Spheres of Philosophical Inquiry and the Historiography of Medieval Philosophy John Inglis,1998-04-09 Recent writers in the historiography of philosophy have placed into question the paradigms that structure our historical writing This volume continues this discussion with particular reference to medieval philosophy Inglis shows that the modern historiography of medieval philosophy had its origins in certain nineteenth century German reactions to Kantian idealism He uncovers the philosophical political and theological origins of how we have come to interpret medieval philosophy according to the standard spheres of philosophy By keeping such historiography in mind and paying attention to the context in which the medieval actually wrote Inglis raises serious questions concerning the accuracy of the dominant model and proposes an historically sensitive alternative The genealogy will interest medievalists and intellectual historians the alternative model will interest historians of medieval philosophy and theology      *Action and Person: Conscience in Late Scholasticism and the Young Luther* Baylor,2022-03-07      Christian Philosophy Craig G.

Bartholomew, Michael W. Goheen, 2013-10-15 This third book in a series of successful introductory textbooks by Craig Bartholomew and Michael Goheen builds on their previous projects *The Drama of Scripture* and *Living at the Crossroads* to offer a comprehensive narrative of philosophical thought from a distinctly Christian perspective After exploring the interaction among Scripture worldview theology and philosophy the authors tell the story of philosophy from ancient Greece through postmodern times positioning the philosophers in their historical contexts and providing Christian critique along the way The authors emphasize the Reformed philosophical tradition without neglecting other historical trajectories and show how philosophical thought relates to contemporary life

**A Free Corrector** Joshua McNall, 2015-06-01 A Free Corrector evaluates Colin Gunton s treatment of Augustine s legacy on the Trinity and the doctrine of creation Gunton claimed that Augustine s work ultimately contributed to a host of problems for the Western tradition Joshua McNall addresses this in conjunction with Gunton s argument regarding Augustine s afterlife In the end A Free Corrector argues that while Gunton was far too free in his correction of Augustine it is also true that isolated aspects of his Augustinian narrative remain viable

*Fateful Shapes of Human Freedom* Vincent Michael Colapietro, 2003 John William Miller s radical revision of the idealistic tradition anticipated some of the most important developments in contemporary thought developments often associated with thinkers like Heidegger Benjamin Foucault Derrida and Rorty In this study Vincent Colapietro situates Miller s powerful but neglected corpus not only in reference to Continental European philosophy but also to paradigmatic figures in American culture like Lincoln Emerson Thoreau and James The book is not simply a study of a particular philosopher or a single philosophical movement American idealism It is rather a philosophical confrontation with a cluster of issues in contemporary life These issues revolve around such topics as the grounds and nature of authority the scope and forms of agency and the fateful significance of historical place These issues become especially acute given Colapietro s insistence that the only warrant for our practices is to be found in these historically evolved and evolving practices themselves
