Scandinavian Design 2 Product Design:

Industrial Design Denis Coelho, 2011-11-09 A new breed of modern designers is on the way These non traditional industrial designers work across disciplines understand human beings as well as business and technology thus bridging the gap between customer needs and technological advancement of tomorrow This book uncovers prospective designer techniques and methods of a new age of industrial design whose practitioners strive to construct simple and yet complex products of the future The novel frontiers of a new era of industrial design are exposed in what concerns the design process in illustrating the use of new technologies in design and in terms of the advancement of culturally inspired design The diverse perspectives taken by the authors of this book ensure stimulating reading and will assist readers in leaping forward in their own practice of industrial design and in preparing new research that is relevant and aligned with the current challenges of this fascinating field

Branding and Product Design Monika Hestad, 2016-04-15 Why do winning brands appear to be more creative and authentic than less successful ones Despite the strong link between famous brands and the products sold under their name there is still a gap in understanding the relationship between product design and brand building Monika Hestad plugs that gap Branding and Product Design discusses key questions about the link between product and brand and about design processes and innovation It examines these questions on both macro and micro levels and provides the reader with tools to help understand the role of products in building a brand and how to bring the brand and the product design process together These are based on the author's research into branding and product design her years of teaching these topics and her own industrial practice Qualitative interviews delivering an insider perspective on major brands bring abstract concepts to life The book includes case studies from well known and up and coming brands and will prove invaluable to design practitioners marketers managers and other professionals working close to designers It will also benefit those teaching and studying particularly if they are involved in the new higher education programmes where business schools and design schools are co operating to reflect the intersection between design and branding

Designing Modern Norway Kjetil Fallan, 2016-09-19 Designing Modern Norway A History of Design Discourse is an intellectual history of design and its role in configuring the modern Norwegian nation state Rather than a conventional national design history survey that focuses on designers and objects this is an in depth study of the ideologies organizations strategies and politics that combined might be said to have designed the modern nation's material and visual culture The book analyses main tropes and threads in the design discourse generated around key institutions such as museums organisations and magazines Beginning with how British and continental design reform ideas were mediated in Norway and merged with a nationalist sentiment in the late nineteenth century Designing Modern Norway traces the tireless and wide ranging work undertaken by enthusiastic and highly committed design professionals throughout the twentieth century to simultaneously modernise the nation by design and to nationalise modern design Bringing the discussion up towards the present the book concludes with an

examination of how Norway's new found wealth has profoundly changed the production, mediation and consumption of design

Design Creativity 2010 Toshiharu Taura, Yukari Nagai, 2010-11-04 What is design creativity? It is impossible to answer this question without considering why human beings can and do design. Design creativity is instrumental in not only addressing social problems faced across the world but also evoking an innate appreciation for beauty and a sense of personal contentment. Design Creativity 2010 comprises advanced research findings on design creativity and perspectives on future directions of design creativity research. The papers included were presented and discussed at the first ICDC International Conference on Design Creativity which was held at Kobe, Japan in 2010. Design Creativity 2010 encourages readers to enhance and expand their activities in the field of design creativity.

eVolo Skyscrapers 2 Carlo Aiello, 2014-05-01 This publication is the follow up to the highly acclaimed book eVolo Skyscrapers. 150 new skyscrapers submitted to the eVolo Skyscraper Competition are categorized and examined. These super tall structures take into consideration the advances in technology, the exploration of sustainable systems and the establishment of new urban and architectural methods to solve economic, social and cultural problems of the contemporary city including the scarcity of natural resources and infrastructure and the exponential increase of inhabitants, pollution, economic division and unplanned urban sprawl.
