Rights Politics And Economics:

The Judicial Politics of Economic Integration Osvaldo Saldias, 2013-08-22 The Judicial Politics of Economic Integration analyses development strategies and regional integration in the Andean Community the former Andean Pact focusing on the establishment of the Andean Court of Justice and its case law as well as the intellectual underpinnings that made such an impressive reform possible The court is a transplant taken from the European integration process and it materializes the visions expectations and dreams of the transnational development movement of integration through law The book discusses the outcomes of the Court in light of the debates about judicial reform in the process of development and regional integration Although clearly confirming several earlier claims that one size does not fit all Osvaldo Saldias provides new insights into how legal transplants adapt and evolve and how we can learn much more about legal reform from a project that presumably failed than from successful copies The Andean Court of Justice is a remarkable example of an institution capable of adapting to political and economic challenges therefore in times of a severe European economic crisis we should not forget that we might improve our understanding of European integration by looking at developments in other regions An interesting new study with an international focus this book will be a fascinating read for students and scholars of Law and Latin American Studies

Political Economy for Human Rights Manuel Couret Branco, 2019-06-05 Over time there has been a miscommunication between mainstream economics and human rights that has paved the way to a justificatory ideology that validates the submission of human rights to the logic of market capitalism This book shows how the discourse of mainstream economics is intrinsically opposed to the strengthening of human rights and outlines the principles upon which a human rights based political economy can be built Considering a variety of recognized human rights such as the right to water and sanitation the right to social security the right to work cultural freedom and democracy this book describes how mainstream economics theory conflicts with these rights and explores alternative modes of thinking that incorporate human rights concerns into economics Moreover the book also reflects on the teaching of political economy for human rights It sets out that a political economy favourable to human rights must be pluralist interdisciplinary participatory de commodified non utilitarian and non consequentialist The author proposes that it must not only assume the performative character of economics but also and especially its transformative purpose Political Economy for Human Rights will offer students academics activists and policy makers useful tools to understand some of the main contradictions of contemporary societies and new paths leading to a more just and fraternal world It will also be of great interest to the general public concerned with human rights and economic issues

Food Riots, Food Rights and the Politics of Provisions Naomi Hossain, Patta Scott-Villiers, 2017-09-25 Thousands of people in dozens of countries took to the streets when world food prices spiked in 2008 and 2011 What does the persistence of popular mobilization around food tell us about the politics of subsistence in an era of integrated food markets and universal human rights This book interrogates this period of historical rupture in the

global system of subsistence getting behind the headlines and inside the politics of food for people on low incomes The half decade of 2007-2012 was a period of intensely volatile food prices as well as unusual levels of popular mobilization including protests and riots Detailed case studies are included here from Bangladesh Cameroon India Kenya and Mozambique The case studies illustrate that political cultures and ways of organizing around food share much across geography and history indicating common characteristics of the popular politics of provisions under capitalism However all politics are ultimately local and it is demonstrated how the historic fallout of a subsistence crisis depends ultimately on how the actors and institutions articulate negotiate and reassert their specific claims within the peculiarities of each policy A key conclusion of the book is that the politics of provisions remain essential to the right to food and that they involve unruliness In other words food riots work The book explains how and why they continue to do so even in the globalized food system of the 21st century Food riots signal a state unable to meet a principal condition of its social contract and create powerful pressure to address that most fundamental of failings

Politics, Economics, and Welfare Robert A. Dahl, 2017-09-29 For most of this century the habit of thinking about politics and economics in terms of grand and simple alternatives has exerted a powerful influence over the minds of those concerned with economic organization Politics Economics and Welfare is a systematic attack on the idea of all embracing ideological solutions to complex economic problems

Negotiating Sovereignty and Human Rights Michaelene Cox, 2016-04-22 Providing an overview of institutional developments and innovations in human rights politics this volume discusses some of the most important current and emerging human rights issues It takes stock of the initiatives policy responses and innovations of past years to identify some of the challenges that will likely require bold and innovative solutions The contributors focus on actors and or issues that are outside the mainstream of international human rights politics the chapters address issues that have only emerged as an important part of the international human rights agenda and generated much advocacy diplomacy and negotiations since the end of the Cold War These issues include the International Criminal Court the norm of Responsibility to Protect R2P the proliferation of small arms and light weapons and its human rights impact truth commissions and the rights of persons with disabilities The contributions offer a direct challenge to entrenched notions of state sovereignty and represent a departure from established ways of policy making

