal and social identity the anxiety of destabilization the reconstitution of the self and the discovery of a new language of the soul The Oxford Handbook of Religious Conversion Lewis R. Rambo, Charles E. Farhadian, 2014-03-06 The Oxford Handbook of Religious Conversion offers a comprehensive exploration of the dynamics of religious conversion which for centuries has profoundly shaped societies cultures and individuals throughout the world Scholars from a wide array of religions and disciplines interpret both the varieties of conversion experiences and the processes that inform this personal and communal phenomenon This volume examines the experiences of individuals and communities who change religions those who experience an intensification of their religion of origin and those who encounter new religions through colonial intrusion missionary work and charismatic and revitalization movements The thirty two innovative essays provide overviews of the history of particular religions including Hinduism Buddhism Confucianism Taoism Sikhism Islam Christianity Judaism indigenous religions and new religious movements The essays also offer a wide range of disciplinary perspectives psychological sociological anthropological legal political feminist and geographical on methods and theories deployed in understanding conversion and insight into various forms of deconversion Introduction to the Semiotics of the Text Gianfranco Marrone, 2021-11-08 This book aims to demonstrate how semiotic models of textual analysis can be used to study any social reality or cultural process In addition it shows how semiotic models work by using examples from everyday life and social praxis communicative processes and modes of consumption online interactions and cross media procedures political experiences and scientific universes *Semiotics of Religion* Robert Yelle, 2012-12-20 Integrates structural and historical perspectives on the semiotics of religion and gives an account of the distinctive features of religious language and symbolism *Semiotics of Religion* Robert A. Yelle, 2012-11-22 Following the heyday of L vi Straussian structuralism in the 1970s 80s little attention has been paid by scholars of religion to semiotics *Semiotics of Religion* reassesses key semiotic theories in the light of religious data Yelle examines the semiotics of religion from structural and historical perspectives drawing on Peircean linguistic anthropology Jakobsonian poetics comparative religion and several theological traditions This book pays particular attention to the transformation of religious symbolism under modernization and the rise of a culture of the printed book Among the topics addressed are ritual repetition and the poetics of ritual performance magic and the belief in a natural iconic language Protestant literalism and iconoclasm disenchantment and secularization Holiness arbitrariness and agency Building from the legacy of structuralism while interrogating several key doctrines of that movement *Semiotics of Religion* both introduces the

field to a new generation and charts a course for future research

Bloomsbury Semiotics Volume 3: Semiotics in the Arts and Social Sciences Jamin Pelkey, Susan Petrilli, Sophia Melanson Ricciardone, 2023-01-12 Bloomsbury Semiotics offers a state of the art overview of the entire field of semiotics by revealing its influence on a wide range of disciplinary perspectives. With four volumes spanning theory, method and practice across the disciplines, this definitive reference work emphasizes and strengthens common bonds shared across intellectual cultures and facilitates the discovery and recovery of meaning across fields. It comprises Volume 1 History and Semiosis, Volume 2 Semiotics in the Natural and Technical Sciences, Volume 3 Semiotics in the Arts and Social Sciences, and Volume 4 Semiotic Movements. Written by leading international experts, the chapters provide comprehensive overviews of the history and status of semiotic inquiry across a diverse range of traditions and disciplines. Together they highlight key contemporary developments and debates along with ongoing research priorities. Providing the most comprehensive and united overview of the field, Bloomsbury Semiotics enables anyone from students to seasoned practitioners to better understand and benefit from semiotic insight and how it relates to their own area of study or research. Volume 3 Semiotics in the Arts and Social Sciences presents the state of the art in semiotic approaches to disciplines ranging from philosophy and anthropology to history and archaeology, from sociology and religious studies to music, dance, rhetoric, literature and structural linguistics. Each chapter goes on to cast a vision for future research priorities, unanswered questions and fresh openings for semiotic participation in these and related fields.

Italian American Pentecostalism and the Struggle for Religious Identity Paul J. Palma, 2019-07-30 While many established forms of Christianity have seen significant decline in recent decades, Pentecostals are currently one of the fastest growing religious groups across the world. This book examines the roots, inception and expansion of Pentecostalism among Italian Americans to demonstrate how Pentecostalism moves so freely through widely varying cultures. The book begins with a survey of the origins and early shaping forces of Italian American Pentecostalism. It charts its birth among immigrants in Chicago as well as the initial expansion fuelled by the convergence of folk Catholic, Reformed, evangelical and Holiness sources. The book goes on to explain how internal and external pressures demanded structure, leading to the founding of the Christian Church of North America in 1927. Paralleling this development was the emergence of the Italian District of the Assemblies of God, the Assemblea di Dio in Italia, Assemblies of God in Italy, the Canadian Assemblies of God and formidable denominations in Brazil and Argentina. In the closing chapters, based on analysis of key theological loci and in lieu of contemporary developments, the future prospects of the movement are laid out and assessed. This book provides a purview into the religious lives of an underexamined but culturally significant group in America. As such, it will be of great interest to scholars of Pentecostalism, Religious Studies and Religious History, as well as Migrations Studies and Cultural Studies in America.

