Remembering My Birth Recent And Collected Poems:

Remembering My Birth Alice Lovelace, 1994 *Do You Remember Being Born?* Sean Michaels, 2025-07-29 Timely and lovely The New York Times Stunningly compelling The Walrus Scotiabank Giller Prize winner Sean Michaels luminous new novel takes readers on a lyrical joy ride through seven epic days in Silicon Valley with a tall formidable poet inspired by the real life Marianne Moore and her unusual new collaborator a digital mind just one month old It's both a love letter to and an aching examination of art making family identity and belonging Dear Marian the letter from the Company begins You are one of the great writers of this century At 75 Marian Farmer is almost as famous for her signature tricorne hat and cape as for her verse She has lived for decades in the one bedroom New York apartment she once shared with her mother miles away from any other family dedicating herself to her art Yet recently her certainty about her choices has started to fray especially when she thinks about her only son now approaching middle age with no steady income Into that breach comes the letter an invitation to the Silicon Valley headquarters of one of the world's most powerful companies in order to make history by writing a poem Marian has never collaborated with anyone let alone a machine but the offer is too lucrative to resist and she boards a plane to San Francisco with dreams of helping her son In the Company's serene and golden Mind Studio she encounters Charlotte their state of the art poetry bot and is startled to find that it has written 230 442 poems in the last week though it claims to only like two of them Over the conversations to follow the poet is intrigued confused moved and frightened by Charlotte's vision of the world by what it knows and doesn't know Do you remember being born it asks her Of course Marian doesn't but Charlotte does This is a relationship a friendship unlike anything Marian has known and as it evolves and as Marian meets strangers at swimming pools tortoises at the zoo a clutch of younger poets a late night TV host and his synthetic foam set she is forced to confront the secrets of her past and the direction of her future Who knew that a disembodied mind could help bend Marian's life towards human connection that friendship and family are not just time eating obligations but soul expanding joys Or that belonging to one's art means above all else belonging to the world *An Anthology of World Poetry* Mark Van Doren, 1928 *New and Selected Poems* Philip Appleman, 1996-07-01 Poems discuss the lessons that can be learned from everyday life evolution Bible stories and other subjects **A Junior Anthology of World Poetry** Mark Van Doren, Garibaldi Marto Lapolla, 1929 **Collected Prefaces** Nicholas Hagger, 2022-04-29 Nicholas Hagger's 55 books include innovative works on literature history philosophy and international politics In his first published literary work he revived the Preface which had fallen into disuse after Wordsworth and Shelley He went on to write Prefaces sometimes called Prologues Introductions or Introductory Notes for all his subsequent books *Collected Prefaces* a collection of 55 Prefaces excluding the Preface to this book sets out his thinking and the reader can follow the development of his philosophy of Universalism of which he is the main exponent his literary approach particularly his combination of Romanticism and Classicism which he calls neo Baroque and his metaphysical thinking His Prefaces can be read as essays

and as in T S Eliot's Selected Essays there is an interaction between adjacent Prefaces that brings an entirely new perspective to Hagger's works These Prefaces cover an enormous range Nicholas Hagger is a Renaissance man at home in many disciplines His Universalism focuses on humankind's relationship to the whole universe as reflected in seven key disciplines seen as wholes the whole of literature history philosophy and the sciences mysticism religion international politics and statecraft and world culture Behind all the Prefaces is Hagger's fundamental perception of the unity of the universe as the One and of humankind's position in it These Prefaces complement his Selected Letters a companion volume also published by O Books and contain startling insights that illumine and send readers to the works the Prefaces introduce

Children Remembered

Robert Woods,2006-01-01 Children Remembered discusses the relationship between parents and children in the past It focuses on the ways in which adults responded to the untimely deaths of children whether and how they expressed their grief The study engages with the hypothesis of parental indifference associated with the French cultural historian Philippe Ari s by analysing the changing risk of mortality since the sixteenth century and assessing its consequences It uses paintings and poems to describe feelings and emotions in ways that are not only highly original but also challenge traditional disciplinary conventions The circumstances of infant and child mortality are considered for France and England while example portraits and poems are selected from England and America While the work is firmly grounded in demography it is especially concerned with current debates in social and cultural history with the history of childhood the way pictorial images can be read and the use as historical evidence to which literature may be put This is a wide ranging and ambitious multi disciplinary study that will add significantly to our understanding of demographic structures the ways in which they have conditioned attitudes and behaviour in the past

The Collected Poems of Robert Penn Warren

Robert Penn Warren, 1998-10-01. Winner of the C. Hugh Holman Award. A central figure in twentieth-century American literature, Robert Penn Warren (1905-1989) was appointed by the Library of Congress as the first Poet Laureate of the United States in 1985. Although better known for his fiction, especially his novel *All the King's Men*, it is mainly his poetry, spanning sixty years, fifteen volumes of verse, and a wide range of styles, that reveals Warren to be one of America's foremost men of letters. In this indispensable volume, John Burt Warren's literary executor has assembled every poem Warren ever published, with the exception of *Brother to Dragons*, including the many poems he published in *The Fugitive* and other magazines, as well as those that appeared in his small press works and broadsides. Burt has also exhaustively collated all of

the published versions of Warren's poems which in some cases appeared as many as six different times with substantive revisions in every line as well as his typescripts and proofs. And since Warren never seemed to reread any of his books without a pencil in his hand, Burt has referred to Warren's personal library copies. This comprehensive edition also contains textual notes, lists of emendations, and explanatory notes. Warren was born and raised in Guthrie, Kentucky, where southern agrarian values and a predilection for storytelling were ingrained in him as a young boy. By 1925, when he graduated from Vanderbilt University, he was already the most promising of that exceptional set of poets and intellectuals known as the Fugitives. Warren devoted most of the 1940s and 1950s to writing prose and literary criticism, but from the late 1950s he composed primarily poetry, with each successive volume of verse that he penned demonstrating his rigorous and growing commitment to that genre. The mature visionary power and technical virtuosity of his work in the 1970s and early 1980s emanated from his strongly held belief that only insofar as the work of art establishes and expresses a self can it engage us. Many of Warren's later poems, which he deemed some of his best, rejoice in the possibilities of old age and the poet's ability for continually expanding in a vital process of definition, affirmation, revision, and growth, a process that is the image we may say of the life process.
