Russia Poland And The West Essays In Literary And Cultural History:

Russia, Poland and the West. Essays in Literary and Cultural History Waclaw Lednicki, 1964 **Russia, Poland, and the West** Waclaw Lednicki, 1954 The History of Polish Literature, Updated Edition Czeslaw Milosz, 1983-10-24 This book is a survey of Polish letters and culture from its beginnings to modern times Czeslaw Milosz updated this edition in 1983 and added an epilogue to bring the discussion up to date An Introduction to Russian History Robert Auty, Dimitri Obolensky, 1976 **New Essays on Dostoyevsky** Malcolm V. Jones, Garth M. Terry, 1983-03-31 This book comprises essays to mark the centenary of Dostoyevsky's death in 1881 The first part considers specific works and the second part ranges more widely over aspects of the great novelist's work including essays on Dostoyevsky as philosopher on his religious thought and on formalist and structuralist approaches to his work **Facets of Russian Irrationalism between Art and Life**, 2016-04-08 Russia is an enigmatic mysterious country situated between East and West not only spatially but also mentally Or so it is traditionally perceived in Western Europe and the Anglophone world at large One of the distinctive features of Russian culture is its irrationalism which revealed itself diversely in Russian life and thought literature music and visual arts and has survived to the present day Bridging the gap in existing scholarship the current volume is an attempt at an integral and multifaceted approach to this phenomenon and launches the study of Russian irrationalism in philosophy theology literature and the arts of the last two hundred years together with its reflections in Russian reality Contributors Tatiana Chumakova David Gillespie Arkadii Goldenberg Kira Gordovich Rainer Gr bel Elizabeth Harrison Jeremy Howard Aleksandr Ivashkin Elena Kabkova Sergei Kibal nik Oleg Kovalov Alexander McCabe Barbara Olaszek Oliver Ready Oliver Smith Margarita Odesskaia Ildik M ria R cz Lyudmila Safronova Marilyn Schwinn Smith Henrieke Stahl Olga Stukalova Olga Tabachnikova Christopher John Tooke and Natalia Vinokurova **Fiction and Society in the Age of Pushkin** William Mills Todd, 1986 Todd describes the ideology of the educated westernized gentry then charts the possibilities for literary life first patronage the salons popular literature then rapid emergence of an incipient literary profession He explores the interactions of literature and society as writers discovered their own milieu and were discovered by it *Russia and Eastern Europe, 1789-1985* Raymond Pearson, 1989 The Routledge History Handbook of Central and Eastern Europe in the Twentieth Century Włodzimierz Borodziej, Ferenc Laczó, Joachim von Puttkamer, 2020-08-02 Intellectual Horizons offers a pioneering transnational and comparative treatment of key thematic areas in the intellectual and cultural history of Central and Eastern Europe in the twentieth century For most of the twentieth century Central and Eastern European ideas and cultures constituted an integral part of wider European trends However the intellectual and cultural history of this diverse region has rarely been incorporated sufficiently into nominally comprehensive histories of Europe This volume redresses this underrepresentation and provides a more balanced perspective on the recent past of the continent through original critical overviews of themes ranging from the social and conceptual history of intellectuals and histories of political thought and

historiography to literary visual and religious cultures to perceptions and representations of the region in the twentieth century While structured thematically individual contributions are organized chronologically They emphasize where relevant generational experiences agendas and accomplishments while taking into account the sharp ruptures that characterize the period The third in a four volume set on Central and Eastern Europe in the twentieth century it is the go to resource for understanding the intellectual and cultural history of this dynamic region *Intermarium* Marek Jan Chodakiewicz, 2017-09-08 History and collective memories influence a nation its culture and institutions hence its domestic politics and foreign policy That is the case in the Intermarium the land between the Baltic and Black Seas in Eastern Europe The area is the last unabashed rampart of Western Civilization in the East and a point of convergence of disparate cultures Marek Jan Chodakiewicz focuses on the Intermarium for several reasons Most importantly because as the inheritor of the freedom and rights stemming from the legacy of the Polish Lithuanian Ruthenian Commonwealth it is culturally and ideologically compatible with American national interests It is also a gateway to both East and West Since the Intermarium is the most stable part of the post Soviet area Chodakiewicz argues that the United States should focus on solidifying its influence there The ongoing political and economic success of the Intermarium states under American sponsorship undermines the totalitarian enemies of freedom all over the world As such the area can act as a springboard to addressing the rest of the successor states including those in the Caucasus Central Asia and the Russian Federation Intermarium has operated successfully for several centuries It is the most inclusive political concept within the framework of the Commonwealth By reintroducing the concept of the Intermarium into intellectual discourse the author highlights the autonomous and independent nature of the area This is a brilliant and innovative addition to European Studies and World Culture