International Handbook of Semiotics Peter Pericles Trifonas, 2015-05-11 This book provides an extensive overview and analysis of current work on semiotics that is being pursued globally in the areas of literature, the visual arts, cultural studies, media, the

humanities natural sciences and social sciences Semiotics also known as structuralism is one of the major theoretical movements of the 20th century and its influence as a way to conduct analyses of cultural products and human practices has been immense This is a comprehensive volume that brings together many otherwise fragmented academic disciplines and currents uniting them in the framework of semiotics Addressing a longstanding need it provides a global perspective on recent and ongoing semiotic research across a broad range of disciplines The handbook is intended for all researchers interested in applying semiotics as a critical lens for inquiry across diverse disciplines

Moral Conversion in Scripture, Self, and Society Krijn Pansters, Anton ten Klooster, 2024-06-04 Moral Conversion in Scripture Self and Society offers a broad historical theological and philosophical reflection on the phenomenon of moral conversion Examining life changing transformations within trajectories of spiritual and moral growth the contributors to this volume show how individuals move or should move in one way or another away from the pursuit of solipsistic satisfactions through the practice of self awareness and the performance of social attentiveness toward the prioritization of shared values Together they address the difficulty of realizing in selves and societies some sort of definitive moral conversion of final turn toward the truly good Contributors are David Couturier Matthew Dugandzic Erik Eynikel Aaron Gies Patrick Jones Angela Knobel Daniel Lightsey Peter Lovas Giulia Lovison Krijn Pansters Hanna Roose Anton ten Klooster Willem Marie Speelman Mark Therrien Luke Togni Brian Treanor Louke van Wensveen Archibald van Wieringen and Jamie Washam

Christianity, Tolerance and Pluralism Michael Jenkins, 2004-08-02 This book provides a sustained critical and theological engagement with arguably the most crucial aspect of contemporary society its diversity The author finds in the social theory of Isaiah Berlin a number of fruitful ways to reframe the debate over these questions and to contribute to a more positive conversation regarding our fundamental differences The book focuses particularly on Berlin s critique of monism and idealistic utopianism arguing that pluralism does not represent a failure in the nature of human society but a superabundance of possibilities in a created world grounded in the character of God Bringing Berlin s thought into conversation with other social theorists philosophers and Christian theologians the book provides leaders and members of faith communities with a viable model to move beyond tolerance as mere forbearance to a grace which consists of respect and radical acceptance of others

The Age of Charisma Jeremy C. Young, 2017 This book demonstrates how the modern relationship between leaders and followers in America grew out of late nineteenth and early twentieth century charismatic social movements

Reading Images and Seeing Words, 2021-11-01 The simultaneously tautological and oxymoronic nature of word image relations has become a subject of massive debate in the post modern period This is not only because of the increasing predominance of word image messages within our modern media saturated culture but also because intellectual disciplines are becoming increasingly sensitized to the essentially hybrid nature of the way we construct meaning in the world The essays in this volume offer an exemplary insight into both aspects of this phenomenon Focussing on both traditional and modern media theatre fiction poetry graphic art cinema the

essays of Reading Images and Seeing Words are deeply concerned to show how it is according to signifying codes rhetoric poetics metaphor that meaning and knowledge are produced Not the least value of this collection is the insight it gives into the multiple models of word image interaction and the rich ambiguity of the tautological and oxymoronic relations they embody

Space and Conversion in Global Perspective, 2014-10-30 Space and Conversion in Global Perspective examines experiences of conversion as they intersect with physical location mobility and interiority The volume s innovative approach is global and encompasses multiple religious traditions Conversion emerges as a powerful force in early modern globalization In thirteen essays the book ranges from the urban settings of Granada and Cuzco to mission stations in Latin America and South India from villages in Ottoman Palestine and Middle Volga Russia to Italian hospitals and city squares and from Atlantic slave ships to the inner life of a Muslim turned Jesuit Drawing on extensive archival and iconographic materials this collection invites scholars to rethink conversion in light of the spatial turn Contributors are Paolo Aranha Emanuele Colombo Irene Fosi Mercedes Garc a Arenal Agnieszka Jagodzi ska Aliocha Maldavsky Giuseppe Marcocci Susana Bastos Mateus Adriano Prospero Gabriela Ramos Rocco Sacconaghi Felicita Tramontana Guillermo Wilde and Oxana Zemtsova

