Sedaqa and Torah in Postexilic Discourse Susanne Gillmayr-Bucher,Maria Häusl,2017-07-13 The chapters in this volume clarify crucial aspects of Torah by exploring its relationship to sedaqa righteousness Observing the Torah is often considered to be the main identity marker of Israel in the post exilic period However sedaqa is also widely used as a force of group cohesion and as a resource for ethics without references to torah The contributors to this volume explore these crucial themes for the post exilic period and show how they

are related in the key texts that feature them Though torah and sedaqa can have some aspects in common especially when they are amended by aspects of creation both terms are rarely linked to each other explicitly in the Old Testament and if so different relations are expressed These are examined in this book The opening of the book of Isaiah is shown to integrate torah learning into a life of righteousness sedaqa In Deuteronomy sedaqa is shown to refer to torah dictacticism and in the books of Ezra and Nehemiah torah can be understood as symbol of sedaqa meaning the disposition of each individual to accept torah as prescriptive law However the chapters also show that these relationships are not exclusive and that sedaqa is not always linked to torah for in late texts of Isaiah sedaqa is not realized by torah observance but by observing the Sabbath

currents flowing inside you Your mind body and soul are interconnected with each other The way you feel in your mind in the same way you ll feel in your body and in your soul If your mind feels positive energy then both your body and soul will automatically feel the same positive energy Positive in and positive out Negative in and negative out If you develop a positive mindset in your life then you ll always see the positive outcome in your life On the other hand if you develop a negative mindset in your life you ll always see a negative outcome in your life It is like as you sow as you reap Why many people couldn t do well in their lives despite they have their skills and talents The only reason behind is that they have negative mindsets They see negative things in everything Their mindsets are engrossed in the whirlpools of confusions and doubts and ifs and buts and as a result they can t take any initiative in their lives And in the end they start blaming games and give their silly excuses What is the success formula of your life Have you ever asked yourself No The only success formula of your life is to stay positive in every situation of your life no matter whatsoever happens to you
