

Scale Technic

Explanations of Signs used in this Book

	Down bow		Finger to be held on string		Third of bow
	Up bow		Whole bow		Middle of bow
	Upward Shift		Half bow		Upper
	Downward Shift		Point of bow		Lower
	Semitone		Frog of bow		

The fingers should remain on the strings whenever possible. When crossing from one string to another, the finger stopping the first note of the two, between which the change of string occurs, must retain its stoppage until the bow has passed to the next string and the note on that string sounded.

Scales should be practiced slowly, with a clear and even tone throughout the length of the stroke, and the change of stroke must be made very smoothly.
