Buck Terry Tempest Williams Alex Lowe R Mark Liebenow Peter Croft Diane Arbus T S Eliot Richard Hovey Wendell Berry Helen Keller Norman Clyde Yvon Chouinard Scot Miller Howard Thurman Robert Browning Lito Tejada Flores Corita Kent Joseph Campbell Sigurd F Olson Frosty Wooldridge **John Muir** Sally M. Miller,Daryl Morrison,2005 New information on the life of the famed environmentalist presented in 2001 at the John Muir Institute hosted by the John Muir Center Alaska Days with John Muir S. Hall Young,2014-08-04 IN the summer of 1879 I was stationed at Fort Wrangell in southeastern Alaska very green and very fresh to do what I could towards establishing the white man s civilization among the Thlinget Indians I had very many things to learn and many more to unlearn Thither came by the monthly mail steamboat in July to aid and counsel me in my work three men of national reputation Dr Henry Kendall of New York Dr Aaron L Lindsley of Portland Oregon and Dr Sheldon Jackson of Denver and the West Standing a little apart from them as the steamboat drew to the dock his peering blue eyes already eagerly scanning the islands and mountains was a lean sinewy man of forty with waving reddish brown hair and beard and shoulders slightly stooped He wore a Scotch cap and a long gray tweed ulster which I have always since associated with him and which seemed the same garment unsoiled and unchanged that he wore later on his northern trips He was introduced as Professor Muir the Naturalist Henry Thoreau and John Muir Among the Native Americans Richard F. Fleck,2015-05-12 No two persons in the United States have written with as much passion and power about the bond between human beings and the natural world as Thoreau of WALDEN and Muir of MOUNTAINS OF CALIFORNIA For both Native Americans best exemplified the innate need of the human spirit to merge with the primal wilderness This is the first book to treat together and in depth these two great students of our natural America to explore Native American influence on the development not only of their but America s natural philosophies and environmental awareness **John Muir** John Muir,2013 Scottish naturalist John Muir 1838 1914 helped spark the modern environmental movement Living for months and even years in the wilderness he experienced a deep communion with the sacred and his contemplations on the natural world are filled with mystical intuitions of God s reality This volume contributes to a strain of spirituality that finds an echo in today s environmental movements **Call of the Mountains** Ann Olander,Farley Olander,2005 Although Southern California s mountain ranges are only partially wilderness they bring wonder into our daily lives even from a distance I wrote this book to remind us of this wonder to champion the mountains beauty and inspire their protection In addition I wrote this book for people around the world to know a seldom heralded dimension of Southern California Several years ago I couldn t find such a book to show Swiss friends Also I ve always wanted to show our mountains beauty to friends and relatives across the country to come and visit them vicariously Call of the Mountains is for you who can t get to the mountains but glimpse them from afar and feel their wonder Last I wrote this book for you who already know these streams canyons and peaks For you the following pages will jog memories of special places and occasions that are yours alone My Story and the stories of people I met takes us along trails to historic areas sparkling waterfalls pristine meadows and the highest peaks **Always**

the Mountains David Rothenberg, 2007-04-01 David Rothenberg is one of our most eloquent observers of the interplay between nature culture and technology These nineteen pieces exemplify what has been called Rothenberg's amiable mix of interests styles and approaches In settings that range from wildest Norway to his own front porch in upstate New York Rothenberg discusses the Hudson River School of painters the hazy provenance of Chief Seattle's famous speech ecoterrorism suburbia the World Wide Web and much more He asks if we can save a place less obtrusively than by turning it into a park He muses on the plight of a pacifist beset by a swarm of mosquitoes He ascends Mt Ventoux with Petrarch and Mt Katahdin with Thoreau In *Always the Mountains* Rothenberg dares us to enjoy the fundamental uncertainty that grounds human existence to wean ourselves from the habit of simple answers and embrace the world's vastness John of the Mountains John Muir, 1979 John Muir America's pioneer conservationist and father of the national park system was a man of considerable literary talent As he explored the wilderness of the western part of the United States for decades he carried notebooks with him narrating his wanderings describing what he saw and recording his scientific researches This reprint of his journals edited by Linnie Marsh Wolfe in 1938 and long out of print offers an intimate picture of Muir and his activities during a long and productive period of his life The sixty extant journals and numerous notes in this volume were written from 1867 to 1911 They start seven years after the time covered in *The Story of My Boyhood and Youth* Muir's uncompleted autobiography The earlier journals capture the essence of the Sierra Nevada and Alaska landscapes The changing appearance of the Sierras from Sequoia north and beyond the Yosemite enthralled Muir and the first four years of the journals reveal his dominating concern with glacial action The later notebooks reflect his changes over the years showing a mellowing of spirit and a deep concern for human rights Like all his writings the journals concentrate on his observations in the wilderness His devotion to his family his many warm friendships and his many sided public life are hardly mentioned Very little is said about the quarter century battle for national parks and forest reserves The notebooks record in language fuller and freer than his more formal writings the depth of his love and transcendental feeling for the wilderness The rich heritage of his native Scotland and the unconscious music of the poetry of Burns Milton and the King James Bible permeate the language of his poetic fancy In his later life Muir attempted to sort out these journals and at the request of friends published a few extracts A year after his death in 1914 his literary executor and biographer William Frederick Bad also published episodes from the journals Linnie Marsh Wolfe set out to salvage the best of his writings still left unpublished in 1938 and has thus added to our understanding of the life and thought of a complex and fascinating American figure
