**Dyslexia Training Program. What Works Clearinghouse Intervention Report** What Works Clearinghouse (ED), 2010 The Dyslexia Training Program developed at the Texas Scottish Rite Hospital for Children is a Tier III reading intervention program that provides intensive phonics instruction to children with dyslexia primarily in grades two through five It is a comprehensive two year program that bridges the gap for school districts in which a trained dyslexia therapist or appropriately trained teacher is not available The video series offers classroom instruction while an onsite facilitator provides attention to individual needs and observes progress in the classroom The program teaches reading and spelling through multisensory lessons with a strong emphasis on phonemic awareness and alphabetic code knowledge However no studies of the Dyslexia Training Program that fall within the scope of the Students with Learning Disabilities review protocol meet What Works Clearinghouse WWC evidence standards The lack of studies meeting WWC evidence standards means that at this time the WWC is unable to draw any conclusions based on research about the effectiveness or ineffectiveness of the Dyslexia Training Program on students with learning disabilities Contains 3 footnotes *Dyslexia for a Day* Dyslexia Training Institute, 2012-01-01 **An Analysis of the Effects of Using the Dyslexia Training Videotaped Program to Teach**

**Reading with Dyslexia** Gerald Hughes,2020-09-11 READING WITH DYSLEXIA is a Do It Yourself Guide to reading and writing in the face of dyslexia and dyslexic related symptoms READING WITH DYSLEXIA contains specific techniques and exercises to improve reading writing and spelling almost immediately Each technique and exercise are explained in detail I can't emphasize enough that this is a VERY CONCISE short PROGRAM There is no need to rush Just follow the steps to begin reading easier faster and with more enjoyment The most important thing to keep in the back of your mind is to RELAX AND ENJOY your new reading experience READING WITH DYSLEXIA is the culmination of 10 years of research and development at the Neuro Linguistic Learning Center in Northern California Neuro Linguistic Learning Center was founded in 2006 by Gerald Hughes Its principle mission was and is to help students struggling with the effects of Dyslexia ADHD and Autism Spectrum Disorders It was out of this mission that the Reading with Dyslexia program was born Reading with Dyslexia is a step by step easy to implement process that addresses the four principle issues or subtypes underlying most reading struggles These four issues are Stress Focus and Attention Sensory Integration Visual Perception Auditory Perception NLC research showed us again and again that when these four issues are addressed most reading struggles virtually disappear

With most remedial reading systems struggling readers were required to spend hundreds of hours on phonics drills and remedial reading practice Using the techniques in Reading with Dyslexia many struggling readers can increase their comprehension and retention in just the first few hours of practice Reading with Dyslexia was NOT designed for normal readers Reading with Dyslexia was specifically designed to address the unique Profile for Perceiving and Processing Sensory Information associated with the most common reading struggles The Reading with Dyslexia step by step program is easily self administered by teens and adults Younger children are easily coached through the program by a parent or teacher The ONLY requirement for success is to get started A modest investment of only thirty minutes a day for five consecutive days will absolutely yield positive results To Parents By the time you read this book it is likely that you have already tried one or more interventions for your child's reading struggles without satisfaction You may or may not have an official diagnosis You may have already invested a significant amount of time and energy and money into your child's reading struggles And by now both you and your child may be feeling discouraged or hope less In Reading with Dyslexia we have a variety of exercises to accommodate different ages and abilities You may ask how do I know what exercise to use As the Parent or supervising coach you can either start with the first easiest exercise or pick the exercise that seems appropriate Take your cues from the student If an exercise seems too easy move on to the next If an exercise seems too difficult STOP and go back to an easier one Always be watchful for signs of fear stress anxiety frustration and resistance These are all indications that it is time to STOP back up take a break DON'T JUST KEEP GOING Our goal for every session and every exercise is to begin and end on a high note We want to BUILD CONFIDENCE We want to BUILD SELF ESTEEM While no reading program can guarantee success Reading with Dyslexia may be the answer to your prayers primarily for one very important reason It is our experience that by following this simple ten step program you can change your child's life