Political and Judicial Rights through the Prism of Religious Belief Carl Sterkens, Hans-Georg Ziebertz, 2018-10-24 This innovative volume is focused on the relationship between religion on the one hand and political and judicial rights on the other At a time when the so called checks and balances that guarantee the vulnerable equilibrium between legislative executive and judicial branches of governance are increasingly under pressure this book offers valuable insights It presents empirical work that has measured young people's attitudes and explains the variety found across their views Readers will find answers to the question To what extent do youths in different countries support political and judicial human rights and what influences their attitudes towards these rights The political rights in this question include among others active and

passive voting right the right to protest and the rights of refugees Judicial rights refer in general to the right of a fair trial and include principles like equality before the law the right to independent and impartial judgement the presumption of innocence the right to legal counsel and the privilege against self incrimination Expert contributing authors look at aspects such as religious beliefs and practices personal evaluation of state authorities and personality characteristics The authors discuss contextual determinants for attitudes towards political and judicial rights in both theory and empirical indicators Numerous helpful tables and figures support the written word This book makes an original contribution to research through the empirical clarification of factors that induce or reduce people s support of political and judicial rights It will appeal to graduates and researchers in religious studies philosophy or sociology of religion among other disciplines but it will also interest the general reader who is concerned with matters of human rights and social justice

The International Covenant on Economic, Social and Cultural Rights Ben Saul, David Kinley, Jaqueline Mowbray, 2014-03 Economic social and cultural rights are finally coming of age This book brings together all essential documents materials and case law relating to the International Covenant on Economic Social and Cultural Rights ICESCR one of the most important human rights instruments in international law and its Optional Protocol This book presents extracts from primary materials alongside critical commentary and analysis placing the documents in their wider context and situating economic social and cultural rights within the broader human rights framework There is increasing interest internationally regionally and in domestic legal systems in the protection of economic social and cultural rights The Optional Protocol of 2008 allows for individual communications to be made to the UN Committee on Economic Social and Cultural Rights after its entry into force in 2013 At the regional level socio economic rights are well embedded in human rights systems in Europe Africa and the Americas At the national level constitutions and courts have increasingly regarded socio economic rights as justiciable narrowing the traditional divide with civil and political rights This book contextualises these developments in the context of the ICESCR It provides detailed analysis of the ICESCR structured around its articles drawing on national as well as international case law and materials and containing all of the key primary materials in its extensive appendices This book is indispensable for the judiciary human rights practitioners government legal advisers and agencies national human rights institutions international organisations regional human rights bodies NGOs and human rights activists academics and students alike

Emergence, Entanglement, and Political Economy David J. Hebert, Diana W. Thomas, 2020-12-04 This volume is intended to serve as a review of the next generation of political economy scholars in what can be called the Wagnerian tradition which traces its roots to Buchanan and De Viti De Marco in the 1930s who argued that any decision that results from a political entity must be the product of individual decision makers operating within some framework of formal and informal rules To treat these decisions as if they were the product of one single mind or even simply the additive result of several decisions is to fundamentally misunderstand and mischaracterize the dynamics of collective action Today Richard

Wagner is among the most prominent theorists in analyzing the institutional foundations of the economy and the organization of political decision making In this collection of original essays former students schooled in this tradition offer emerging insights on public choice theory public finance and political economy across a range of topics from voting behavior to entrepreneurship

Human Rights in Transition Nehal Bhuta,2024 Human Rights in Transition combines rich theoretical reflections with practice informed observations about human rights to consider the present the recent and distant past and the future of human rights

Human Rights and Diversity David P. Forsythe,Patrice C. McMahon,2003-01-01 The development and study of human rights have increased significantly over time and have seen an intensified interest at the dawn of the twenty first century Much can be learned about the status of universal human rights by approaching the subject from regional perspectives These diverse vantage points shed new light on the importance and complexity of the issues David P Forsythe and Patrice C McMahon have brought together a collection of essays from top scholars in their fields Each essay examines how a region as defined by geography or culture affects the standards and practice of human rights in a particular area The issues discussed include human rights and child labor in South Asia women s rights in Muslim states the prospects and challenges of human rights in the Middle East the role of women and tradition in Africa and accommodating diversity in Europe The collection also includes essays commenting on the parameters and intersections of international human rights in relation to area studies

Contemporary Germany and the Fourth Wave of Far-Right Politics Manès

Weisskircher,2023-09-28 This volume provides a state of the art analysis on the fourth wave of far right politics in Germany by leading scholars in the field Innovatively the book focuses not only on the role of the electoral breakthrough of AfD the Federal Republic s first ever nationally established far right party but also on the many crucial instances of non party activism such as the New Right intellectual circles PEGIDA street protest and political violence For a long time Germany was regarded as an exceptional case because of the lack of an established far right party on the national level Times have changed but Germany still remains unique The book highlights four features that continue to make the case exceptional within Western Europe I The strong diversity of vibrant far right political players in Germany and their many interconnections II the electoral success of AfD i e the delayed electoral breakthrough of a far right party on the national level III the importance of militant democracy specifically how established players have responded to AfD and IV the relevance of the east west divide for understanding far right politics in Germany Contributions on these topics highlight the broader theoretical relevance of the analysis of the German far right connecting to many research questions that have occupied scholars also in other contexts The book is essential reading for all those with an interest in the far right German and European politics as well as in the interconnections between political parties social movements and subcultural milieus