Foucault, Christianity and Interfaith Dialogue Henrique Pinto, 2020-11-25 Foucault Christianity and Interfaith Dialogue develops a new model for interfaith dialogue using the work of the French historian of ideas Michel Foucault The author argues that it is the injustice done to the Other by Roman Catholic Protestant and other centred and unitary models of religious pluralism that allows the introduction of Foucault s de centring of transcendence and human reason as an alternative model for understanding religious diversity and the role it ought to play in the constitution of the self and the making of society This Foucaultian approach provides a new direction for interfaith dialogue in the modern world and leads to an ethical rather than a nihilistic position while fostering a non unitary theology of religious pluralism and an open textured process of self transformation The author s original and imaginative application and expansion of Foucault s concept of the More from The Archaeology of Knowledge 1969 makes important and original contributions to academic work on Foucault and contemporary theology

Law, Culture and Visual Studies Anne Wagner, Richard K. Sherwin, 2013-07-11 The proposed volumes are aimed at a multidisciplinary audience and seek to fill the gap between law semiotics and visuality providing a comprehensive theoretical and analytical overview of legal visual semiotics They seek to promote an interdisciplinary debate from law semiotics and visuality bringing together the cumulative research traditions of these related areas as a prelude to identifying fertile avenues for research going forward Advance Praise for Law Culture and Visual Studies This diverse and exhilarating collection of essays explores the many facets both historical and contemporary of visual culture in the law It opens a window onto the substantive jurisdictional disciplinary and methodological diversity of current research It is a cornucopia of materials that will enliven legal studies for those new to the field as well as for established scholars It is a must read that will leave you wondering about the validity of the long held obsession that reduces

the law and legal studies to little more than a preoccupation with the word

Leslie J Moran Professor of Law Birkbeck College University of London

Law Culture Visual Studies is a treasure trove of insights on the entwined roles of legality and visuality

From multiple interdisciplinary perspectives by scholars from around the world these pieces reflect the fullness and complexities of our visual encounters with law and culture

Identity Crisis Sarah Yoon, 2015-03-17

This book provides a general overview of the identity crises BMB believer from Muslim background women in Jordan go through and reasons for it

Traditionally persecution from family community or the secret police is thought to leave these women with newfound faith

However even before persecution exposes their new faith many initial believers give up seeking the new truth and return to their previous phase due to a serious identity crisis

This phenomenon is found to occur particularly often among female BMBs because of their unique circumstances in the religious and sociocultural contexts of Jordan

Through an examination of BMB women s narratives this book explores how Muslim women form their identities and what they experience in the process of conversion

Conversion and the Politics of Religion in Early Modern Germany David M. Luebke, Jared Poley, Daniel C. Ryan, David Warren

Sabean,2012-05-01 The Protestant and Catholic Reformations thrust the nature of conversion into the center of debate and politicking over religion as authorities and subjects imbued religious confession with novel meanings during the early modern era The volume offers insights into the historicity of the very concept of conversion One widely accepted modern notion of the phenomenon simply expresses denominational change Yet this concept had no bearing at the outset of the Reformation Instead a variety of processes such as the consolidation of territories along confessional lines attempts to ensure civic concord and diplomatic quarrels helped to usher in new ideas about the nature of religious boundaries and therefore conversion However conceptualized religious change conversion had deep social and political implications for early modern German states and societies

Muslim Prisoner Litigation SpearIt,2023-09-19 Since the early 1960s incarcerated Muslims have used legal action to establish their rights to religious freedom behind bars and improve the conditions of their incarceration Inspired by Islamic principles of justice and equality these efforts have played a critical role in safeguarding the civil rights not only of imprisoned Muslims but of all those confined to carceral settings In this sweeping book the first to examine this history in depth SpearIt writes a missing chapter in the history of Islam in America while illuminating new perspectives on the role of religious expression and experience in the courtroom

Forced Baptisms Marina Caffiero,2012 This book makes use of newly available archival sources to reexamine the Roman Catholic Church's policy from the sixteenth to nineteenth centuries of coercing the Jews of Rome into converting to Christianity Marina Caffiero one of the first historians permitted access to important archives sets individual stories of denunciation betrayal pleading and conflict into historical context to highlight the Church's actions and the Jewish response Caffiero documents the regularity with which Jews were abducted from the Roman ghetto and pressured to accept baptism She analyzes why some Jewish men interested in gaining a business advantage were more inclined to accept conversion than the women The book exposes the complexity of relations between the papacy and the Jews revealing the Church not as a monolithic entity but as a network of competing institutions and affirming the Roman Jews as active agents of resistance