The Un Commission On Human Rights Howard Tolley Jr,2019-07-11 In 1946 the United Nations Commission on Human Rights became the first international body empowered to promote global human rights During its first twenty years the

Commission established most of the contemporary standards of human rights Increased social awareness in the 1960s enabled the Commission to respond to specific complaints from individuals and nongovernmental organizations and to pressure offending governments by using various measures that ranged from exhortation and mediation to sanctions designed to isolate violators These enforcement activities have increased the Commission's visibility and have dramatically transformed its operation Dr Tolley's thematic history of the Commission offers important insights into states' political conduct in international human rights organizations the evolving legal and institutional means of preventing human rights violations and the difficulties encountered when an intergovernmental body is pressed to provide impartial protection to citizens against abuse by their own government

Political Economy of Labour, Income Distribution & Exclusion

Christos Papatheodorou, Savaş Çevik, Dimitris Paitaridis, Güneş Yılmaz, 2018-12-15 This volume includes 11 chapters based on papers presented at the 9th International Conference of Political Economy ICOPEC 2018 that was co-organised by the Greek Association for Political Economy the Department of Social Policy of Panteion University and the Faculty of Economics of Marmara University Chapters adopt a political economy approach to discuss and analyse crucial issues linked to social and economic inequalities poverty and deprivation as well as to labour market changes These are issues which are greatly affected by the recent economic crisis and by the neoliberal policies for fiscal discipline reduce of public spending and labour market deregulation that were implemented to most countries and particularly to those where the consequences of the crisis were more severe

Political, Economic and Legal Effects of Artificial Intelligence Georgios I. Zekos, 2022-03-07 This book presents a comprehensive analysis of the alterations and problems caused by new technologies in all fields of politics It further examines the impact of artificial intelligence AI on the nexus between politics economics and law The book raises and answers several important questions What is the role of AI in politics Are people prepared for the challenges presented by technical developments How will AI affect future politics and human society How can politics and law deal with AI's disruptive technologies What impact will AI and technology have on law How can efficient cooperation between human beings and AI be shaped Can artificial intelligence automate public decision making Topics discussed in the book include but are not limited to digital governance public administration digital economy corruption democracy and voting legal singularity separation of power constitutional rights GDPR in politics AI personhood digital politics cyberspace sovereignty cyberspace transactions and human rights This book is a must read for scholars and students of political science law and economics as well as policy makers and practitioners interested in a better understanding of political legal and economic aspects and issues of AI

Political Economics Torsten Persson, Guido Tabellini, 2002-01-25 What determines the size and form of redistributive programs the extent and type of public goods provision the burden of taxation across alternative tax bases the size of government deficits and the stance of monetary policy during the course of business and electoral cycles A large and rapidly growing literature in political economics attempts to answer these questions But so far there is little consensus on the

answers and disagreement on the appropriate mode of analysis Combining the best of three separate traditions the theory of macroeconomic policy public choice and rational choice in political science Torsten Persson and Guido Tabellini suggest a unified approach to the field As in modern macroeconomics individual citizens behave rationally their preferences over economic outcomes inducing preferences over policy As in public choice the delegation of policy decisions to elected representatives may give rise to agency problems between voters and politicians And as in rational choice political institutions shape the procedures for setting policy and electing politicians The authors outline a common method of analysis establish several new results and identify the main outstanding problems

Leadership: Political-economic, Regional Business And Socio-community Contexts Tai Wei Lim, 2020-03-20 Political leadership styles in East Asian states are shaped and influenced by a number of domestic factors These factors include the type of political system that an East Asian state adopted from their days of independence and decolonization There is a diverse array of political systems in the region ranging from Western style liberal democracies like Japan and South Korea to autocratic one party states like North Korea Most other East Asian countries adopt systems somewhere in between these two polar ends This volume begins with a macro political perspective of leadership It then looks at case studies of political leadership and the factors that influence the shape and outcome of leadership styles in the region The book also examines the concept of community leadership and its impact on community well being Several specific case studies are examined in depth While examining political leadership from a macro theoretical and empirical perspective the book also adopts historical anthropological perspectives to analyse case studies The case studies also examine policy formulation and implementation to look at the role of government in handling community level issues Finally the book focuses on economic leadership in international political economy and global business

Studying Hong Kong: 20 Years Of Political, Economic And Social Developments Tai Wei Lim, Tuan Yuen Kong, 2018-05-02 This book captures the essence of Hong Kong's development in the past two decades from 1997 to 2017 It is broken into four parts economics society politics and culture Hong Kong's role remains as a gateway for global trading houses businessmen investors and traders Hong Kong continues to be an open economy and has stuck to free trade policies as one of the former four successful tiger economies in East Asia In the political and international relations realm this book examines Hong Kong's relations with China other major powers and the world at large It also covers domestic developments including legal developments Other chapters in the book examine cultural developments in Hong Kong from specific case studies of iconic animation character to trans boundary popularity of Hong Kong popular culture in China With contributions from Alvin CAMBA Henry CHAN Yoshihisa GODO Wing Lok HUNG Sean KING Tuan Yuen KONG Tai Wei LIM Carol MA Samantha MA Parama SINHA PALIT Zhengqi PAN SIM Japanese Culture and Gaming Society Hiroshi TAKAHASHI Ghim Yeow TAN Katherine TSENG Elim WONG Kai Keat YEO and Chun Wang YEUNG this book provides a snapshot of Hong Kong in the past twenty years and is a fascinating read

The Oxford Handbook of Transnational Feminist Movements Rawwida

Baksh, Wendy Harcourt, 2015-03-25 The Oxford Handbook of Transnational Feminist Movements explores the historical political economic and social contexts in which transnational feminist movements have emerged and spread and the contributions they have made to global knowledge power and social change over the past half century The publication of the handbook in 2015 marks the fortieth anniversary of the United Nations International Women's Year the thirtieth anniversary of the Third World Conference on Women held in Nairobi the twentieth anniversary of the Beijing Declaration and Platform for Action and the fifteenth anniversaries of the Millennium Development Goals and of UN Security Council Resolution 1325 on women peace and security The editors and contributors critically interrogate transnational feminist movements from a broad spectrum of locations in the global South and North feminist organizations and networks at all levels local national regional global and global wider civil society organizations and networks governmental and multilateral agencies and academic and research institutions among others The handbook reflects candidly on what we have learned about transnational feminist movements What are the different spaces from which transnational feminisms have operated and in what ways How have they contributed to our understanding of the myriad formal and informal ways in which gendered power relations define and inform everyday life To what extent have they destabilized or transformed the global hegemonic systems that constitute patriarchy From a position of fifty years of knowledge production activism working with institutions and critical reflection the handbook recognizes that transnational feminist movements form a key epistemic community that can inspire and provide leadership in shaping political spaces and institutions at all levels and transforming international political economy development and peace processes The handbook is organized into ten sections each beginning with an introduction by the editors The sections explore the main themes that have emerged from transnational feminist movements knowledge theory and praxis organizing for change body politics health and well being human rights and human security economic and social justice citizenship and statebuilding militarism and religious fundamentalisms peace movements UNSCR 1325 and postconflict rebuilding feminist political ecology and digital age transformations and future trajectories *The Digital Citizenship in the European Union framework. Political, Economic, Sociological, and Legal Issues* Raffaele Torino, 2024-12-31 Fra i principali risultati del Modulo Jean Monnet La Cittadinanza Digitale per l'Unione Europea coordinato da Raffaele Torino il volume analizza il tema della cittadinanza digitale nel contesto del processo di integrazione europea non solo da una prospettiva giuridica ma anche nei suoi aspetti politici economici e sociologici La scelta metodologica di ricercare e insegnare la Cittadinanza Digitale attraverso una pluralità di approcci epistemologici si rivela la naturale conseguenza dell'attitudine degli studenti di Scienze Politiche a costruire il proprio sapere in maniera multidisciplinare Il volume esplora molteplici sfaccettature della cittadinanza digitale e l'impatto della digitalizzazione sulle relazioni di cittadinanza intese in senso ampio in una realtà in continua evoluzione sebbene ormai non più del tutto nuova di relazioni giuridiche economiche e sociali in cui l'individuo europeo diventa cittadina e cittadino di un mondo digitale DOI 10.13134/9791259774033

Design and Political Dissent Jilly Traganou, 2020-10-27 This book examines through an interdisciplinary lens the relationship between political dissent and processes of designing In the past twenty years theorists of social movements have noted a diversity of visual and performative manifestations taking place in protest while the fields of design broadly defined have been characterized by a growing interest in activism The book s premise stems from the recognition that material engagement and artifacts have the capacity to articulate political arguments or establish positions of disagreement Its contributors look at a wide array of material practices generated by both professional and nonprofessional design actors around the globe exploring case studies that vary from street protests and encampments to design pedagogy and community empowerment projects For students and scholars of design studies urbanism visual culture politics and social movements this book opens up new perspectives on design and its place in contemporary politics

Rights Politics And Economics Introduction

In the digital age, access to information has become easier than ever before. The ability to download Rights Politics And Economics has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Rights Politics And Economics has opened up a world of possibilities. Downloading Rights Politics And Economics provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate

access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Rights Politics And Economics has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Rights Politics And Economics. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Rights Politics And Economics. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Rights Politics And Economics, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Rights Politics And Economics has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
